DEATH BLAST WRECKS DETROIT FACTORY

AT LEAST TEN KILLED, 3 HURT IN EXPLOSION

Huge Vat of Molten Rubber Lets Go, Hurling Death and Destruction in Every Direction.

VICTIMS BURNED BEYOND RECOGNITION

Detroit, May 15.—At least ten men were killed and three terribly injured in an explosion this forenoon which blew the plant of the Mexican Crude Rubber company to pieces.

There were about twenty-five employees working in the plant. Eleven survivors have been accounted for. Gasoline is believed to have been responsible for the explosion.

Several hours after the accident it was still impossible to learn definitely the number of dead.

Not All Accounted For.

All of the employees could not be accounted for and this led to reports that possibly fourteen had been killed. Officials of the company thought, however, that some of the missing men would be located at their homes later in the day.

Most of the victims were killed through the building. Three other bodies were burned beyond recognition. Three men were removed to a hospital and physicians said they did not expect any of the men would survive.

Dozens of windows in the buildings near the rubber company's plant were shattered.

ZAPATISTAS DEAL BLOW FROM SOUTH

American Warships at Tampico Keep Mexican Gunboats Under Surveillance

Vera Cruz, May 15.—Credible private advices from Mexico City report that the federalists at Tepic, eighteen miles south of the capital, were attacked yesterday by the Zapatistas. No details of the fighting were received, but the incident is regarded as an important development by the authorities here.

Tepic has been the scene of numerous clashes during the last few months and the engagements are usually indecisive since the federalists never attempted to follow the retreating Zapatistas. It is not considered that the new activity there indicates any intention of a Zapata attack on the capital, as the reported engagement between Zapata and Villa to move jointly against Mexico City is credited here.

Kept Under Surveillance.

The reported departure of the federal gunboats from their anchorage with the American ships off Tampico is believed to be the result of a desire on the part of the commanders to communicate with Mexico City from Puerto Mexico, by the only telegraph wire open to them. They are probably seeking instructions as to what disposition to make of the ammunitionless gunboats which are virtually useless since the fall of Tampico. It is understood that the two American destroyers are conveying the gunboats to see that the coastwise lights and other

St. Augustine, Fla., May 15.—The Huerta delegates left here at 1:20 p. m. for Jacksonville. They refused to talk to newspaper men.

Washington, May 15.—The opening of the negotiations of the South American mediators in the Mexican controversy at Niagara Falls, Ont., was today postponed until Wednesday, May 20, the state department announced. The sessions were originally scheduled to begin Monday, May 18.

The delay was arranged at the request of the Brazilian ambassador, Mr. Da Gama, in order that the Mexican delegates to the conference who are speeding northward from Key West today might not be unduly hurried in their trip to Niagara Falls.

The Mexican delegation will reach Washington shortly after noon tomorrow and they will be given an opportunity

MOTHER, SON AND DAUGHTER SLAIN

Shocking Triple Murder is Brought to Light at Grey Ridge, O.

LAD ADMITS CRIME

Ironton, Ohio, May 15.—Mrs. Dennis Massie, her son Robert and daughter Mary were murdered last night at their country home at Grey Ridge, this county, twenty-five miles from Ironton, their bodies being found today. The mother, 75 years old, the son and daughter past 45, were prominently connected in this city; another son, W. E. Massie, being tax commissioner.

Miss Mary Massie was found in the kitchen of the house with her hands tied behind her back and her throat cut. Robert was found in the back yard with his head battered in and the aged mother was found in the front yard with her throat cut and skull crushed.

The police claim that the positions in which the bodies were found strongly indicated an attack on the daughter, the pursuit and murder of the aged mother in the yard and the waylaying and killing of the son near the barn. A search is being made for Harley Beard, aged 21, a man employed on the place.

BEARD MAKES CONFESSION.

Suspect, Arrested in Chicago, Recites Awful Tale.

Chicago, May 15.—Parley Beard, 18 years old, arrested here this afternoon, confessed to the murder of three persons on a farm near Ironton, Ohio, last Thursday.

Beard, with perfect calmness in the presence of detectives, said that he first beat his victim on the head with a stick of wood and then completed the work with a razor. Those he killed were Robert Massie, 45 years old; his sister, Mary, 46 years old, and their mother, Mrs. Nancy Massie, 80 years old. Beard was arrested at the home of his sister, Mrs. D. E. Day, at 1331 West Madison street

THREE DIE WHEN TRAIN HITS AUTO

Triple Tragedy Enacted at Kaufman's, Little Illinois Town.

NONE IN CAR ESCAPE

St. Louis, May 15.—Three persons were killed at Kaufman, Ill., eleven miles east of Edwardsville, Ill., today, when an automobile in which they were riding was struck by a Toledo, St. Louis and Western train. The dead, all of whom lived in Marine, Ill., are:

JOHN STUCKWICH.
MRS. JOHN STUCKWICH.
OSCAR MAURER, brother of Mrs. Stuckwich.

Stuckwich was a bookkeeper in a mill at Marine, Ill. With his wife and brother-in-law he had started for an automobile ride to Jacksonville, Ill.

NO RECEPTION FOR ROOSEVELT

State of Colonel's Health Moves His Family to Make Request.

WILL COME QUIETLY

New York, May 15.—Owing to the state of Col. Theodore Roosevelt's health, members of his family have requested that no public reception similar to the greeting extended to him on his return from his African trip be arranged on his arrival in New York from Brazil next week.

George W. Perkins and W. E. Roosevelt have been urged by many to arrange a public reception for the returning traveler, but have decided to accede to the wishes of Mrs. Roosevelt. It is likely that a yacht will meet the steamer Aiden down the bay and take the colonel off.

The yacht then will steam directly to Oyster Bay. Any reception for the former president will be arranged after his arrival, it was intimated today.

Late Flashes from The Sentinel Wires

North Allerton, Eng.—Two more British army aviators, Lieut. J. Empson and Sergeant Dudmore, were killed here today during a combined flight by a squadron of military aeroplanes.

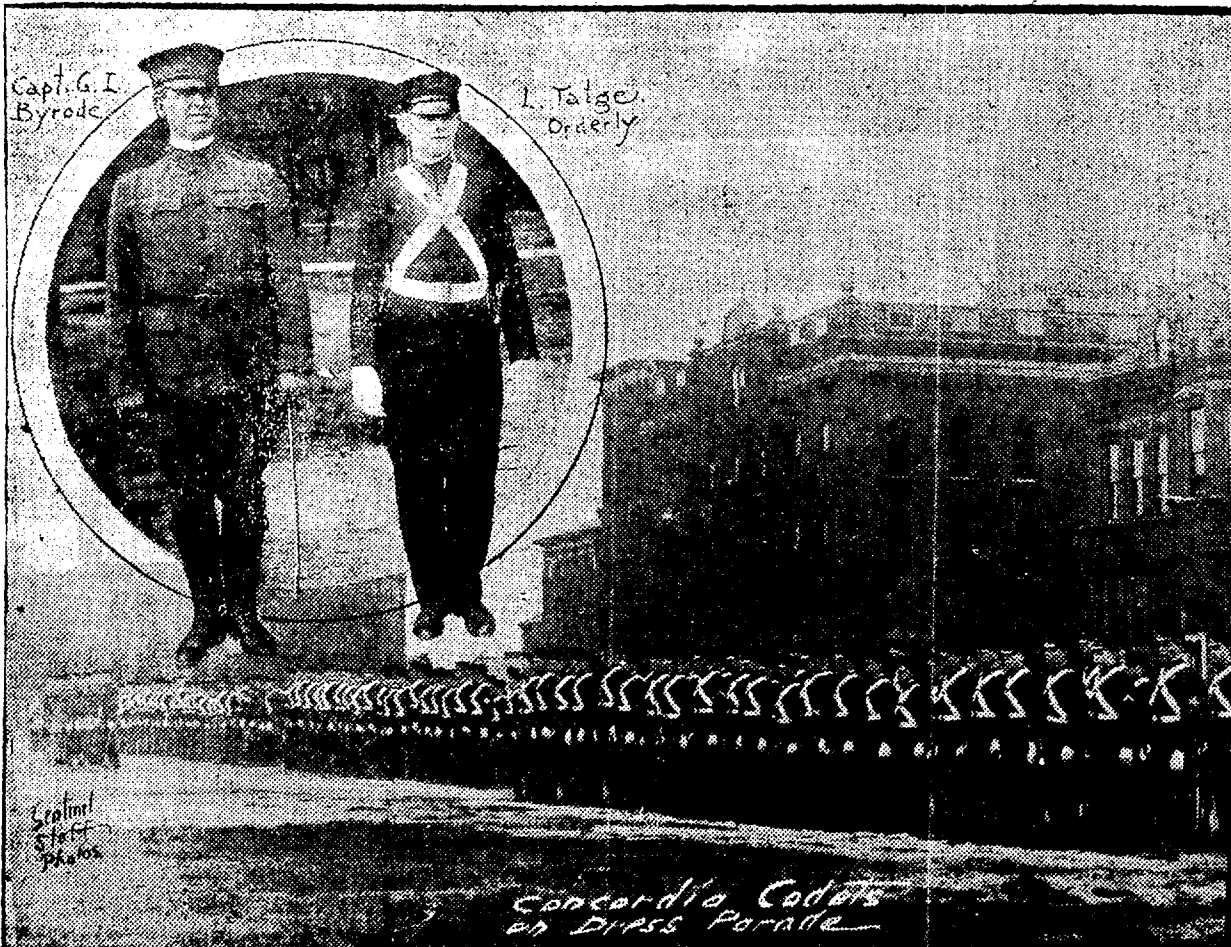

New Westminster, B. C.—Herman Behrens, San Bernardino, Cal., and Frank Davis, this city, were hanged here today for the murder of James Archibald, a policeman, in Vancouver, May 23, 1913.

New York.—Irwin G. Baker arrived here today, having traveled 3,326 miles from San Diego, Cal., on a motorcycle in eleven days, eleven hours and ten minutes.

Hunstanton, Eng.—Miss Cecile Leitch won the British women's golf championship today, defeating Miss Gladys Ravenscroft, woman champion of the United States, by two holes up and one to play.

New York.—Mrs. Thomas J. Preston, formerly Mrs. Grover Cleveland, who has been living for some time abroad, arrived in New York today on the Lusitania for a short stay in this country.

LIED MUCH, BUT MAIN STORY TRUE

That is the Essence of the Cross-Examination of Harry Vallon.

HIS TALE UNSHAKEN

New York, May 15.—Harry Vallon, fellow conspirator with "Bald Jack" Rose and others in the plot which resulted in the murder of Herman Rosenthal, for which Charles Becker is being tried for the second time, underwent the ordeal of cross-examination today.

He admitted that he had lied on many occasions in respect to the murder, but swore that his story of the events leading up to the crime was correct in its essential details. Counsel for the defense fired question after question at the witness in an endeavor to show that his testimony connecting Becker with the conspiracy was false. In no important points, however, was the witness' story broken down.

The first witness at the afternoon session was Isaac D. White, employed by the New York World. He was questioned about a graft expose story that appeared in his paper and which was based on material furnished by Rosenthal.

SHRINERS SEE SAVANNAH.

Nobles at Imperial Council Enjoying Side Trip Today.

Savannah, Ga., May 15.—Members of the Mystic Shrine, arrived here today from Atlanta, where the 1914 conclave is being held. The visitors were entertained at breakfast at various hotels and later were driven over the grand prize automobile race course. A parade and visits to Tybee island and the resorts round out the day. The conclave will end tonight.

STANFORD TREASURER ILL.

Little Hope Exists for Recovery of Charles Lathrop.

Stanford University, Cal., May 15.—Charles Lathrop, treasurer of Stanford university, is seriously ill of diabetes and word was given out by attending physicians today that the chance for his recovery is slight. Lathrop is a brother of the late Mrs. Jane Lathrop Stanford, who, with her husband, the late Leland Stanford, founded the university.

8-YEAR-OLD LAD HELD FOR RANSOM

New York Kidnapers Demand \$5,000 for Return of Frank Lange.

HIS FATHER WARNED

New York, May 15.—The disappearance on Wednesday of eight-year-old Frank Lange, son of a prosperous east-side banker was explained last night when the police gave out a letter received by the child's father, demanding the payment of \$5,000 with instructions to "keep away from the police or your boy will come home to you in a box and harm will come to your family."

The letter was mailed in Brooklyn. Detectives have been assigned to hunt for the boy and his kidnapers. Two years ago the five-year-old son of Cosimo Di Fiori, a baker and a brother-in-law of Lange, was kidnaped and held for ransom. The boy was kept prisoner several weeks and then was found wandering about the streets of Brooklyn.

CHICAGO MAN IS HELD.

Adolph Schmidt Arrested in England on Forgery Charge.

London, May 15.—Adolph Schmidt, alias Kowalskie, who was arrested at the request of the Chicago police when he arrived at Bristol on the liner Royal George from Montreal, was brought up today in the extradition court, charged with forgery.

Schmidt was remanded pending communication with the American embassy and the state department at Washington, as no extradition had been obtained. The accused is being held temporarily on a "conveyance" warrant in the hands of the London police.

WHEELER DECLINES PLACE.

Chicago Man Will Not Be Member of Federal Reserve Board.

Washington, May 15.—Harry A. Wheeler, of Chicago, vice president of the Continental Trust company, has declined a membership upon the federal reserve board. President Wilson has received a letter from Mr. Wheeler expressing his regret that he is unable to accept the appointment recently offered him, because of business connections which he cannot sever.

WIDOW INDICTED IN MURDER CASE

Mrs. Victor Hall, Louisa, Va., Held for Slaying Husband.

SHE BLAMES BURGLAR

Louisa, Va., May 15.—Mrs. Victor Hall, widow of a young merchant, shot to death in his home at Greenspring on April 15, was indicted today for murder by a special grand jury, which had been investigating the crime for five days.

Mrs. Hall, who was in the court house, had been taken into custody on a bench warrant issued by Judge Shackelford, following a second attempt to burn down her home and store, and was at once arrested, protesting her innocence. She was released on \$5,000 bail to appear for trial in July. Judge Shackelford granted bail on condition that Mrs. Hall will not leave Louisa county.

The warrant charges Mrs. Hall shot her husband while he was in bed on the morning of April 15. She declared a burglar shot her husband. The grand jury will be called upon to investigate the burning of the store on April 15, the destruction by fire of the Chesapeake and Ohio railroad station at Greenspring and two attempts to burn down the Hall home.

L. C. Zarbaugh Pulls Off Some Unusual Stunts in Van Wert Hotels and Gets Locked Up.

Van Wert, Ohio, May 15.—L. C. Zarbaugh, of Rockford, was interned in quarters in the city prison here, leaving a pair of astonished, not to say angry, landlords of local hotels. Zarbaugh came to Van Wert several days ago and engaged a room at the Hileman house. Wednesday Landlord Hileman found that Zarbaugh had improvised a music rack and nailed it to a fine oak bedstead, so that he could sit on the edge of the bed and practice, and that he had also emptied the contents of a slop jar over the bedding. He then went to the Hotel Marsh, where he represented that he was a sign painter, engaged in repainting some of the large advertising signs scattered about the country, and secured a room. He was asked if he had any baggage, and replied that he had a large quantity, and accordingly he was shown how to get into the basement and carry his stuff to his room, which was the best in the house, without entering the main door. Late in the afternoon he was seen to carry a fish globe upstairs, which led to an investigation. The sight that met the landlord's eyes when he entered the room was appalling. A large storebox, arranged as a cupboard, had been spiked to the wall, while pennants of various sizes and descriptions completely covered the walls, nails having been used to make them secure. In the cupboard was found a veritable commissary department, consisting of three bags of eggs, an oyster bucket full of vinegar, sugar, crackers, bread, mustard and other articles. The fish globe which first attracted attention to Zarbaugh was found to contain live gold fish, and about three inches of fish food was lying on the bottom. The condition of the room generally indicated that something was radically wrong and the unfortunate man on his return was told that he would have to make other arrangements and the officers were informed.

Zarbaugh left the hotel and walked to the Cincinnati Northern depot, where he evidently hoped to get a train for Lima, as he had expressed an intention in the afternoon of going there to attend a banquet, and had evidently dressed for the occasion, having on two suits of clothes, the outer consisting of white overalls such as painters and paperhangers wear, and a dress coat.

MARRIED TWICE BY RECORD.

Hartford City, Ind., May 15.—It required two marriage licenses to make Aristo de Benedetto, 35, an Italian, and Miss Lulu Patterson, 32, an American man and wife. They bought a second license this week and were married in the office of the county clerk by the deputy, Rev. Lewis Reeves. The first license was taken out a year ago, but because of a divorce decree in which De Benedetto was prohibited from remarrying for a year, the wedding was postponed. When the year expired this week, De Benedetto appeared at the clerk's office and made inquiry regarding the validity of the old license. The clerk looked up the record and found that the couple were supposed to have been married the same day the license was issued.

WIFE WON'T LIVE ON FARM.

Huntington, Ind., May 15.—Charles Schuman, of Wayne township, has filed suit for divorce from his wife, Clara Schuman, in circuit court. The plaintiff says that he is a farmer and capable of earning a competent living in that vocation, but that his wife refuses to live on a farm and is guilty of cruel and inhuman treatment.

IS SENTENCED TO CHURCH.

Wabash, Ind., May 15.—"Eleven days in jail or fifty-two Sundays in church," asked Police Judge Wilson after John Yeater had pleaded guilty to the charge of public intoxication. The prisoner declared the church to be his preference. Then the court made inquiries and found

that Yeater was not affiliated with any religious denomination. Consequently he was compelled to choose a church where he is to attend services for the next year, and he selected the Wesleyan Methodist.

ONCE LIVED IN ALLEN COUNTY.

Huntington, Ind., May 15.—William A. Berry, one of Huntington's most prominent residents, and proprietor of the W. A. Berry & Sons Feed and Sales barn, at Washington and Warren streets, is dead at his home here, 346 West Market street. Death was directly due to heart trouble, although he had suffered from a lung affliction for some time. His condition had been serious for the last week. William A. Berry was born in week. He came to Allen county with his parents in 1848 and in 1856 the family moved to Huntington. With his father, David Berry, who died in 1873, he operated a saw mill at the forks of the Wabash river until 1889.

AN ANTI-NUPTIAL CONTRACT.

Decatur, Ind., May 15.—A marriage license has been issued to Christ Hostetter, farmer, born September 15, 1871, son of John Hostetter, to wed Eliza Hunziker, born February 17, 1889, daughter of Rudolph Hunziker. Both were married before, the groom's marital relations being served by death in 1876 and 1908, and the bride's in 1911. Previous to the securing of a marriage license, they entered into an anti-nuptial contract, whereby each is to retain the property they held at marriage, in their own names and for their own heirs, the bride to get \$500 from the groom's estate. In consideration of the marriage contract (so the contract runs) "each is to treat the other properly and perform their several duties as husband and wife and to be true to each other."

BELIEVES HORSE POISONED.

Bluffton, Ind., May 15.—Harry Little lost a valuable horse and death was due to poisoning, Mr. Little believes. He says that the horse was in good health up until he put the animal in the barn at supper time and shortly after feeding time he went to the barn to place some water in the stall for the animal. The horse suddenly became ill and died in a few minutes. Mr. Little claims that poison was placed in the feeding trough by an enemy of his, and he states that he has some idea as to the identity of the person who committed the act and there may be some further developments.

WELLS SUNDAY SCHOOL GAIN.

Bluffton, Ind., May 15.—Reports from 40 of the 65 schools in the county outside the city of Bluffton show the attendance last Sunday to be 3,897. Two schools did not report the attendance a year ago. Six Little claims that poison was placed in the feeding trough by an enemy of his, and he states that he has some idea as to the identity of the person who committed the act and there may be some further developments.

FISH POACHER CAPTURED.

Kendallville, Ind., May 15.—Edward Charter, who escaped from the temporary city bastille some weeks ago, after he had been given a fine, together with costs, amounting to \$18, was taken into custody at his home by Marshal George Cunningham and Constable C. F. DuVan, and has been removed to Albion, where he will lay out the fine in jail. Charter was arrested by several game wardens for having in his possession a net. He was taken to the wooden calaboose, together with his companion, who was also charged with a similar offense, and both broke out and escaped.

SCUFFLE PROVES COSTLY.

Bluffton, Ind., May 15.—While scuffling at the Public drug store Harry Johnson and Fred Grove knocked a piece of large white glass slab from the new fountain and broke a large piece off of one end. When the glass was knocked off it fell against another section at the bottom of the fountain and cracked another piece of the fountain. The entire damage will amount to over \$100 as the white plate glass was imported from Germany.

SMALL HAUL BY ROBBERS.

Ashley, Ind., May 15.—Forcing an entrance through a rear window robbers gained admission to the general store of O. G. Albright, at Ashley, and robbed the cash register of \$7. No clue to their whereabouts has been unearthed.

THE SENTINEL'S DAILY SCRIPTURE READING.

1 Chronicles 22:1-12.

- 1 Then David said, This is the house of the Lord God, and this is the altar of the burnt offering for Israel.
- 2 And David commanded to gather together the strangers that were in the land of Israel; and he set masons to hew wrought stones to build the house of God.
- 3 And David prepared iron in abundance for the nails for the doors of the gates, and for the joinings; and brass in abundance without weight;
- 4 Also cedar trees in abundance: for the Zidonians and they of Tyre brought much cedar wood to David.
- 5 And David said, Solomon my son is young and tender, and the house that is to be build for the Lord must be exceeding magnificent, of fame and of glory throughout all countries: I will therefore now make preparation for it. So David prepared abundantly before his death.
- 6 Then he called for Solomon his son, and charged him to build an house for the Lord God of Israel.
- 7 And David said to Solomon, My son, as for me, it was in my mind to build an house unto the name of the Lord my God:
- 8 But the word of the Lord came to me, saying, Thou hast shed blood abundantly, and hast made great wars: thou shalt not build an house unto my name, because thou hast shed much blood upon the earth in my sight.
- 9 Behold, a son shall be born to thee, who shall be a man of rest; and I will give him rest from all his enemies round about: for his name shall be Solomon, and I will give peace and quietness unto Israel in his days.
- 10 He shall build an house for my name; and he shall be my son, and I will be his father; and I will establish the throne of his kingdom over Israel for ever.
- 11 Now, my son, the Lord be with thee; and prosper thou, and build the house of the Lord thy God, as he hath said of thee.
- 12 Only the Lord give thee wisdom and understanding, and give thee charge concerning Israel, that thou mayest keep the law of the Lord thy God.

Flood Prevention Again.

As was to have been expected, the latest flood menace in Fort Wayne, which happily passed without a repetition of the disastrous experience of little more than a year ago, has served to stir up popular demand for action along lines of flood prevention. Residents of Lakeside and other sections of the city are very properly voicing their insistence that something more tangible than talk and more effective than suggestions be put into operation to relieve a danger that may be of frequent recurrence.

The Sentinel would not discount the value of discussion and suggestion, however voluminous it may be and from whatever source it may emanate. The job is big enough and important enough to enlist the interest of every citizen, and while the problem is largely an engineering one, the idea of the layman may be of much value. The city has had prepared at some considerable expense plans for eliminating the flood danger, but it has not yet set about putting them in effect beyond preliminary proceedings to secure a bit of territory near the junction of the rivers that is deemed necessary to relieve the situation. We do not understand that there has been any definite action taken, either to proceed under the plans prepared, to modify them or to reject them entirely and seek a new way of dealing with the problem.

All the crimination and recrimination regarding what the present or previous city administration has done or has failed to do in the matter of flood prevention and relief for the sections subject to possible damage from backwater or inadequate sewerage facilities may be enlivening and entertaining from a spectacular standpoint, but it is getting nowhere. Whatever the conditions may be, the present duty and the present responsibility rests with those now in charge of city affairs, and pointing to the shortcomings of the past will not alleviate the situation as it now exists. But the fact should not be overlooked that the city cannot launch into so vast an enterprise as flood prevention without some provision having been made to defray the expense of the work, and it cannot be done in a day.

We think the public may be relied upon to exhibit reasonable patience if it is able to note that some progress is being made toward averting possibility of recurrence of flood loss and flood suffering. What it wants is action, and that without the delay of a day more than is absolutely necessary.

The annual meeting of the Associated Charities Thursday evening not only gave a comprehensive idea of the large and important work this organization is doing in Fort Wayne, but it demonstrated the widespread interest in the systematic bestowal of aid to the needy in the way calculated to help them most effectively. The Associated Charities is a notable power for good work in the city, and while its resources are never equal to the demands made upon it, the results it has achieved are well worth while.

Because Mr. Straus has now formally and definitely declined the progressive nomination for congress, it must not be assumed that the party in the Twelfth district is destitute of members who are convinced in their own minds that they would make mighty good statesmen.

Harry A. Wheeler, of Chicago, has now declined appointment as a member of the federal reserve banking board, and another tradition is shattered. It has been the popular belief that no Chicago man has ever declined anything.

PRESS COMMENT ON FREE TOLLS ISSUE.

The Treaty.

Philadelphia Bulletin: "The real tolls issue today is the right of proper interpretation of the Hay-Pauncefote treaty, and there ought to be no settlement of the question until that interpretation has been determined in final manner."

Exemption Violates Treaty.

Pittsburgh Post: "The more the matter is considered the more it becomes apparent that the exemption of coastwise shipping violates the letter and spirit of the treaty negotiated between the United States and Great Britain."

Did Not Mistake Rights.

Philadelphia Press: "The voters of the country did not mistake their rights when they demanded the exemption of coastwise vessels from tolls."

The Foreign Powers.

Chicago Tribune: "With the foreign powers, including Japan, acting in a manner friendly as well as fair in the Mexican imbroglio, the canal subsidy advocates must be fairly shamed out of their position."

Campaign Under Way.

Philadelphia Ledger: "It is more than suspected that the exemption would never have passed through congress originally had not the vote been taken when a presidential campaign was under way."

The American People.

New York World: "Are the American people so rich that they can afford to tax themselves year after year in order that a coastwise monopoly may have privileges that are denied even to our deep sea shipping? If free tolls for the coastwise monopoly, why not free postage?"

Surrender to British.

New York Mail: "The Wilson administration insists upon unconditional surrender to the British without even a resort to the arbitration of The Hague court provided for in the treaty ratified by the senate less than three months ago."

A Veiled Subsidy.

New York Times: "The privilege [free tolls] is, and was intended to be, a subsidy, but a veiled one. It could not have been voted by the house had it not been veiled."

CUT IT SHORT.

(St. Louis Republic.) If some sort of superhuman wisdom were to be applied to the task of making the laws of the United States exactly what they ought to be, and the task were completed, it would not follow that all the new laws and amendments of old ones thus devised ought to be applied at once. Great masses of people think slowly and move slowly. They need time in which to become adjusted to new conditions. Trading bad habits for good habits is often a painful process and better methods are of no use until the people have learned how to work them. Doubtless there are many people of the static type who are now using the express companies when the parcel post would serve them better, simply because they understand express company methods and are in the habit of going to express companies for service. The present congress is a very good congress, but it is not superhuman. When so much of the administration's legislative program is completed as is deemed absolutely necessary at this season it will be time for congress to sit back and see how the new laws work. It will be time to stop legislating and let business and the people generally catch up.

The Doctor's Advice
by Dr. Lewis Baker

The questions answered below are general in character; the symptoms or diseases are given and the answers should apply to any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Building, College-Ellwood streets, Dayton, O., enclosing self-addressed, stamped envelope for reply. Full name and address must be given, but only initials or fictitious name will be used in my answers. The prescriptions can be filled at any well stocked drug store. Any druggist can order of wholesaler.

Each difficulty, sold in sealed tubes with full directions for self administration.

"Clara" writes: "I have had a cough for about a year and fear I shall never be rid of it, as it gets worse with every fresh cold I contract. Could you give me a remedy?"

Answer: I can give you a remedy that I am sure will relieve you and one that is absolutely harmless and pleasant to take. Make a syrup with one pint of granulated sugar and one-half pint of boiling water, put on the fire and let it come to a boil, then cool and add the contents of a 2-8 oz. bottle of essence mentho-laxene, which you can purchase at any drug store, and you will have a pint of the finest cough syrup on the market today. It is about eight times cheaper than ordinary labeled cough medicines and will last much longer.

"Miss Celia" writes: "I suffer with my stomach and have to live on a very limited diet. Please prescribe something so that I can digest food and overcome this nausea and distress."

Answer: Tablets triopentine, you will find most effective if regularly used several times a day. They are sold in sealed cartons with full directions.

"Adam J." writes: "A period has arrived in my life where I find my natural strength and nervous system failing me. I do not recuperate as of yore. My food does not seem to benefit as they should. Am weak, despondent and unable to perform the duties which were assumed earlier in life, while my ambition for work and pleasure is slowly going."

Answer: I think a powerful, harmless tonic and nerve medicine will rejuvenate and restore the functions of digestion, assimilation and elimination by invigorating the nervous system. Obtain three grain cadomene tablets, packed in sealed tubes and take as per directions accompanying.

Ellen J. asks: "I am only 23 years old and weigh 180 pounds. I am short, fat and uncomfortable. I dislike to go in company as I feel embarrassed. Can you advise a fat reducing remedy?"

Answer: Anyone who is too fleshy can safely take 3-grain arbolone tablets. They are sold by well stocked druggists in sealed tubes with full directions for use. A pound a day, if used regularly, can be taken off.

"O. R." writes: "Please advise something to take that will cure chronic constipation. I have suffered for years and have used many kinds of pills, but they do not cure."

Answer: I think most of the illness is caused by chronic constipation. The following tablets are taken regularly they will gradually effect a cure as they stimulate the liver and bowels into healthy action. They are packed in sealed tubes and are called three grain sulphur tablets (not sulphur tablets) with full directions for taking. They will also purify the blood and tone up the entire system. If you are dyspeptic, take tablets triopentine. These two medicines you will find in any up-to-date drug store.

O'Neill Says Indiana Will Have Creditable Building at Fair.

Indianapolis, May 13.—"The Indiana building at the Panama-Pacific exposition will not be the largest of the state buildings, but I predict that none will attract more favorable notice." Lieutenant Governor W. P. O'Neill, who had just returned from San Francisco, said last night. The lieutenant governor, Commissioners McReynolds and Duncan and an architect have been in San Francisco for several weeks getting the building operations started and arranging for exhibits of Indiana products. The building, when completed, will have cost \$50,000.

This is a scientific age. Spending science is as important as earning science. To profit most, one must conserve the candle at both ends. Weigh your spending as exactly as you do your earning. It is neither scientific nor profitable to withhold a dollar when the spending of it will earn a big profit. For instance—\$100 lying in bank will earn about \$4 in an entire year. \$100 invested during this Comparison Sale will buy \$150 to \$200 worth of needed merchandise. Your needs are thus supplied for some time. Instead of spending \$150 to \$200 of your future earnings for the same goods, you place them in bank and have \$50 to \$100 more in cash than if you had withheld the original \$100. This is scientific spending, based on business policy as solid as Gibraltar.

SOCIETY

The members of the South Side Tennis club were guests on Thursday evening of Mr. and Mrs. Frank Rabe, of Fairfield avenue. Mr. and Mrs. Rabe are not members of the club but have been guests on a number of occasions when the club met for social evenings. There were players for nine tables at bridge which was the amusement. The rooms were redolent with the fragrance of white and purple lilacs and the supper at the close of the evening was quite elaborate in menu.

Thirty ladies enjoyed the second of Mrs. Jesse F. Patterson's farewell bridge parties this afternoon. Beautiful flowers for decorative purposes and an excellent supper were enjoyed in addition to a game of auction bridge. Mrs. J. J. Ritter, Mrs. John Wolfson and Miss Catherine Cook assisted during the afternoon.

Miss Jean Hoseny is at Rome City for a few days' stay. Mrs. W. E. Doud and Mrs. Raymond Ellis went to Antwerp, O., to spend today with friends there. Mrs. O. E. Maxwell is going to Chicago on Saturday for a visit with her sister, Mrs. L. H. Whitaker.

Mrs. Walter Seavey will spend the week-end in Ann Arbor, Mich., with relatives. Mrs. Frank Walter, of West Wayne street, is entertaining Miss Helen Redmond, of Saginaw, Mich.

Mrs. John Hoffman, of Union street, is entertaining her aunt, Miss Agnes Morris, of Oxford, O. Mrs. George Lemaux, of Indianapolis, arrived in the city Friday to visit her cousin, Mrs. John Anderson, of South Calhoun street, and other relatives.

Mrs. B. J. Hawley and Mrs. P. B. Zurbuch have returned from South Bend, where they visited their nephews, Dawson and Adrian Hayes, who are students at Notre Dame.

Miss Lucile Vail, of South Webster street, has issued invitations to friends here to attend the song recital she will give on May 28 at the Cincinnati Conservatory of Music, from which she will be graduated in the vocal department on June 9. Mr. and Mrs. A. T. Vail and Miss Martha Vail and other relatives and a few friends will go to Cincinnati to be present at the recital.

Miss Helen L. Fox, of Taylor street, entertained the members of the Parisienne club on Wednesday evening. Progressive bunco and music were enjoyed as were the pretty decorations of spring blossoms and a supper. Violets and lilies of the valley were an effective decoration of the supper table. Beautiful hand-painted lace pins were favors. Miss Blanche Payton and Miss Ethel Tiernan won prizes in the card game and all spent a delightful time. Miss Ethel Tiernan will be the next hostess for the club.

Jefferson Pupils Entertain.
The pupils of the Jefferson school who took part in a musical entertainment Thursday evening under the direction of Prof. William Miles, music supervisor in the schools, and teachers of the classes taking part, gave a very pleasing program of song. Miss Maud A. Gaskins trained the children who gave "Hiawatha's Childhood" and Miss Mary M. Auten assisted in teaching the pupils who gave a cantata called "The Fairies' Festival." A large audience of parents and friends enjoyed the program. Miss Ruth Caldwell was pianist for the performance and Prof. Miles directed. The pupils taking part in the "Hiawatha" play were William Carnahan, Thelma Elliott, Walter Hughes, William White, Oscar Myers, Harold Sheyer, Henry McKean, Wayne Mariotte, Joe Nash, Harley Manuel, Richard Evans, Dorothy Wolf, Katherine Rose, Grace Hamlet, Ruth Baum, Lucile Frank, Ruth France, Mathilda Anderson, Ruth Loucks, Bernice Johnston, Virginia Platz, Bernice Brady, Monica Bowers, Edna Winch, Jeanette Walburn, Mary Cox, Hilda Heinlen, Nora Hesser, Fannie Obenchain, Dorothy Tigges, Georgiana Mariotte, Maurice Crawley, Leona Page, Naka Takimori and Helen Mikesell. "The Fairies' Festival" was given by Lillian Auer, Darlene Clark, Viola Haiber, Bonibel Houser, Margaret Johnston, Leora Mulligan, Edith Orrock, Margaret Scott, Reada Schmidt, Kate Shoad, Beulah Baker, Ida Butler, Delight Evans, Julia Hamlet, Gertrude Karn, Allegra Leverton,

OREGON CLUBWOMEN VISITS FORMER HOME

MRS. GEORGE FELTS.

Mrs. George F. Felts, of Portland, Ore., arrived in the city Friday and is visiting Mr. and Mrs. Herman Felts just at present but will during the two or three weeks she remains here visit other relatives and friends.

Mrs. Felts is on her way home from Washington, D. C., where she was state delegate from Oregon to the National Congress of Mothers and Parent-Teachers' associations. Mrs. Felts is president of the Oregon branch of the national organization which will hold its next convention in Portland.

Mrs. Felts was prominent in club work during her residence in Fort Wayne, and was one of the most active workers in the Woman's Club league, and served as its president from 1896 to 1898 inclusive. Her executive ability, keen intelligence and broad culture contributed to her success in literary and civic branches of work, and her charm of manner made her a favorite in social circles.

SHERWOOD SNYDER TALKS OF FOODS

Sentinel is Fortunate in Securing Him for Lectures

AND COOKING COURSE

The Sentinel has indeed been fortunate in securing Sherwood P. Snyder, the eminent food specialist, for the cooking course and demonstrative food lectures all next week at the I. O. O. F. hall, corner of Wayne and Calhoun street, and judging from what Mr. Snyder has done for the housewives of other cities where he has lectured, the women of Fort Wayne will be greatly interested in his appearance in this city.

The opportunity is the greatest that has ever been offered in Fort Wayne. Mr. Snyder has been accorded a most enthusiastic reception all through the east and south. In most cities the large auditoriums in which he has lectured have been filled to their utmost capacity every day. This is an evidence that people are awakening to the fact that the subject of foods and their proper preparation is deserving of close study and attention.

It is a source of gratification to the Sentinel to be the means of bringing a man of Mr. Snyder's type to Fort Wayne. We have gone to great expense to have these lectures, but we believe there will be so much good accrue from them that we have decided to offer the course free to the public, that rich and poor alike may profit thereby.

Mr. Snyder Talks.
Mr. Snyder arrived in the city Thursday, and in discussing his work said:

"There is no other one thing upon which the physical health depends so much as upon the foods we eat. If the food is nourishing and constructive to health the body maintains itself in a normal condition and constructs barriers against disease. It is the man whose vitality is below par that easily falls a victim to disease. Eat good foods, properly prepared at regular meal hours and your digestion will take care of the rest. Good digestion and good health are almost synonymous terms, for when foods are completely digested and their nutritive properties assimilated the blood stream is kept pure and normal, and when these conditions prevail it is next to impossible to contract disease."

Mr. Snyder is not teaching any special diet doctrine. His work is in the interest of better foods and better health and every woman upon whom the duties of preparing the meals depends, or upon whom rests the supervision of preparing the meals should hear every lecture. Each afternoon there will be several recipes demonstrated and while we are not certain we do surmise that the audience will have the privilege of sampling the foods prepared.

The grand baking contest will conclude the work on Saturday. Enter the contest and have a barrel of fun and win a valuable prize. The conditions of the contest will be explained on Monday. Every afternoon programs containing some of Mr. Snyder's choicest recipes will be given to every lady present.

MANY APPLICATIONS. Postoffice Besieged by Men Wanting Rural Route Appointment.

If the number of applications continued in as great a number during the next two weeks as they have since announcement was made that an examination would be held to fill vacancies in the rural route carrier service out of Fort Wayne, the federal court room will scarcely be large enough to hold all who desire to qualify for the places. The examination is to be held June 13 and all applicants for examination must file their applications with Assistant Postmaster William J. Hess by June 1. A new consignment of blanks arrived in the city this morning.

NEW MEMBERS ARE PLACED ON BOARD

Associated Charities Annual Meeting Very Largely Attended.
REPORTS SUBMITTED

Much interest was manifested in the proceedings and the attendance was very encouraging at the annual meeting of the Associated Charities, held in the assembly room of the court house Thursday evening.

President S. M. Foster took occasion in announcing the program to make pertinent remarks relative to work among the poor and unfortunate, showing the need of systematic and well sustained efforts rather than spasmodic and haphazard methods. A mild protest was entered against lavish and indiscriminate giving during the Christmas season, characterizing as waste the overlapping and prodigal giving on the one occasion and ceasing further effort throughout the ensuing year. He showed that the organized charities are at the work, not only at that season, but every day in the year and that much greater good could be accomplished if some of this energy were directed toward their support and they would not be so circumscribed and in some parts of the year almost facing the necessity of suspending work.

The report of the treasurer showed that although expenditures for the year were but \$1,251.67, yet at the close there was quite a large deficiency which had to be carried over to be met in the new year.

The Annual Statement.

In his annual statement the general secretary showed that 472 cases had been dealt with, 123 being persons who had not previously applied for aid. Two hundred and eighty-nine were resident families with children; 44 resident families without children; 64 single women, 21 single men, and the non-residents were 32 men, 6 women and 16 families. Assistance was rendered in 359 cases, 113 having been either refused or unwilling to accept such aid as was proffered. The investigations of the year reached 230. Thirty-two were offered work at the labor yard and ten worked and 43 women were offered work at the work room. The applicants represented 783 adults and 1,192 children. Value of aid secured, exclusive of personal service, \$1,625. Transportation was secured for 11; 2 were sent to the county infirmary and 3 prosecuted for neglect of children. Permanent employment was secured for 2 and temporary employment fourteen times. The general secretary made 672 calls and received at the office 1,061 telephone and 611 personal calls.

The Relief Union.

Miss Mary Willard, superintendent of the Relief union, presented the report of that organization. The applicants for aid numbered 260, the needs having been supplied with groceries, clothing and fuel. Clothing was also donated the Allen County Orphans' home and Calhoun street mission. The free sewing school for girls, conducted on Saturday afternoons, during the fall and winter months. The enrollment is 116 and often-times some had to be turned away because of lack of room. Numerous donations in groceries, clothing, fuel, etc., were received through the public schools. Needlework guild and citizens. An outline of the work done in the work room conducted jointly by the Relief union and the Associated Charities was given.

Hebrew Benevolent Society.

The Ladies' Hebrew Benevolent society now in its fifty-third year, was represented by Mrs. Herman Pollock. The society numbers 57, three being charter members. The society gives help wherever necessary and during the year a number of families were supplied with groceries, clothing, fuel and drugs. One widow with three children was given an allowance of \$3 per week, which has been of material aid, and was also supplied with a sewing machine and a large amount of material to make into garments and articles of clothing. Cash contributions were made: To the Associated Charities, \$10; Woman's league, \$2; Visiting Nurse league, \$10; Denver, Col., hospital, \$50; Cleveland Jewish Orphans' asylum, \$25; National Farm school, \$10; subscription to Hope hospital fund, \$50.

Lakeside Aid Society.

For more than twenty-five years the Lakeside Aid society has been at work, the report of which was presented by the secretary, Mrs. Lottie Ely Current. Seven families have been aided, and the treasury is now in good condition. The active membership is at present twenty-five, confined to residents of Lakeside, though no proscription is made as to the locality of relief work.

The Willing Workers.

From twelve members in 1902, when organized to 125 in 1913, shows the progress of the Willing Workers Aid society, the report of which was given by Mrs. A. Burkas, secretary, showing families reported, 49; families investigated, 240; families assisted, 230; number of calls made, 814. Disbursements—Groceries, \$263.14; clothing, \$1,236.25; fuel, \$12.50; furniture, \$67; shoes and rubbers, \$38.25; rent, \$39.55; miscellaneous, \$41.61. Total, \$1,996.29.

Visiting Nurse League.

Mrs. R. L. Magee, president of the Visiting Nurse league, spoke of the work of the organization and the good that is being accomplished by the ministrations of the visiting nurse, Miss A. M. Gress, who in her work for the sick, poor, 1,387 calls, gave 209 baths, 170 massages, 60 electric treatments. Twice during the year it was necessary to secure extra nurses. The cases reported numbered 33, and there were 11 deaths and 6 births. Nineteen quarts of fruit, 107 glasses of jelly and 391 garments were given out. The league used during the year \$1,100. City Union of King's Daughters.

The Port Wayne City Union of King's Daughters, through Miss Langford, reported the existence of seven circles in the city, who made 1,838 calls on the sick and gave 100 bouquets and 300 plants to invalids and "shut-ins." Nine comforters were knitted and a bath robe made and given to the poor, and during the flood bed springs, mattresses, blankets, etc.,

were distributed. The circles also gave supplies to Hope hospital and the Visiting Nurse league. Fifty testaments and 600 tracts were distributed at the county jail and infirmary, and one circle has charge of the magazines at the Nickel Plate station and women's rest room in the court house. At Christmas time \$161.48 Red Cross seals were sold.

Needlework Guild.

Mrs. Robert F. Harding, representing the Fort Wayne branch, Needlework Guild, urged a greater interest in that organization, emphasizing the fact that the only donation asked from any one is two new garments each year, and further emphasizing the fact that they must be new. The number of articles received last year was not up to the needs of the institutions to which they are given. As usual, last year's supply went to the hospitals, schools, orphans' homes and various organizations that have need of them.

Associated Christian Workers.

Mr. Glenn A. Smiley, president of the Associated Christian Workers, outlined briefly the work of the organization by the young people and some things it hopes to accomplish. Emphasis was given the fact that it proposes to use its best endeavors in helping to secure a Y. M. C. A. building at the very earliest possible time.

Election of Directors.

The reports were followed by the election of E. H. McDonald, Dr. E. J. McOscar, Mrs. J. F. Kanaga, Rabbi Meyer Lovitch, Mrs. J. R. Moring as members of the executive committee for the term ending January, 1917, and Rev. O. E. Tomes to fill the vacancy occasioned by the removal from the city of Rev. E. M. Todd, term expiring January, 1915.

Prior to adjournment Mr. E. A. K. Hackett spoke briefly on the joy that comes from giving to and helping others.

PRISONERS TAKEN TO TERRE HAUTE

Mussulman and Livingston Wanted for Two Robberies There.

NEWS OF THE POLICE

On motion of Prosecutor Stephen A. Callahan in the city court today the cases against Ross J. Mussulman and J. K. Livingston, charged with forgery, were dismissed and the two prisoners were turned over to John F. Nugent, assistant chief of police at Terre Haute, in which city the men are wanted for grand larceny. Chief Nugent and Henry Raber, a city official in Terre Haute, left for that place with the prisoners shortly before noon today. Mussulman and Livingston are charged with robbing James A. Crawford, a well-to-do oil man of the Sullivan county oil fields, of \$85 in cash and a check for \$250. The same pair is also suspected of having pulled a good job on a street car in the same city, when the cashier of the Terre Haute Copeage company had his pockets picked of \$265. Crawford was "out for a time" with some friends and wound up at a bagnio. There he went to sleep and was rolled. It is known that Mussulman and Livingston were in the house at the time. Chief Nugent believes they have a strong case against the men in Terre Haute.

Mussulman and Livingston, who were arrested Monday night by Detective Sergeants W. F. Pappert and Peter Junk, The Crawford check, which they had been making arrangements to cash in this city, was found on Mussulman. It was first thought to be a forgery and it is known that the endorsement "J. C. Crawford" was a forgery because it was

written after the check was brought to Fort Wayne. Detective Pappert believed the pair came to Fort Wayne to make a distribution of green goods. Emma McCoy, of Emma Musselman—for she is believed to be Mussulman's wife—came here from Continental, Ohio, to meet the men. The sum of \$340 in cash found on her person when she and the men were arrested is now thought to have been the loot of the two Terre Haute jobs. Both men are thought to be experienced and dangerous crooks.

Typewriter Thief Gets Term.

Pete Mosser, who stole a typewriter from the Railroad Young Men's Christian association Saturday night and was arrested in the Pennsylvania yards by Special Officer Lawhead, would not go any farther than to plead guilty to having the typewriter in his possession. Later he got to the point where he refused to deny that he stole the machine. Judge Kerr fined him \$5 and costs and added forty-five days in jail, which will hold Pete for better than sixty days. He told a weird story of being ordered to the top of a boxcar by a man he didn't know to bring the typewriter to the ground.

Other City Court Cases.

Frank Allen, from Jackson's farm in Steuben county, was given a chance to get back to the plantation, after being

arrested at Calhoun and Columbia streets, where he was staging a shock- ing souse.

Bill Lock and William Brooks, two negroes, just happened to get together yesterday with their little celebrations and were arrested near the Wabash station. Brooks said that he is employed on a dairy farm near Montpelier, O., and the heavy rains being bad for the milk business, he came to Fort Wayne for recreation. The story seemed reasonable. Both negroes were turned loose.

Fred Strasser, Guy Winsor, Forest Houser, Gust Conrey and Ross Parnin, five young fellows arrested at Van Buren street and the Pennsylvania railroad for loitering, were turned loose.

Frank Byrd and Tom Murray were fined \$1 and costs each, Jim Brown was continued until tomorrow, Tom Messt was continued until Wednesday, Ernest Blansy and Jim McRae were continued until Tuesday and Bill Dodacker was let go. All were charged with drunkenness.

George Lewis, a cook at the restaurant of Dan Clemens, 606 Calhoun street, was sent over to jail on a fine of \$10 and costs with ten days added upon his plea of guilty to petit larceny. Lewis was caught with two nice pieces of tenderloin beefsteak in his pockets. He told the court he thought the meat was "just scraps" that he was going to feed to his

dog. It developed that he has no dog, but that he has been stealing choice cuts of meat and going to a nearby saloon and swapping them for drinks. He was suspected and Detective Sergeant Charles Spillner trailed Lewis this morning and caught him with the goods.

Hats of Style and Distinction

One hundred and fifty Hats for one hundred and fifty early buyers, priced at **4.95**

These Chapeaux are typical of the smart styles that have won for the millinery section an enviable reputation for Hats at \$7.50 and \$10.00, and they are distinctly worth these prices today, or next week, or next month. But many new arrivals are crowding for admittance that these one hundred and fifty models must "make room." Therefore, choose tomorrow as early as possible at one price—

\$4.95

At 5.95 The greatest collection of the best summer dress values ever show.

25 Styles Regularly Worth 6.95 to 8.50

Every new style in cape drape, peplum, bustle, tunic and "caught up" drapes. The most varied collection of beautiful sheer fabrics in white and color effects—shading from deep hues to white. Every woman will find a style and color tint to her liking from this splendid assortment of dress values.

Pretty New Summer Dresses 4.95

A new arrival in white striped voile, made with coatee effect, trimmed in black velvet, buttons and black embroidery work on collar. A pleasing style at a special price.

New Summer Dresses 12.75

Another smart model of ratine in colors; also in coat effect. A wide black silk girdle and organdy collar and cuffs with large pearl buttons brings out the trimming scheme in a most effective way.

AT THE MAJESTIC.

"The Rise and Fall of Napoleon" at the Majestic.

"The Rise and Fall of Napoleon," which is being shown at the Majestic theater, is without a doubt the most magnificent film ever seen in this city, or in any other city, for that matter. It is a film giving the life history of Napoleon and is very true to the facts. Many of the films made of historical events are changed so much that they are disgusting to students, but this Napoleon film is astonishingly true.

The pictures begin by showing his birthplace and pass on rapidly to his ascent to power as first consul, his courtship of Josephine and on through his wonderful career, with some startling battle scenes and on to his death on Black St. Helena.

Mrs. Fiske Tuesday Evening at the Majestic.

A most refreshing contribution to the season's theatrical attractiveness will be found in Mrs. Fiske's presentation of "Mrs. Bumpstead-Leigh," which is to be given at the Majestic on Tuesday evening next. The play is a broad comedy with a vein of satire and the title role provides Mrs. Fiske with a character not only unique and new to the stage, but one totally dissimilar to any other which has ever enlisted the gifts of the leader of the American stage. There is nothing serious about Mr. Harry James Smith's comedy, and it seems almost like an artistic holiday for Mrs. Fiske, who plays the role with a zest and abandon that only a complete personal delight in it could dictate. She first appeared in the role of the social blunder three years ago and has frequently done so since then, but her coming engagement will mark her first presentation of the ludicrous farce in Port Wayne.

Ceylon, in 1912, exported products valued at \$65,940,970.

AT THE TEMPLE

If it's a good thing to have a great big hearty laugh come at the end of a vaudeville act, it is equally as good a thing to have a husky guffaw close a vaudeville season, is the line of logic evidently followed by the Temple management in booking the week-end bill that marks the close of the Temple's 1913-1914 vaudeville year. The current bill surely is a laugh getter, from the head-line act to the photo play. "What Will Happen Next?" the uproarious farce-comedy produced by Wilfred Clarke and company, is unquestionably the richest fun-maker even the Temple has staged this year. The comedy is so fast it keeps you sitting straight up so as not to miss any of the game, while the rapid shifting of situations keeps everyone roaring with laughter every minute.

Charles Olcott's pianologue in which he introduces the audience into the mysteries of the construction of a comic opera is a riotous burlesque that simply set three big houses wild with delight yesterday.

A real novelty, one that gets over great, is the cooing of Salbini and Grovini, two dancers, acrobats, bicycle riders and jugglers. They do a little of everything and everything they do is done well. Lillian Gonne's comedy songs are sung with a dash and ginger that won her rounds of applause yesterday, while Mellyar and Hamilton introduce some really new stunts in their comedy acrobatic act. The bill is completed by a Keystone comedy film, and as a special added attraction a reel of picture on "Clean-Up" week is exhibited.

AT THE EMPRESS

Paul Hayco, an expert with locks, is proving the sensational feature of the Empress bill for the last two days of the week. Thursday night Sheriff

Gladioux adjusted a pair of the latest approved handcuffs to the wizard's wrists while the latter's arms were extended behind his back, and Hayco returning to the stage removed them in less than fifteen seconds. He also permits a committee from the audience to shackle his legs and arms and, weighted down with steel locks and chains, he steps into his cabinet and releases himself in record time. His escape from a straightjacket is marvelous. This he accomplishes in full view of the audience. Tonight he will make his escape from a packing case that has been specially prepared by the shipping force at the Grand Leader. A committee from that store will be on hand to see that the lid is fastened securely. Hayco

claims that he will escape from the box and afterward it will be found to be exactly as when he went into it.

Other acts this week include Hunter and Norwald, two Port Wayne girls who are making their first professional appearance as singers and dancers. They are doing splendidly and hearty receptions have been accorded them at every performance. Emile Turenne and Paul juggle cannon balls. Tom Hebron presents his "unipedal crutchologue" that is as unusual as it is funny. The Earls have a comedy sketch. The feature picture is called "The Man Who Came Back," and ranks with the other splendid feature films the Empress has been having of late.

SHERMAN'S CLOTHES

YOU CAN HAVE A NEW SUIT NOW

at just the same price as if you bought later in the season by coming to Sherman's today or tomorrow. Our business has been built up by selling good, honest clothes at an honest price. We don't overcharge the man who buys his clothes now to make up for the man who waits until after the Fourth of July for a "Half Off Sale." Every man who buys Sherman's Clothes gets a square deal; there is no possible chance of a man paying a penny more or a penny less than another. Every garment in our store is exactly the same price, **ALWAYS \$10.00.**

From Our Factory Direct to You

We have never made any extravagant, improbable claims for Sherman's Clothes. We have just told about them in plain English. They are the greatest values in the world for the money. **"Direct from our factory to you"** means exactly what it says. We make Sherman's Clothes in our own factory and sell them direct to you in Ft. Wayne from our store 922 Calhoun St.

Earnest Endeavor-honesty of purpose--conscientiously putting into Sherman's Clothes all the value that years of experience has taught us in the making of Men's good clothes, explains why at the price--**ALWAYS \$10--**they are recognized by all who have worn them as actual \$15 to \$18 values elsewhere. You have your unrestricted choice of any **Suit, Top Coat, Balmacaan or Raincoat** in our store at \$10, no more; no less.

You Save the Middleman's Profit of \$5.00 to \$8.00

Satisfy yourself--don't let prejudice, false pride prevent you from taking the middleman's profit of \$5 to \$8 on the clothes you buy here. It's a saving worth while. Were you able to save as much proportionately on the other necessities of life, our high-cost-of-living-problem would be solved.

Your New Suit--Buy It Here

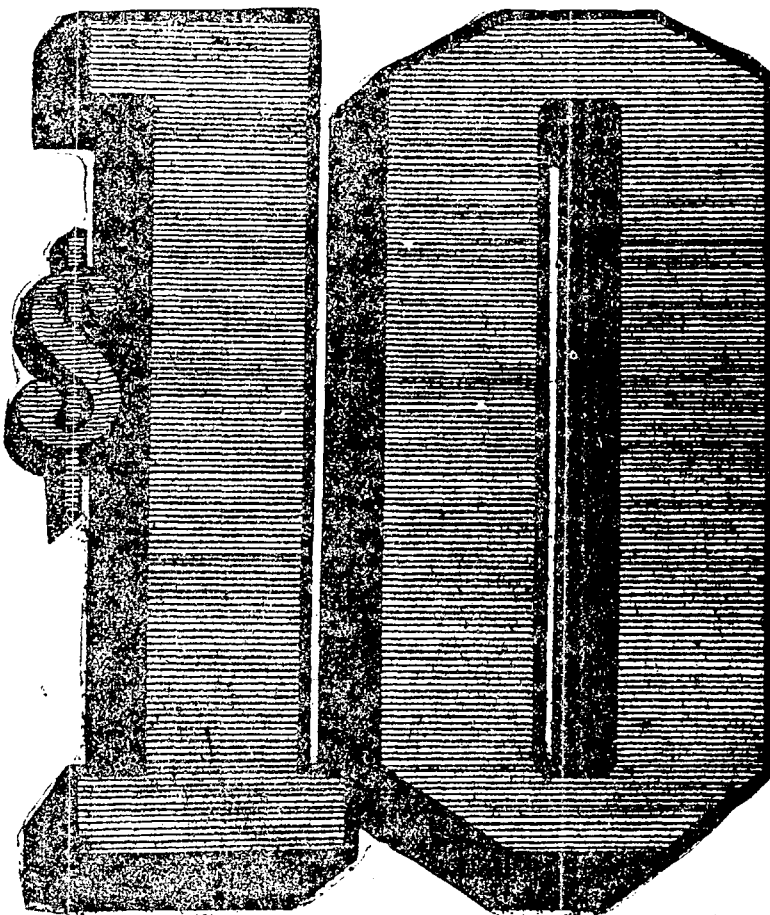

Sherman's Clothes are made from pure wool fabric--cloth that has been measured up to rigid specifications, that has stood our test--as must everything that goes into the making. They are made to satisfy. They are backed by the reputation of a house that operates a great chain of stores in all principal cities.

Whitley County News.

Columbia City, Ind., May 15.--Oscar Fleming, aged 20 years, who has served a full enlistment period in the United States navy, arrived in the city Wednesday and for the present will remain with his foster-parents, Mr. and Mrs. Milo Harshbarger, of Union township. Mr. Fleming states that he was in the thick of the fight at Vera Cruz, and was sent to New York on the Montana to act as pull-bearer for a comrade who was shot down in the initial engagement. Mr. Fleming was on the battleship Arkansas and will return to the seat of action if volunteers are summoned.

Fred Carver, Philip Huffman and Calvin Price left Thursday evening for Seattle, Wash. From there they will sail for Yokohama, Japan, thence to Korea, to settle temporarily at Taracol, Unsan. They will be employed by the Oriental Gold Mining company, of which L. S. J. Hunt, of this county, is a prominent financier.

Edward Richmond and Samuel Baker went to Fort Wayne Wednesday evening, accompanied Miss Anna Baker, of Larwill, home. She recently underwent a severe operation, from which she has fully recovered.

Robert Pogue, the aged father of William Pogue, of the Whitley County Telephone company, is daily growing weaker and the end is expected daily. He is past the four score mark and is suffering from general senility.

Miss Lucy Jones went to Chicago Thursday morning to visit her sister, Mrs. John Menough, and also her new nephew who arrived Saturday.

Chauncey Hurd, of Columbia township, whose name was put by friends as a candidate for supervisor of district No. 4, has announced his withdrawal.

Mrs. Madge Geiger, who has been manager of the Churubusco telephone ex-

change for ten years, resigned the position recently and has left for Dowagiac, Mich., to spend the summer with her sister, Miss Neva Elliot. A successor to the job has not yet been appointed.

Steve McDonald, of Las Vegas, N. M., a railroader and a former resident of Richland township, arrived in the city Thursday from Mt. Clemens, Mich., where he has been taking treatment for rheumatism and liver trouble. He will visit relatives in the county before returning to the west.

Joseph C. Clevenger and family, of Piercedon, former residents of this county, spent Thursday in the city.

Mr. and Mrs. D. B. Clugston, sr., will entertain this evening at their home in honor of their granddaughter, Margaret C. Mason, who is a local high school graduate this year. This event marks the first of several festivities for the graduating class this year.

Rev. Thomas E. Lancaster, of Logansport, arrived in the city Thursday morning to spend a few days with his son, Charles Lancaster, and family. The retired minister is 89 years of age and is quite active for his years.

Ralph Grant, aged 23, and Mary Camille Hallauer, aged 22, were married Thursday evening at 8 o'clock at the home of the bride's parents, Mr. and Mrs. Arnold Hallauer, by Rev. H. A. Ott, of the Lutheran church.

Emerson C. Hart, of Rock Island, Ill., who spent a week here with his sister, Mrs. Wesley Allen, returned to his home Thursday.

F. B. Weaver and W. F. Spangler, of Churubusco, spent Wednesday evening here on business.

Mrs. Dora Berry, of Fairfield county, Ohio, and Mr. and Mrs. William Perry, of Chicago, out-of-town relatives who attended the funeral of the late Mrs. D. G. Linville, have returned home.

William Klingerman, of Jackwood, Ia., arrived in the city Wednesday night to

visit relatives in the northern part of the county. He has been absent from the county for a quarter of a century.

Vernon Johnson, Harold Whicker and Howard Murray, of Washington Center, went to Crawfordsville Thursday to take in the approaching track events at Wabash college between that school and Earlham.

FOR A TORPID LIVER.

"I have used Chamberlain's Tablets off and on for the past six years whenever my liver shows signs of being in a disordered condition. They have always acted quickly and given me the desired relief," writes Mrs. F. H. Trubow, Springfield, N. Y. For sale by all dealers.--Adv.

W. C. HALL TO PRESIDE.

Indiana Sunday School Convention to Be Held in June.

Indianapolis, May 15.--The general sessions of the Indiana Sunday school convention that opens June 16 for a three days' session in Indianapolis will be presided over by Mr. W. C. Hall, who has been president of the international Sunday school work for eighteen years. Mr. Hall has been untiring in his efforts to raise the standard of Sunday school work in Indiana, giving a great deal of time and thought, for which he receives no remuneration.

Beginning with Tuesday morning many conference periods have been arranged where the problems of the individual school may be discussed. The first morning will be devoted to the workers in county and township, but the remainder will be general. Thursday morning at 8:30 the members of the various denominations will meet separately to discuss problems pertaining to their own

churches. Thursday afternoon will be devoted to three simultaneous rallies of telephonic, teen age and adult workers and teachers.

For further information regarding any of these conferences or sessions write the Indiana Sunday School Association, 417 Law building, Indianapolis, Ind.

AND THEN IT HAPPENED.

While Making Gas Pipe Repairs Houlihan Lit a Match.

When Jack Houlihan went into the basement of the frame house at 409 West Main street, for the purpose of making a gas connection Friday noon he lit a match. In the miniature explosion that followed Houlihan escaped injuries, but some rubbish in the basement caught fire and by the time the fire department's auto chemical arrived sparks had set fire to a portion of the wooden ceiling of the basement. The blaze was extinguished without much trouble and Mr. George Melaskey, who owns the property, says insurance will cover the damage. The house is occupied by Mrs. C. Houser.

CHAMBERLAIN'S LINIMENT.

This preparation is intended especially for rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its excellent qualities. Mrs. Charles Tanner, Wabash, Ind., says of it: "I have found Chamberlain's Liniment the best thing for lame back and sprains I have ever used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as myself for upwards of twenty years." 25 and 50 cent bottles. For sale by all dealers.

The Cordelia Evans circle of Westminister church will hold a sale of baked goods tomorrow morning at the Wayne grocery on Broadway.

Uncommonly Handsome—These Fine Silk Dresses, at \$14.75!

—Not that they're regular \$14.75 values—far from it. Instead, that price would ordinarily pay for the making alone, and usually they would sell from \$22.50 to \$35.00.

In this collection of one hundred Silk Frocks are models for the street, and dressy afternoon wear. The materials are chiffon taffetas, crepe de cygnes, Canton crepes and other wanted silk weaves.

The lot of one hundred includes all the most wanted of the season's lovely colors, and there's a particularly large assortment of navy and black models, especially in the 40, 42 and 44 sizes for stout women.

Silk Coats at \$15.00 (Regular Values Up to \$29.75)

The only unfortunate part of this little sale of Silk Coats is the fact that we have only 45 of them—at the special price, not enough!

So, women who want a smart Silk Coat to wear with the lingerie silk frocks this Spring and Summer, come early. The models are for the most part made of black moire, faille, taffeta, Bengaline and crepe, altho there are a few models in colors. Sizes range from 16 to 44.

These Cloth Coats at \$10.00 Are Less Than Half Price

—Less than half, because included are many models that were formerly priced at \$25. There are two racks of these stylish Cloth Coats to choose from, and the assortment includes the smart short styles as well as the more practical three-quarters length.

All the Spring materials and colors are represented, and there is especially fine choosing in navy and black.

This is positively the very best Coat offering of the season—just the opportunity you have been waiting for. Choice **\$10.00**

\$5.00 Balmacaan Coats In \$10.00 Two Special Lots

A brief message to every woman and young girl who wants a practical Balmacaan for general wear!

\$5.00 Gives you your choice of any Balmacaan Coat in stock that was marked \$7.50 to \$10.50.

\$10.00 Gives you your choice of any Balmacaan Coat in stock that was marked \$13.75 to \$18.50.

Fashion Has Again Spoken— Now It's Candy-Striped Blouses

It is positively refreshing to look at one of these blouses, for the dainty material is as cool as an ocean breeze. And everybody knows that the candy-striped effect is clean cut and summery.

Shown first in town here, of course,
and priced at \$1.95 and \$2.95

Other Delightfully New and Pretty Blouses are of crisp linen, in delicate pastel shades, with collar of pique and white; bone buttons for trimming. Priced at \$2.95 and \$4.95.

Lingerie Blouses are here—mountains of them it would seem—and priced from \$1.00 to \$6.95. Sheer, fine voiles, organdies, batistes, linens and soft crepes and marquisettes aplenty. Some are all white, others in keeping with a season noted for its brightness of color, show a touch of some brilliant or delicate tint in combinations.

For the Tailored Suit are blouses of filmy laces, chiffons and soft imported silks that are exquisitely lovely in design and conception. Although made in exclusive styles by the best blouse-makers, they are most moderately priced and range from \$3.95 to \$15.00.

Cluny Lace, 19c

Women buy this handsome linen Cluny Lace for window curtains, for bed spreads and center pieces, as well as for its original purpose of dress trimming.

The regular price is 25c but Saturday it will be on special sale at 19c a yard. This price applies to insertion and edging alike.

What's New In Belts?

For the moment it is the butterfly suede belt, and will be shown for the first time Saturday here. All the new shades they come in, to match or harmonize with skirt or blouse. See them tomorrow; priced at **50c**

Paristyle Hair Goods

The special lot on sale tomorrow consists of natural wavy switches of fine, soft quality. The fine texture of the hair renders them most natural looking, and most desirable for arranging in the present fashion of high hair dressing.

\$2.50 Switches, special \$1.80
\$4.00 Switches, special \$2.50
\$6.00 Switches, special \$4.50
—Second Floor.

Few Women Make Their Own House Dresses Nowadays

—No need to when they can come here and step into these wonderfully pretty house and porch dresses that are perfect in fit and workmanship.

The new Summer Dresses are in, and quite the prettiest we have ever shown. They're made of attractive ginghams, percales, lawns and crepes. The models, while plain and easily laundered, have a cluster of buttons here, a bias band there, or a bit of piping cleverly applied to give them a distinctive touch.

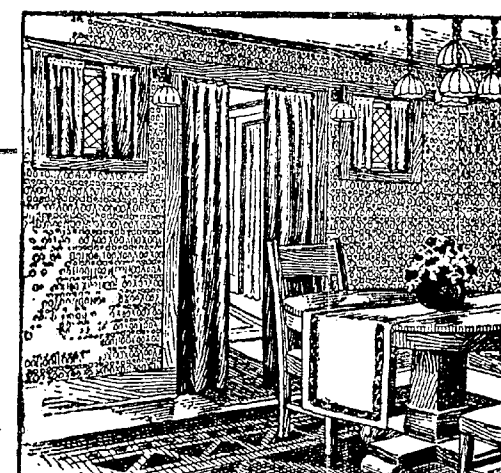

Most women's time is too valuable to sit down and make these wash dresses when they can be bought as cheaply as 95c, or from that up to \$3.50.

STILL UNDER 30; FOURTH DIVORCE

Earl Pelkey Loses Another
Wife, But Decree Goes
to the Lady.

NEWS OF THE COURTS

Earl Pelkey, still under 30 years of age, today went through the process for the fourth time of having his matrimonial bonds severed by decree of the courts. In this case, however, the divorce was given to the wife, Josephine Pelkey, on her cross complaint. Judge Yaple, who had taken his finding under advisement several days ago, following trial of the suit in the superior court, made the wife an allowance of \$12 a month for support of a child five months' old, of which she is given custody, and awarded her the household furniture.

Wife Has Wine and Taxi Habits.

Charles McFall recites to the superior court, where his divorce complaint against Clara McFall has been filed, that she fails to attend to her household duties, is away at all times of the day and night without his knowledge, frequently comes home in a taxi drunk and that he has come home many times and found her intoxicated. She is further accused of associating with other men and frequenting wine rooms with them. The pair were married Christmas day, 1911, and tore apart last March.

Suit for \$50,000 Is Settled.

Judge Eggeman heard a resounding sigh of relief today when he received a message informing him that the suit of Fred G. Seitz against Virgil E. Breed for \$50,000, and sent here on a change of venue from Wells county, had been settled. The case was to have gone to trial next Monday in the Allen circuit court before a jury and it was expected that a week would be consumed. The suit was based on a business deal, at the time of which the plaintiff is alleged to have been of unsound mind and got the worst of the transaction.

Big Inheritance Tax.

Report on the estate of the late A. Ely Hoffman, of this city, for inheritance tax purposes under the Indiana law, shows the estate to be worth \$182,127.30. On

this the heirs will now pay \$1446.85, which is the tax due on \$103,091.20. On \$79,036.30 of the valuation there will be a tax due in November, 1915.

Notes of the Courts.

Amanda Hamrick has filed an affidavit in the superior court asking that Warren A. Hamrick, her divorced husband, be cited to appear and show cause why he should not be punished for contempt in failing to pay her \$500 in monthly installments as the court ordered when the divorce decree was entered. The divorce was granted July 29, 1913. In the suit of George Foley vs. Joseph Reset, title has been quieted in the plaintiff by the superior court. In the superior court William C. Hummel sues Henry Sauer for \$25 on a mechanic's lien.

VISIT DAMAGED ROAD.

The commissioners today visited the damaged road that forms the approach

to the Maumee river bridge north of New Haven, where the freshet in the Trier cut-off did some damage, and threatened the whole south approach to the bridge. The condition was found somewhat improved.

DITCH PETITION DISMISSED.

The petition for the Oser ditch in Abbot township was dismissed by remonstrance in the commissioners' court today.

LICENSED TO HUNT AND FISH.

R. G. Shulze, city; J. H. Kamm, city; William Rahe, city; V. H. Hilgeman, city; H. J. Baker, city; F. Nicodemus, city; G. Nicodemus, city.

WM. HAHN & CO.

FORT WAYNE'S GREATEST BARGAIN STORE.

C. C. WOEBBEKING HAS PASSED AWAY

Was Retired Carpenter and Pioneer Resident of Fort Wayne.

THE OTHER DEATHS

Conrad C. Woebeking, a retired carpenter contractor, civil war veteran and pioneer resident of Fort Wayne, died at 10 o'clock Friday morning at his home, 1409 Broadway, at the age of 79 years and 2 months. His death was due to complications and followed a prolonged illness.

He was born March 14, 1835, at Lese, Hanover, Germany, and came to this country with his parents in the year 1845. He was united in marriage to Sophia Piepenbrink, November 26, 1863, and their golden wedding anniversary was celebrated last November. Mr. Woebeking is survived by the widow and eleven children—Mrs. Edward Kohlmeier, Mrs. John Heine and William, Henry, Christian, Gustave, Charles, Bertha, Oscar, Emanuel and Oswald Woebeking.

Funeral services Monday afternoon at 1:30 o'clock from the residence and at 2 o'clock from Emanuel's Lutheran church, of which he had long been a member. Rev. William Moll and Rev. Fred Wambganse will officiate. The six oldest sons will act as pall bearers. Interment will be made at Lindenwood and friends are asked to kindly omit flowers.

NITZSCHE.

William E. Nitzsche, aged twenty-one years, a son of Mr. and Mrs. Emil Nitzsche, died at 6:40 o'clock Thursday evening at the family home, three and one-half miles northwest of the city on the Butler road. His death was due to tubercular complications in the throat and followed an illness of nine months' duration.

Surviving besides the parents is a brother and four sisters, Frank Nitzsche, of Fort Wayne; Mrs. Monroe Clapesattle, of Monroe township; Mrs. Charles Wise, of this city and the Misses Esther and Elsie Nitzsche, at home. The young man was a member of the Trinity Lutheran church of this city.

Funeral services Sunday afternoon at 1 o'clock from the residence and at 2 o'clock from the Trinity church. Rev. Fred Wambganse officiating. Pall-

bearers selected by the deceased are as follows: William and Edwin Oswald, William and John Giller, Otto Meyer and Arthur Thumb.

WORK.

William Work, aged forty-nine years, a teamster, died at 3:30 o'clock this morning at a local hospital after a prolonged illness from complications. Two years ago Mr. Work submitted to an operation for the amputation of one of his limbs and his health had been poor ever since undergoing the ordeal.

He had been a resident of Fort Wayne for many years and was well known. For a time he was employed as a driver by J. C. Ulmer, the undertaker and liveryman. Surviving he leaves one son, Noble Work, and one brother, Oscar Work, in Kansas City.

MILLER.

Richard Miller, aged four weeks, the only child of Mr. and Mrs. Fred L. Miller, of 618 East Wayne street, died at 5:30 o'clock this morning from pneumonia. The child was born April 20. The parents are members of the Cathedral congregation.

Funeral services Saturday afternoon at 2 o'clock from the Cathedral, Rev. John R. Quinn officiating. Interment at the Cathedral cemetery.

HERE A SMILE FORCED RECALL

Railroad Agent So Popular
That Town Asked Him
to Remain

AFTER A PROMOTION

Excelsior Springs, Mo., May 15.—The citizens of this city have exercised the recall—a new kind of recall. As the result Harry F. Owen is again local agent of the Chicago, Milwaukee & St. Paul here instead of being a traveling auditor for the same road.

The story of that recall might be called the psychology of a smile, for it was Mr. Owen's smile that caused it. When he was appointed agent here about three years ago the people here were prepared for anything. For they had endured station agents. (And endured is the word.) Because he believed one little smile, used all the time, is better than a big laugh once a year he achieved a unique record in the history of American railroading. He became a popular station agent.

Never Too Busy to Smile.
When Excelsior Springs people called at the depot to ask the rate to Kansas City they received a smile and a pleasant answer instead of a grunt. And when, occasionally, they dashed into the station just as the train was pulling out and asked breathlessly for two tickets they got the tickets—and got them in time to catch the train.

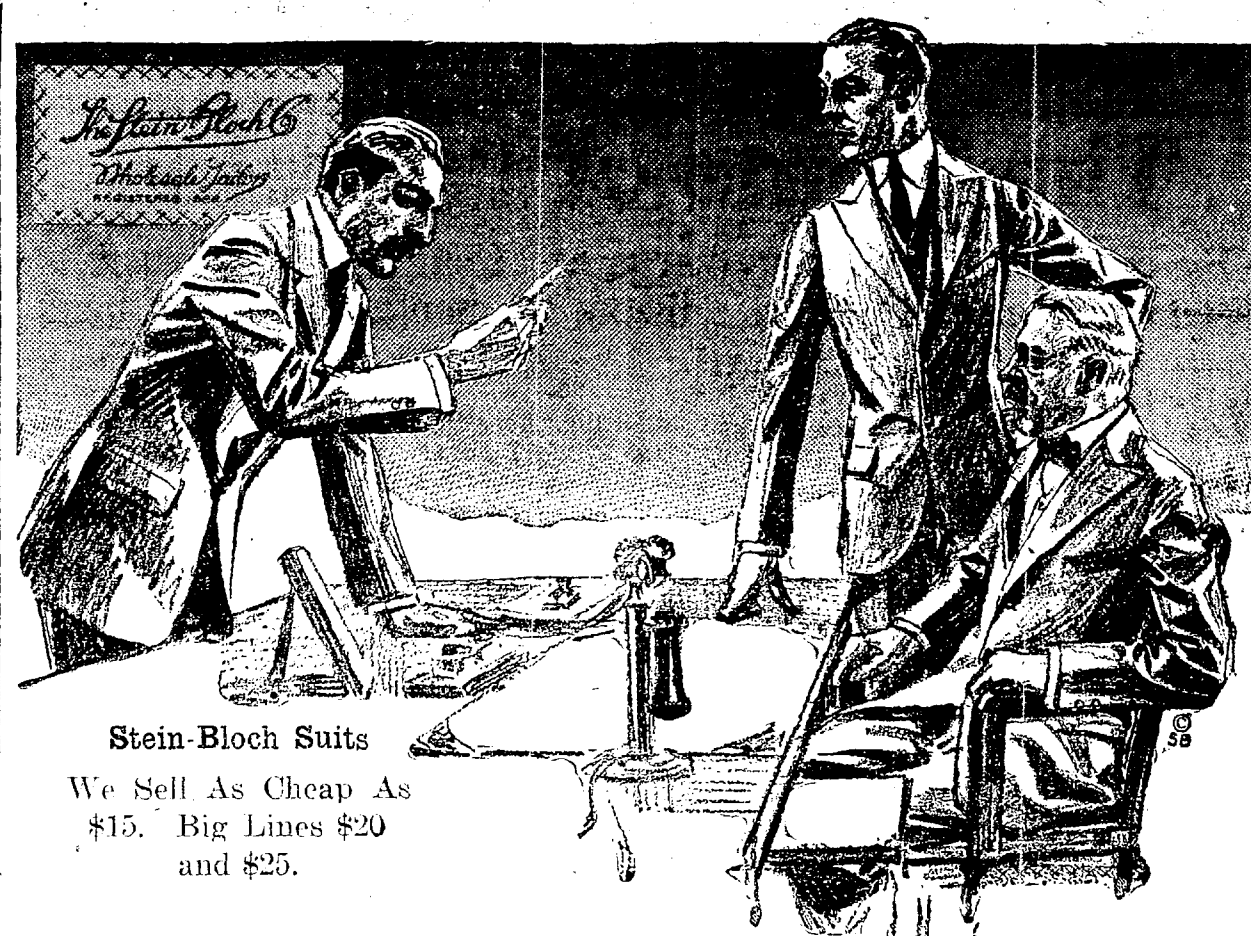

Mr. Owen distinguished between what he knew he thought and what he thought he knew. He was never too busy to quote rates. When he was asked a question he didn't stop to chuck a piece of wood in the stove, bite off a chew of tobacco, hitch his trousers and then turn around and inquire absently: "Was you a talking to me?"

How He Was Recalled.
It wasn't long until the officials in Chicago learned about him. As the result, about two months ago he was promoted to the position of traveling auditor. That didn't please the people here a little bit. A big petition was prepared asking that he be "recalled." And, when almost everyone in town had signed it, it was sent to the officials in Chicago. A little investigation, a little red tape and—Harry Owen is back at his old job.

SICK HEADACHE.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and despondency, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says: "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers.—Adv.

Your First Stein - Block Suit Means the Beginning of a Habit

There are many families where Father, Son and Grandson all wear Stein-Block Clothes. The knowledge of Satisfaction and Economy proven to the Father has been the repeated experiences of son and grandson.

Many men not wealthy, always buy a \$4 or \$5 Stetson Hat because they know it's the most economical in the long run. They're the kind of men who make their money go farthest by mixing Braius with it. The same reasoning applies to Stein-Block clothes. Stein-Block and Stetson are good economical habits to form. We carry both and want to sell them to you because your Satisfaction means more than your money to us.

NO KISSING TILL WOMEN GET VOTE

That is Plan of Wife of
Playwright and Art
Critic.

MRS. HAVELOCK ELLIS

New York, May 15.—A kissing strike until women's suffrage is won was urged by Mrs. Havelock Ellis, playwright and wife of the English critic and sex psychologist, at a tea given in her honor at the Woman Suffrage headquarters. She said:

"Broken hearts are better than broken windows. If women would refuse to cook or wash for their husbands, refuse to kiss or even look at them, I believe they would get the vote in a surprisingly short time."

"In Cornwall—my home—I asked an old farmer what he thought of this plan. He replied: Good gracious, the women would get their vote within a fortnight."

Mrs. Ellis congratulated New York suffragists on having husbands whom she said appeared so favorable to the movement, adding:

"I took particular notice of the men who listened to the street speeches on suffrage last Saturday, and I did not see a man with a sneer on his face."

Mrs. Ellis' advocacy of a kissing strike was not hailed with enthusiasm by Mrs. Inez Milholland Boissevain, who said: "I would join such a strike if it were practicable. I would adopt any feasible method to get the vote, but this suggestion is not practicable."

Mrs. John Rogers said: "We are asking for the vote because it is right and just not because we wash or cook for our husbands or because we kiss them."

WHOOPIING COUGH.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by all dealers.—Adv.

BANQUET FOR
SAM WALKER

Nickel Plate Passenger
Man Who is to Retire
is Honored.

PENNSYLVANIA
EMPLOYEE INJURED

Flagman Boone Thrown in
Attempt to Board Ca-
boose at Delphos.

A complimentary dinner was given in Chicago by the Nickel Plate passenger department to Samuel Walker Friday night. All of the district and traveling passenger agents of the line were present and each was called upon to make a speech. District Passenger Agent E. P. Parnin, of this city, attended the dinner. Mr. Walker has resigned, effective Tuesday, May 19, and will return to the east to engage in business for himself. He has been the Nickel Plate's contracting passenger agent at Chicago for about twenty years and is known in railway and other circles all over the middle and western states. He makes frequent visits to Fort Wayne and made himself quite popular with the employees of the Fort Wayne Electric works for the part he had in the successful excursions over the Nickel Plate to Cedar Point. The name of Mr. Walker's successor has not been announced.

WATCHING THE PERE MARQUETTE.

Pennsyl Said to Want the Detroit End
of Line.

(Toledo Blade.)
Officials of the Pennsylvania railroad scout the idea of the company over building a line from Toledo to Detroit, but it is not denied that they are watching with much interest the trend of affairs of the Pere Marquette, and if that system is dismembered and its several constituent parts are sold separately in the wind-up of the receivership, it is possible that the Pennsylvania company will take over a piece of the property, thus securing the desired entrance to the Michigan metropolis.

Such is gossip in railroad circles at this time, but a Pennsylvania official says it would cost \$10,000,000 to build from Toledo to Detroit, and the company is not likely to engage in such an expenditure in the near future.

FOREMAN HAS LEG BROKEN.

D. C. McKeeman Meets With Misfortune
Thursday.

Thursday afternoon David C. McKeeman, a laborer at the Pennsylvania car shops, had both bones of the right leg broken about three inches above the ankle. He was in the act of climbing into a car in which some men were engaged in unloading car supplies, when a car coupler which weighs several hundred pounds fell upon the limb, with the result mentioned. He was sent to St. Joseph hospital, where he is reported as resting easy this morning. Mr. McKeeman resides at 2811 South Harrison street.

FLAGMAN BOONE. HURT.

Missed His Hold in Getting on Caboose
and Fell.

Flagman B. D. Boone, a member of Conductor F. H. Meyers' crew, on west-bound Pennsylvania train, second section, suffered severe, though not serious

injuries at 4 o'clock Thursday afternoon at Delphos, Ohio. When his train was pulling out of that station he attempted to get on the caboose, but missed his hold on the hand bar and was thrown to the ground. His face was cut and his arms and one of his legs were cut and bruised. The train stopped to let him get aboard and he remained on duty, despite his injuries and completed the run. He is now on the disability list, however, and may not be able to make a run out for awhile.

GOING TO CHILDHOOD HOME.

Thursday afternoon Nickel Plate passenger train No. 2 carried in tourist cars a happy group of men, women and children, en route for New York, where they will sail next week for their childhood homes in Norway and Sweden. The male heads of these families—and some of the females also—were born in the old countries and came here years ago to settle in the west and northwest where they prospered. Now, with plenty of money, they are going back to see the relatives and friends they left there when they sailed for America. Another tourist car load of these people is en route from Minnesota and will pass through Fort Wayne Saturday morning. Another party of foreign born people in entirely different circumstances, occupied a coach on train No. 2 Thursday, traveling under close guard, like prisoners. They are a class known as "undesirable aliens," who will be deported to the countries from whence they came. The Nickel Plate is getting the bulk of the steamship passenger business out of the northwest, through the efforts of District Passenger Agent C. A. Asterline, of Minneapolis, formerly of Fort Wayne.

AN UNIQUE GREETING.

E. G. Hayden, district passenger agent of the Chicago, Milwaukee and St. Paul road, headquarters at 907 Euclid avenue, Cleveland, Ohio, sends The Sentinel a map of the Mexican situation, showing the location of the American fleet and border forts. It also shows the location of the land forces of the contending parties in Mexico and is a very handy thing to have at present. On the border of the map are the names of the principal cities in Mexico, as well as their population. The map is folded in a handsomely executed cover, on the back of which is a colored American flag, while on the inner side of the first leaf are "America" and "The Star Spangled Banner." Of course it bears the name of the "greatest railroad in the west."

HERE ATTENDING MEETING.

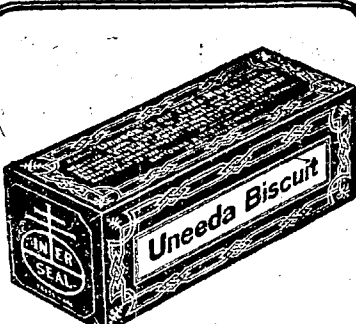

The material committee of the Fort Wayne Electric works held a meeting yesterday and discussed matters of interest to the department. One of the participants in the meeting was J. A. Capp, the head of the testing department of the General Electric company, of Schenectady. He left for his home immediately after the meeting.

OUT INSPECTING BOILER PLANTS.

H. W. G. Heine, boilermaker, and Frank Hebert, machinist, of the Pennsylvania, are engaged in the spring inspection of boiler and heating plants on the Western division of the line. This work usually consumes about two weeks.

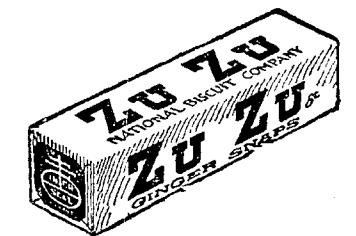

NOTHING DOING UNTIL JULY.

(Peru Journal.)
Wabash men in Peru have settled down to wait patiently for the readjustment of the road's financial affairs which are expected to be settled by July 1. With a new order of things in operation at that time railroad men are confident that traffic can be made to return to normal and even to break records. At present, however, Wabash business is sluggish in the extreme. The yearly program of improvements on the Peru division made

WILL SETTLE IT TOMORROW.

The Longs and Shorts of Foreman Frank Schaefer's forces in the Pennsylvania shops, will settle a dispute over the Weisser Park ball grounds Saturday morning, commencing at 9 o'clock. A year ago a similar contest resulted in victory for the Shorts by 12 to 3, but the umpire was blamed for it by the losing side. This time there will be two umpires—Frank Schaefer for the Shorts and W. F. O'Connor for the Longs. W. H. Smith is captain of the Longs and E. Yehl the captain of the Shorts.

FREIGHT HANDLER INJURED.

C. S. Dominique, a freight handler at the Pennsylvania warehouse, is in St. Joseph hospital with injuries sustained this morning. He was engaged with others in handling a piano, when he slipped as he was pushing it around and severely sprained his side. The extent of his injury cannot be ascertained at once, but it is not believed to be very great.

NEW DRAUGHTSMAN AT SHOPS.

C. C. Brown, a draughtsman formerly employed by the American Seeding Machine company, at Richmond, Ind., has taken employment in the draughting department of the Pennsylvania, and has been assigned to the office back of the planing mills, with foreman E. W. Sigl. Mr. Brown has leased the house at 3919 South Wayne avenue and is moving his family therein.

INDUSTRIAL NOTES.

John Edelman, of the Pennsylvania car machine shop, is sick and off duty. Supt. J. C. Sullivan, of the Wabash, who spent the night in the city, left at noon today for Danville.

Two car loads of steel stacks built for the Pennsylvania company left the Bass works for Chicago yesterday. H. E. Breineyer, a clerk in the Pennsylvania boiler shop office, will be the guest of friends in Lima over Sunday. The Bass machine shop was not in operation today, that department not being overcrowded with work at present. Ed Sweet, of Big Rapids, Mich., is visiting his Fort Wayne friends and looking after some business matters today.

Gang Foreman A. J. Rondot, of the Pennsylvania boiler shop, is sick. J. H. Lange, of the blacksmith shop, is also sick and off duty.

Assistant Master Mechanic E. E. Griest, of the Pennsylvania, is suffering from a severe cold and was unable to get down to his office this morning.

L. D. Nordstrom, of the Fort Wayne Electric works, an electrical engineer, has gone to Schenectady, N. Y., on business for the company.

J. J. Moser, of the Pennsylvania boiler shop, will be off duty a day or two as the result of an injury to one of his thumbs Thursday. It is not serious.

Boilermaker W. Schaefer, of the Pennsylvania shops, is taking a lay off to look after a new son, who appeared at his home yesterday. The little fellow is the first child in the family.

Walter Massey, an assistant superintendent at the Fort Wayne Electric

works, has returned from Schenectady. He went there several days ago to attend a meeting of the General Electric safety committee.

Chief Clerk W. L. Wilt has returned from a business trip to Pittsburgh in the interest of the motive power department. He says that there is no improvement in the business of the industrial plants in that city.

Mr. and Mrs. William Meyers, of 448 East Taber street, have returned home after a visit in Maryland and Virginia for two weeks. Mr. Meyers is employed in a responsible capacity at the plant of the Fort Wayne Builders Supply company.

DECATUR NEWS.

Decatur, Ind., May 15.—The D. M. Cushman family is moving from Monroe and Twelfth streets into the J. L. Gay residence, on Ninth street.

Rev. J. H. Winters, superintendent of the German Reformed Orphans' home at Fort Wayne, will preach Sunday at the church here in the absence of Rev. L. C. Jessert, who is at Lancaster, Pa., attending the general synod.

Mrs. J. S. Coverdale will entertain the Ladies' Progressive class of the Presbyterian Sunday school Saturday evening.

Daniel Kitson visited at Monmouth with his daughter, Mrs. Charles Johnson.

Rev. Joseph Grimes went to Fort Wayne to attend the Methodist pastors' and stewards' conference.

Mrs. M. E. Clark and granddaughter, Rhoda Jones, went to Fort Wayne to visit with Mrs. T. F. Auten and daughter, Madie.

Miss Betty Ainsworth, of Willshire, O., is the guest of her aunt, Mrs. A. M. Henry.

Mrs. C. J. Lutz and daughter, Jean, were Fort Wayne visitors.

Mrs. Ferdinand Blecke was brought home from the Lutheran hospital by her husband. She is recovering nicely. Her nurse, Miss Blanche Harsbarger, accompanied her home also.

Dr. J. S. Rogers has returned from Hope hospital, where he took treatment for several days. He is getting along nicely and will be able to resume his practice in a day or two.

Christian Hofstetter, aged 72, and Mrs. Eliza Hunziker, aged 52, secured a marriage license and went from here to Fort Wayne, where they were married by Rev. Ruhl, of the German Reformed church. They will reside in Fort Wayne, where they have purchased property.

Miss Justine Stults arrived from Wren, Ohio, for a visit with the John Stults and William Wetter families. She is a daughter of Wesley Stults, formerly in the hardware business in this city. He is very low of kidney trouble.

250 More Women Can Get
Their Suits at Half Price

For over a week now our Second Floor has been a busy place. The sale of Spring suits at half price has brought scores of buyers, and even yet the line is very complete. We offer for Saturday's buying 250 high-grade Spring Suits in all sizes and in all the latest models, fabrics and colors. The buying has been so even that tomorrow's shoppers will have just as complete a line from which to choose as those who came earlier—but how much longer the lines will be complete we cannot say, so come tomorrow.

Blues and Blacks—even these staple colors are reduced one-fourth. These colors are especially complete in the larger sizes, up to 59.

THE SALE OF
RIBBONS AT

QUESTION STICKS IN SAME PLACE

Lakeside Mass Meeting
Ends in Resolution to
Get Light on Law.

THE MUNICIPAL NEWS

Lakeside and Forest Park residents' mass meeting last night in the Lakeside school building to consider ways and means to get relief from backed up sewers during flood time and for more adequate protection when the tide in the two rivers that sweep the west and south frontages of Lakeside, brought up just where the question has been for months. The committee in charge of the project for sewer pumps and a stronger and higher dike will try to find out from the city attorney just what legal means will be best.

City Attorney Colerick today stated that he rendered an opinion several weeks ago to the board of works that the city cannot legally establish a drainage district and impose an assessment for sewer pumps and that if the people of Lakeside want pumps and are willing to pay for them they will have to secure the city against liability for the contract in case persons assessed resist payment, for there is no way to enforce collection.

A proposal by Homer C. Underwood to the meeting was that a law of 1907 be invoked whereby five property holders may petition for a levee or dike and get the improvement through a commissioner appointed by the court, the cost to be assessed against benefited property owners. It is said that pumps then can be built and paid for by assessment.

The committee will seek advice of the city attorney and will doubtless be told what already is known so far as installing pumps under auspices of the board of works is concerned.

Meeting Well Attended.
The meeting was attended by about 250 residents of Lakeside and Forest Park and was marked by intense seriousness and a good deal of feeling. Many of these present had something to say, most said something embodying suggestions.

Councilman Jacob Agne, L. P. Sharp, Thomas J. Logan and William D. Henderson were by motion of the meeting continued as members of the committee of relief and were instructed to get from the city attorney his opinion as to the best legal means by which Lakeside and Forest Park property owners can get the pumps and other necessary protection. A meeting will be called within the next two weeks and at that time the committee is expected to be able to make a report.

Mayor Hoesy and Messrs. Robert E. Kelly and Henry Hilgeman, of the board of works, were present and the mayor discussed the subject of flood protection in Lakeside, going to considerable length and into much detail of the matter. The mayor reiterated with much emphasis that the filling of the channels and a few days ago by opening the valve of the intake from the river was a serious mistake and he cited conditions to prove it. The mayor also declared that if a repetition of present conditions was to be averted that the Fort Wayne Land Improvement company must be prevented from reclaiming about twenty lots just west of Anthony boulevard, which territory had been a storage basin for storm water ever since the building of the dike twenty-five years ago had obstructed the natural channels by which the water from the hills above Lakeside got into the Maumee river.

Mayor Hoesy assured the people that the administration would do all in its power to relieve conditions of which there is complaint, but he warned them that if the means of storing water during flood times were to be taken away and reliance placed wholly in sewer pumps, an investment of \$50,000 to \$40,000 would be necessary and a big appropriation to operate them. Mayor Hoesy said that he had ordered the valve of the intake pipe that permits river water to flow into the lake and lagoon to be kept closed for precisely the reason that the flood or storm water had shown to be well founded. He wanted reserve storage for the water after the rise of the rivers should compel the closing of the sewer valves. The mayor appealed to fair judgment if he had been unmindful of the welfare of Lakeside people. The mayor went at some length into the pump matter and explained that the people of Lakeside had not indicated to the board of works that security would be given by the property owners that the assessments made for the pumps would be paid.

Councilman Jacob Agne and President Foster, of the park board, were heard in defense of their action in opening the intake valve to fill the lake and lagoon, stating that the purpose was to prevent a recurrence of foul odors that gave offense last year. No such stage of water as developed this week was looked for. Colonel Foster asserted that the filling of the basins was not responsible for water in any cellar in Lakeside.

Messrs. Kelly and Hilgeman, of the board of works, attended the Lakeside meeting after the session of the board was concluded at the city hall, and both spoke in resentment of Councilman Agne's assertion that Lakeside people had not received fair treatment from the board.

On the question of ownership of the dike, Mayor Hoesy declared he had been unable to find any record that the dike from Edgewater avenue to Morton street had ever been transferred to the city.

but Colonel Foster and W. D. Henderson asserted that the transfer was made and \$1 consideration given to some one. The mayor said that regardless of who owned the dike, it would be strengthened and built higher by the city just as soon as any street paving in Lakeside made earth available.

The meeting lasted three hours and the discussions were animated and carried on with impressive earnestness.

WILL OPEN SHERMAN STREET.
Board of Works Again Declines to Re-scind Its Action.

The board of public works last night made its second refusal to rescind action for the opening and straightening of Sherman street from High street to Pope avenue. There was another protest last night against the proposed improvement but the representations made in favor of the proposal were much the stronger. All the formalities by the board have been completed and some of the assessments have been paid.

The Grace Construction company was awarded the choice of material to pave Calhoun street from Rudisill boulevard to McKinzie avenue, and anchored bituminous concrete will be the material unless the property owners change it.

thoroughfare from the Wabash railroad to DeWald street, was placed on file and the board received the monthly reports of Building Inspector Philip Wyas for March and April, showing that \$342 in fees had been collected.

Resolutions were passed by the board for the following sewers: In the alley between Barr and Piqua, from a point 210 feet south of Winkie to Dalman; in the alley between Grant and Wabash, from the Wabash railroad to Wayne trace; in Burnett avenue and in the alley between Indiana and Shady court, from Burnett to Ewing's out lot No. 14, and in the alley between Shady court and South Wayne, from Burnett to Ewing's out lot No. 14; in the alley east of Calhoun, from Rudisill to McKinzie, and in the alley between Rudisill and Boeger from the alley east of Calhoun to its eastern terminus, and in the alley between Boeger and Branning, from the alley east of Calhoun to its eastern terminus, and in the alley between Lexington and Lexington, from the alley east of Calhoun to its eastern terminus, and in the alley between Lexington and Lexington, from the alley east of Calhoun to its eastern terminus.

BROADWAY SIDEWALKS BEGUN.
The Brooks Construction company began today on the work of constructing cement sidewalks on the east side of Broadway from Dayton avenue to Rudisill boulevard. The walks are to be built by private contract and all the property owners from Dayton to Rudisill have

signed up. This walk will provide a splendid footway to the entrance to Foster park.

TAKE SEWER SOUNDINGS.
The mayor and board of works today took soundings in sewer manholes in several parts of Lakeside and found that in different localities and in different sewers there is a varying depth of water. The soundings will be an aid in determining just how the floods from the higher ground affect the sewer system of Lakeside and what means will be necessary to provide a remedy.

NINE CREDITORS FILE PETITION

Want Huntington County Merchant Declared Bankrupt.

S. M. Saylor, attorney for creditors of William A. Goslee, a merchant in Lancaster township, Huntington county, filed an involuntary petition with United States Clerk Thomas J. Logan Friday morning, asking Judge A. R. Anderson to declare Goslee a bankrupt. The petition alleges that he committed an act of bankruptcy on May 14, 1914, when he made a general assignment for the benefit of creditors.

Among the creditors named in the petition are the following: A. H. Perfect

& Co., George DeWald & Co., G. E. Bursley & Co., the Hon. Miller Lau company, the Perfection Biscuit company, Fisher Bros. Paper company and the Seaway Hardware company, of Fort Wayne; the Berdan company, of Toledo, Ohio, and the Huntington Grocery company, of Huntington.

OTTERBEIN SWEEP BY FIRE.

Little Indiana Town Suffers Disastrous Blaze.

Lafayette, Ind., May 15.—Otterbein, eight miles west of here, was swept by fire early today. A part of the business district was wiped out. The fire started in a motion picture theater, and the flames spread to a jewelry store and undertaking establishment. A large hardware store and a furniture store were damaged slightly. The loss is about \$10,000.

Former Vice President to Celebrate Anniversary Tomorrow.

New York, May 15.—Levi P. Morton, former vice president of the United States and former governor of New York state, will tomorrow celebrate his ninetieth birthday anniversary at his country home at Rhinebeck, N. Y. Mr. Morton will be accompanied to Rhinebeck by his daughter, Mrs. Winthrop Rutherford. Mrs. Morton is at present in Europe. Hundreds of congratulatory letters and telegrams already have been forwarded to Rhinebeck. Mr. Morton is in good health and he plans a stroll about his estate tomorrow if the weather permits.

MAY SUSPEND OPERATIONS.

Muncie Oil Men Say Cuts in Prices Are Likely to Reduce New Work.

Muncie, Ind., May 8.—Following continued cuts in the price of Indiana crude oil, operators in the Muncie field have decided practically to suspend drilling operations. They say many more cuts could be made without bringing even a small producer below the point of profit, but they do not know when the cuts are to cease. After a time of unusual stimulation in price it has been customary for the controlling influences in the oil industry to reduce the price of crude oil rapidly. It is understood here that in the Oklahoma fields there has been an over-production, and that steady prices in Indiana, and Ohio are not now probable. There may be a sudden falling off in surplus stock.

PAIR ARRESTED FOR ARSON.

Lafayette, Ind., May 15.—Harold Smedley and Grace Brown, who have been living together here as husband and wife for several weeks, were arrested today on a charge of arson. According to a confession which the woman made to the police she and Smedley had arranged to be married, and wished to collect \$500 insurance on the furniture which they had bought. They told the police they placed a bundle of newspapers in a closet last night, set fire to it and then went to a moving picture show. The fire was discovered soon after the couple left, and evidence said to indicate incendiarism was found by the firemen, who caused the arrests.

SCHOOL GIRL DRINKS ACID.

Hartford City, Ind., May 15.—Miss Mary Borden, 17-year-old high school girl, probably will recover from carbolic acid burns inflicted when she drank an ounce of the poison, supposedly with suicidal intent. Overwork and worry over her studies at school are believed to have prompted her act. Circumstances surrounding the drinking of the poison preclude the likelihood of the girl mistaking the acid for a tonic she had been directed to take.

Beautiful Bird House

Have a Family of Sweet Singing Wrens in Your Yard

The Wren is the Sweetest of all American Song Birds and is Found in All Parts of the U. S.

From early in April until September, his clear musical ripple delights the homes of those who give him shelter.

He is a most companionable bird and will quickly take lodgings built to suit his requirements. The requirements are simple, but vitally important.

The house must be ready for occupancy early in spring. It must be storm-proof. The entrance must be near the top and of the exact size to admit Mr. and Mrs. Wren but to exclude their blood-thirsty foe—Jack Sparrow.

No Wren babies will be trusted to an apartment that fails in any of these demands.

An Everyday View of the Next Sunday School Lesson

SUNDAY, MAY 17, 1914.

Topic, "The Rich Man and Lazarus"—Luke 16:14, 15, 19-31. Golden text, "Whoso stoppeth his ears at the cry of the poor, he also shall cry, but shall not be heard."—Proverbs 21:13, R. V.
A beggar in this life, a prince in eternity. Let us call up Dr. T. DeWitt Talmage, and in familiar tones, hear what he has to say about this lesson: "A cluster of old rage was the entire property of Lazarus. His bare legs ulcered were an invitation to the brutes; his food the broken victuals that were pitched out by the housekeeper—about the last creature out of which to make a prince, yet for eighteen hundred years he has been one of the millionaires of heaven. No more waiting for crumbs. He sits at the same table with the kings of eternity, himself one of them. What were the forty years of his poverty compared with the long ages of his royalty? Let all the Christian poor be comforted. Your good days will be after a while. Stand it a little longer, and you will be all right. Do not be afraid of the dogs of distress: they will not bite, they will help to heal. Your poverty may sometimes have led you to doubt whether you will have a decent funeral. You shall have grander obsequies than many a man who is carried out by a procession of governors and senators. The pall-bearers will be the angels that carried

Lazarus into Abraham's bosom. The survivors have been busy. Your eternal possessions have already been laid out by God's surveyors, and the stake that bounds the property on this side is driven into the top of your grave, and all beyond is yours. You can afford to wear your clothes now, when for you in the upper wardrobe is folded away the royal purple. You can afford to have coarse food here when your bread is to be made from the finest wheat of the eternal harvest. Cheer up! Weeping may endure for a night, but joy cometh in the morning.
See also that a man may have every comfort and luxury here, and yet come to a wretched future. It is no sin to be rich. It is a sin not to be rich, if we can be honestly. I wish I had five hundred thousand dollars—I suppose I might as well make it a million—I see so much suffering and trial every day that I say again and again, I wish I had the money to relieve it. But alas for the man who has nothing but money! Dives' home had a front door and a back door, and they both opened into eternity. Sixty seconds after Dives was gone, of what use his horses? He could not ride them. Of what use his rich viands? He could not open his clenched teeth to eat them. Or what use his fine linen shirts, when he could not wear them? This rich man of the text had everything once, now nothing. He had the best wine: now he cannot get water. He had, like all other affluent persons of the east, slaves to fan him when he was hot; now he is being consumed. He can afford no covering so good as the old patches that once fluttered about Lazarus as he walked in the wind. Who here will take Dives' fine house, and costly plate, and dazzling equipage, and kennel of blooded dogs, if his eternity must be thrown in with it?" (This question we have been keeping among hidden treasures since 1879.)
And Dr. Talmage only said it over after Jesus! He only tried to put it into our everyday language so that we might understand Jesus all the better. We seem to see six things which Jesus wished to teach his hearers that day and all people all the days:
1. That both rich and poor live in this world.
2. For the rich to neglect the poor is a heinous sin.
3. The rich may have the joy of giving and the poor should have the comfort of relief.
4. Both the rich and the poor are in God's sight.
5. Riches are at par only in this world, and they are 100 per cent. below par in the next world.
6. There is an impassable gulf between hell and heaven.
7. The time for the right uses of wealth is now.
8. Prayers uttered in the world of the lost are not answered.
Lazarus is the hero of this lesson. His real name was probably Eleazar, rather a hard name to speak, so he was called Lazarus. There was promise in his name, for it meant "helped of God." While he was living in this world it did not seem that God was helping him very

much, for he was sore and hungry, and no friends were given to him; he suffered until he died; then he awoke to find himself in closest companionship with one of the choicest saints in heaven, for the angels had laid him in the bosom of Abraham, the man of all others whom he had revered in his lifetime, as the father of his people. But somebody is asking: "Why did God not help him in this world?" God did help him by giving him so much of his Spirit that he was able to see the invisible and take hold on heavenly things, so that other matters, even food and clothing, were of small moment to him. The bread of heaven was sweeter to him than the bread of this world. God sent friendly dogs to be his comforters. They were to be preferred to heartless men. Let no one who is poor consider himself forsaken of God; on the contrary, let him try to discover how God is helping him. Let him pray as Lazarus. Let him take it as a new name between him and God: "I am as Lazarus in thy sight."
"A jeweler gives us one of the surest tests for diamonds—the water test. He says an imitation diamond is never so brilliant as a genuine stone. If your eye is not experienced enough to detect the difference, a simple test is to place the stone under water. The imitation diamond is practically extinguished, while the genuine diamond sparkles even under water and is distinctly visible. If you place a genuine stone beside an imitation under water, the contrast will be apparent to the least experienced eye. Many seem confident of their faith so long as they have no trials; but when the waters of sorrow overflow them, their faith loses all its brilliancy. It is then that true servants of God, like Job, shine forth as genuine jewels of the king."—Homiletic Review.
But because men and women have extracted good out of their need we are not therefore to look upon poverty as a state of blessedness, but instead we must do all we can to relieve the poor. Perhaps God does not feed the poor as he feeds the birds because he wants to bless the rich in being helpers of the poor. What could all of the rich do if there were no poor to help?
Here is a very good story for the children: The crown prince of Italy, Umberto is a little boy 9 years old. He has been taught by his sweet mother, Queen Helene, that he must always be kind to the children of the poor. Shortly before Christmas one of the newspapers in Rome opened a subscription list to raise money to buy Christmas presents for the very poor children of the city. In a few days an envelope bearing the royal sign was received at the newspaper office, and when it was opened it was found to contain two thousand lire (four hundred dollars). That was the contribution of the queen and her children. In the royal palace when they were getting the money together to put into the envelope, the little crown prince had asked: "How much money have I in my bank?" "I do not know," replied his father, the king; "if you would like, we will open the bank and count the money." That was done, and it was found to contain fifty lire (ten dollars). Then the prince said: "Take it all, and send it to that paper for the Christmas gifts for the poor children." And so he had his share in making up the four hundred dollars in the envelope sent by the queen.
Robert Hunter, a social expert, determined to count all the poor people in the United States, and he found that

"one-eighth of the nation's population are in a more or less constant state of poverty, and that forty per cent of these are paupers dependent upon some form of public relief." Now any boy or girl with a slate and pencil can take the present population of the United States and divide it according to Mr. Hunter's statement and find out just the number of poor people we have within our borders. Yet we are said to be the richest nation in the world. We are said to average \$1,200 dollars to every person. Mr. Hunter has written an interesting book called Poverty, in which he tells us why there are so many poor people in the United States: Low wages, lack of employment, deaths and maimings of bread-winners while at work, and sickness caused by insanitation and crowding in the slums.
Probably if Jesus were standing in

Washington today he would say: "Move out the poor people, black and white, who live in the three hundred alleys of your city. Build them healthy and safe homes to live in and destroy the foul alleys." This is being commenced. The old Willow Tree Alley, famous for dirt and crime, is being made over into a beautiful play ground for children. In almost every city there are habitations of the poor that we sometimes call "shums," that need either to be abolished or purified. Factories and workshops should be made more sanitary, and safety appliances should be installed. When all this is done, verily we shall not have four per cent of poverty, and then if the churches and the Sunday schools will do their share in giving the Gospel light to everybody, we are not likely to have one per cent of paupers. No wonder that Dr. Talmage wished

that he had a million dollars to help the poor and suffering. Some people who have a million of dollars, more or less, are doing their share of this sort of work. Their are others who have loads of money who are keeping their money for their own comfort and pleasure. Their pocketbooks are not large enough to hold it all, so they put it in banks. It is a wonder that it does not burn its way out!
Depend upon it, the best and safest investments for money are to be found in God's work in this world. "When thou cuttest down thine harvest in thy field, and hast forgot a sheaf in the field, thou shalt not go again to fetch it; it shall be for the stranger, for the fatherless, and for the widow. When thou beatest thine olive tree, thou shalt not go over the boughs again; it shall be for the stranger, for the fatherless, and

for the widow. When thou gatherest the grapes of thine vineyard, thou shalt not glean it afterward; it shall be for the stranger, for the fatherless, and for the widow." (Deut. 24: 19, 20, 21.)
So those are told who do not consider the poor: "Whoso stoppeth his ears at the cry of the poor, he shall also cry, but shall not be heard." Prov. 21: 13. These are the words of our Golden Text today. They will do to go with these words which Jesus spoke when he was teaching his disciples how to pray, "Forgive us our debts as we forgive our debtors." If we expect to get a blessing from God, we must be a blessing to others. We must be not only willing, but glad to share whatever we have of light, of love, of joy, of comfort, of riches, of any good thing.—Dr. and Mrs. Wilbur F. Crafts in The Christian Herald.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription outline—double strength—is guaranteed to remove these homely spots.
Simply get an ounce of ointment—double strength—from Meyer Bros. Co., and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.
Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

THE CLASS PRESIDENT

Is the Title of Play to Be Given By
Godeva Girls at Y. W. C. A. May 28.
The Godeva Girls Sunday school class
of the First M. E. church will give a
very attractive two-act drama, entitled
"The Class President," in the Young
Women's Christian association auditor-
ium on Thursday evening, May 28. This
little sketch is a story of college life
worked into a skillful plot, intermingled
with college yells and songs.
The young ladies have been training
under the direction of Miss Eva Mc-
Guire for several weeks and each mem-
ber of the cast is particularly well trained
for her part. They will be assisted
by members of Schlatter's orchestra and
Miss Dorothea Cox, violin soloist. Fol-
lowing is the cast:

Louise Moore, (class president)
Pat Dickinson (her room mate)
Ruth Michael
Pat's mother

WILL HAVE S. S. CONVENTION.

Methodist Bible Schools of Fort Wayne
District Will Meet During Summer.
During the business session of the
meeting of the Methodist pastors and
stewards held Thursday afternoon at
the First M. E. church, action was tak-
en to hold a Sunday school convention
of the schools of these denominations
some time next summer. The exact
date was not decided upon but was
left in the hands of the district super-
intendent, Rev. J. A. Beatty.
During the latter part of the meet-
ing telegrams were sent to Congressman
Cyrus Cline and John A. M. Adair
urging them to stand by and support
the Hobson prohibition amendment.
During the closing of the lunch at
noon by the ladies short talks were
given by several of the ministers who
were in attendance.

WILL REPEAT PROGRAM.

First Rendition of "Uncle Eph's Summer
Boarders" Was Great Success.
The entire program given Thursday
evening at the St. Paul's auditorium
under the auspices of the Young Ladies'
society, including the play, "Uncle
Eph's Summer Boarders," was a great
success and will be repeated Friday
evening. Besides having a crowded
house the entire play was given without
a hitch.

The members of the cast of char-
acters were especially fitted for their
parts and many received applause for
the fine work. A few of those who par-
ticipated were presented with a large
bouquet of flowers.

Is Attending Meeting.
Rev. John A. McCarthy, assistant at
the Cathedral, is attending the annual
meeting of the Alumni association of
St. Bernard's seminary, Rochester, N.
Y. Several other priests of this vicin-
ity, including Rev. Thomas Travers, of
Portland, and Rev. Lawrence Monahan,
of Peru, are also attending this yearly
affair.

NOTES OF THE CHURCHES.

The Ladies' Aid society of the Simpson
M. E. church will hold a sale of baked
goods at the store of Ernest Carey, South
Calhoun street, Saturday morning.

The Young Woman's Bible class of the
South Side Baptist church will give a
progressive May-time frolic on Tuesday
evening, May 19, commencing at 7:30, at
the home of H. P. Fletcher, 2520 Broad-
way.

Rev. M. L. Buckley, pastor of the West
Creighton Avenue Church of Christ, will
preach at the Poe Christian church Sun-
day afternoon at 2:30 o'clock.

SPOKE ON ASSOCIATION WORK.
Mrs. W. A. Hastings Gave Address to
Missionary Club of Y. W. C. A.

At the meeting of party given Thursday
evening at the Y. W. C. A. building by
the missionary club of the association
Mrs. W. A. Hastings gave an exceedingly
interesting address on the work that is
being done in South America by the Y. W.
C. A. A large attendance was present
and there were three gentlemen included
in the gathering.

This missionary club is composed of any
person who contributes something towards
the support of a foreign missionary sta-
tioned at Buenos Ayres, the only city in
South America which has a Y. W. C. A.
It costs approximately \$3 a day to keep
up this association and many members
of this club have taken that plan to
donate the amount necessary to keep it in
running order for a day.
Miss Lucile House, chairman of the
missionary club, presided at the meeting,
which was made exceedingly entertaining
by the singing of Mrs. Will Cleary. Fol-
lowing the program a social time was en-
joyed in the library of the building.

DEATH BLAST WRECKS DETROIT FACTORY

AT LEAST TEN KILLED, 3 HURT IN EXPLOSION

Huge Vat of Molten Rubber Lets Go, Hurling Death and Destruction in Every Direction.

VICTIMS BURNED BEYOND RECOGNITION

Detroit, May 15.—At least ten men were killed and three terribly injured in an explosion this forenoon which blew the plant of the Mexican Rubber company to pieces.

There were about twenty-five employees working in the plant. Eleven survivors have been accounted for. Gasoline is believed to have been responsible for the explosion.

Several hours after the accident it was still impossible to learn definitely the number of dead.

Not All Accounted For.

All of the employees could not be accounted for and this led to reports that possibly fourteen had been killed. Officials of the company thought, however, that some of the missing men would be located at their homes later in the day. Most of the victims were killed through the building. Three other bodies were burned beyond recognition. Three men were removed to a hospital and physicians said they did not expect any of the men would survive.

Dozens of windows in the buildings near the rubber company's plant were shattered.

Molten Rubber Explodes.

There were several reports as to the cause of the explosion but survivors said a vat containing a large quantity of molten rubber exploded. Officials of the company declined to issue a statement until they had conducted an investigation.

The plant, a one-story building, was almost obliterated and adjoining buildings riddled.

The factory of the Commerce Motor Car company, about 100 feet from the rubber concern, was badly damaged. Nobody in the building, however, was seriously hurt.

Witness Describes It.

The explosion was witnessed by scores of pedestrians and there were narrow escapes. One man told the police he heard a report and the concrete factory seemed to split in three huge pieces, two of which melted away. The third, he said, shot high into the air, broke into fragments and went whirling in every direction. The building was considered fire-proof and the firemen soon prevented the possibility of a conflagration.

The first five bodies removed from

ZAPATISTAS DEAL BLOW FROM SOUTH

American Warships at Tampico Keep Mexican Gunboats Under Surveillance

Vera Cruz, May 15.—Credible private advices from Mexico City report that the federalists at Tepic, eighteen miles south of the capital, were attacked yesterday by the Zapatistas. No details of the fighting were received, but the incident is regarded as an important development by the authorities here.

Tepic has been the scene of numerous clashes during the last few months and the engagements are usually indecisive since the federalists never attempted to follow the retreating Zapatistas. It is not considered that the new activity there indicates any intention of a Zapatista attack on the capital, as the reported engagement between Zapata and Villa to move jointly against Mexico City is credited here.

The reported departure of the federal gunboats from their anchorage with the American ships off Tampico is believed to be the result of a desire on the part of the commanders to communicate with Mexico City from Puerto Mexico, by the only telegraph wire open to them. They are probably seeking instructions as to what disposition to make of the ammunitionless gunboats which are virtually useless since the fall of Tampico. It is understood that the two American destroyers are conveying the gunboats to see that the coastwise lights and other

New York, May 15.—Owing to the state of Col. Theodore Roosevelt's health, members of his family have requested that no public reception similar to the greeting extended to him on his return from his African trip be arranged on his arrival in New York from Brazil next week.

George W. Perkins and W. E. Roosevelt have been urged by many to arrange a public reception for the returning traveler, but have decided to accede to the wishes of Mrs. Roosevelt. It is likely that a yacht will meet the steamer Aiden down the bay and take the colonel off.

The yacht then will steam directly to Oyster Bay. Any reception for the former president will be arranged after his arrival, it was intimated today.

MOTHER, SON AND DAUGHTER SLAIN

Shocking Triple Murder is Brought to Light at Grey Ridge, O.

LAD ADMITS CRIME

Ironton, Ohio, May 15.—Mrs. Dennis Massie, her son Robert and daughter Mary were murdered last night at their country home at Grey Ridge, this county, twenty-five miles from Ironton, their bodies being found today. The mother, 75 years old, the son and daughter past 45, were prominently connected in this city; another son, W. E. Massie, being tax commissioner.

Miss Mary Massie was found in the kitchen of the house with her hands tied behind her back and her throat cut. Robert was found in the back yard with his head battered in and the aged mother was found in the front yard with her throat cut and skull crushed.

The police claim that the positions in which the bodies were found strongly indicated an attack on the daughter, the pursuit and murder of the aged mother in the yard and the waylaying and killing of the son near the barn. A search is being made for Harley Beard, aged 21, a man employed on the place.

BEARD MAKES CONFESSION.

Suspect, Arrested in Chicago, Recites Awful Tale.

Chicago, May 15.—Parley Beard, 18 years old, arrested here this afternoon, confessed to the murder of three persons on a farm near Ironton, Ohio, last Thursday.

Beard, with perfect calmness in the presence of detectives, said that he first beat his victims on the head with a stick of wood and then completed the work with a razor. Those he killed were Robert Massie, 45 years old; his sister, Mary, 46 years old, and their mother, Mrs. Nancy Massie, 80 years old. Beard was arrested at the home of his sister, Mrs. D. E. Day, at 1331 West Madison street.

LIED MUCH, BUT MAIN STORY TRUE

That is the Essence of the Cross-Examination of Harry Vallon.

HIS TALE UNSHAKEN

New York, May 15.—Harry Vallon, fellow conspirator with "Bald Jack" Rose and others in the plot which resulted in the murder of Herman Rosenthal, for which Charles Becker is being tried for the second time, underwent the ordeal of cross-examination today.

He admitted that he had lied on many occasions in respect to the murder, but swore that his story of the events leading up to the crime was correct in its essential details. Counsel for the defense fired question after question at the witness in an endeavor to show that his testimony connecting Becker with the conspiracy was false. In no important points, however, was the witness's story broken down.

The first witness at the afternoon session was Isaac D. White, employed by the New York World. He was questioned about a graft expose story that appeared in his paper and which was based on material furnished by Rosenthal.

SHRINERS SEE SAVANNAH.

Nobles at Imperial Council Enjoying Side Trip Today.

Savannah, Ga., May 15.—Members of the imperial council, Nobles of the Mystic Shrine, arrived here today from Atlanta, where the 1914 convocation is being held. The visitors were entertained at breakfast at various hotels and later were driven over the grand prize automobile race course. A parade and visits to Tybee island and the resorts round out the day. The convocation will end tonight.

STANFORD TREASURER ILL.

Little Hope Exists for Recovery of Charles Lathrop.

Stanford University, Cal., May 15.—Charles Lathrop, treasurer of Stanford University, is seriously ill of diabetes and word was given out by attending physicians today that the chance for his recovery is slight. Lathrop is a brother of the late Mrs. Jane Lathrop Stanford, who, with her husband, the late Leland Stanford, founded the university.

8-YEAR-OLD LAD HELD FOR RANSOM

New York Kidnapers Demand \$5,000 for Return of Frank Lange.

HIS FATHER WARNED

New York, May 15.—The disappearance on Wednesday of eight-year-old Frank Lange, son of a prosperous estate banker, was explained last night when the police gave out a letter received by the child's father, demanding the payment of \$5,000 with instructions to "keep away from the police or your boy will come home to you in a box and harm will come to your family."

The letter was mailed in Brooklyn. Detectives have been assigned to hunt for the boy and his kidnapers. Two years ago the five-year-old son of Cosimo Di Fiori, a baker and a brother-in-law of Lange, was kidnaped and held for ransom. The boy was kept prisoner several weeks and then was found wandering about the streets of Brooklyn.

CHICAGO MAN IS HELD.

Adolph Schmidt Arrested in England on Forgery Charge.

London, May 15.—Adolph Schmidt, alias Kowalskie, who was arrested at the request of the Chicago police when he arrived at Bristol on the liner Royal George from Montreal, was brought up today in the extradition court, charged with forgery.

Schmidt was remanded pending communication with the American embassy and the state department at Washington, as no extradition had been obtained. The accused is being held temporarily on a "conveyance" warrant in the hands of the London police.

WHEELER DECLINES PLACE.

Chicago Man Will Not Be Member of Federal Reserve Board.

Washington, May 15.—Harry A. Wheeler, of Chicago, vice president of the Continental Trust company, has declined a membership upon the federal reserve board. President Wilson has received a letter from Mr. Wheeler expressing his regret that he is unable to accept the appointment recently offered him because of business connections which he cannot sever.

WIDOW INDICTED IN MURDER CASE

Mrs. Victor Hall, Louisa, Va., Held for Slaying Husband.

SHE BLAMES BURGLAR

Louisa, Va., May 15. Mrs. Victor Hall, widow of a young merchant, shot to death in his home at Greenspring on April 15, was indicted today for murder by a special grand jury, which had been investigating the crime for five days.

Mrs. Hall, who was in the court house, had been taken into custody on a bench warrant issued by Judge Shackelford, following a second attempt to burn down her home and store, and was at once arrested, protesting her innocence. She was released on \$5,000 bail to appear for trial in July. Judge Shackelford granted bail on condition that Mrs. Hall will not leave Louisa county.

The warrant charges Mrs. Hall shot her husband while he was in bed on the morning of April 15. She declared a burglar shot her husband. The grand jury will be called upon to investigate the burning of the store on April 15, the destruction by fire of the Chesapeake and Ohio railroad station at Greenspring and two attempts to burn down the Hall home.

FIXED UP ROOMS TO SUIT HIMSELF

L. C. Zarbaugh Pulls Off Some Unusual Stunts in Van Wert Hotels and Gets Locked Up.

Van Wert, Ohio, May 15.—L. C. Zarbaugh, of Rockford, was interned in quarters in the city prison here, leaving a pair of astonished, not to say angry, landlords of local hotels. Zarbaugh came to Van Wert several days ago and engaged a room at the Hillman house. Wednesday Landlord Hileman found that Zarbaugh had improvised a music rack and nailed it to a fine oak bedstead, so that he could sit on the edge of the bed and practice, and that he had also emptied the contents of a soap jar over the bedding. He then went to the Hotel Marsh, where he represented that he was a sign painter, engaged in repainting some of the large advertising signs scattered about the country, and secured a room. He was asked if he had any baggage, and replied that he had a large quantity, and accordingly he was shown how to get into the basement and carry his stuff to his room, which was the best in the house, without entering the main door. Late in the afternoon he was seen to carry a fish globe upstairs, which led to an investigation. The sight that met the landlord's eyes when he entered the room was appalling. A large storehouse arranged as a cupboard, had been spiked to the wall, while pennants of various sizes and descriptions completely covered the walls, nails having been used to make them secure. In the cupboard was found a veritable commissary department, consisting of three bags of eggs, an oyster bucket full of vinegar, sugar, crackers, bread, mustard and other articles.

The fish globe which first attracted attention to Zarbaugh was found to contain live gold fish, and about three inches of fish food was lying on the bottom.

The condition of the room generally indicated that something was radically wrong and the unfortunate man on his

return was told that he would have to make other arrangements and the officers were informed.

Zarbaugh left the hotel and walked to the Cincinnati Northern depot, where he evidently hoped to get a train for Celina, as he had expressed an intention in the afternoon of going there to attend a banquet, and had evidently dressed for the occasion, having on two suits of clothes, the outer consisting of white overalls such as painters and paperhangers wear, and a dress coat.

MARRIED TWICE BY RECORD.

Hartford City, Ind., May 15.—It required two marriage licenses to make Ariosto de Benedetto, 35, an Italian, and Miss Lulu Patterson, 22, an American man and wife. They bought a second license this week and were married in the office of the county clerk by the deputy, Rev. Lewis Reeves. The first license was taken out a year ago, but because of a divorce decree in which De Benedetto was prohibited from remarrying for a year, the wedding was postponed. When the year expired this week, De Benedetto appeared at the clerk's office and made inquiry regarding the validity of the old license. The clerk looked up the record and found that the couple were supposed to have been married the same day the license was issued.

WIFE WON'T LIVE ON FARM.

Huntington, Ind., May 15.—Charles Schuman, of Wayne township, has filed suit for divorce from his wife, Clara Schuman, in circuit court. The plaintiff says that he is a farmer and capable of earning a competent living in that vocation, but that his wife refuses to live on a farm and is guilty of cruel and inhuman treatment.

IS SENTENCED TO CHURCH.

Wabash, Ind., May 15.—"Eleven days in jail or fifty-two Sundays in church?" asked Police Judge Wilson after John Yeater had pleaded guilty to the charge of public intoxication. The prisoner declared the church to be his preference. Then the court made inquiries and found

that Yeater was not affiliated with any religious denomination. Consequently he was compelled to choose a church where he is to attend services for the next year, and he selected the Wesleyan Methodist.

ONCE LIVED IN ALLEN COUNTY.

Huntington, Ind., May 15.—William A. Berry, one of Huntington's most prominent residents, and proprietor of the W. A. Berry & Sons Feed and Sals barn, at Washington and Warren streets, is dead at his home here, 346 West Market street. Death was directly due to heart trouble, although he had suffered from a lung affliction for some time. His condition had been serious for the last week. William A. Berry was born in Champaign county, Ohio, April 13, 1831. He came to Allen county with his parents in 1848 and in 1855 the family moved to Huntington. With his father, David Berry, who died in 1873, he operated a saw mill at the forks of the Wabash river until 1889.

AN ANTI-NUPTIAL CONTRACT.

Decatur, Ind., May 15.—A marriage license has been issued to Christ Hoffstetter, farmer, born September 16, 1841, son of John Hoffstetter, to wed Eliza Hunziker, born February 17, 1862, daughter of Rudolph Hunziker. Both were married before, the groom's marital relations being served by death in 1876 and 1908, and the bride's in 1911. Previous to the securing of a marriage license, they entered into an anti-nuptial contract, whereby each is to retain the property they hold at marriage, in their own names and for their own heirs, the bride to get \$500 from the groom's estate. In consideration of the marriage contract (so the contract runs) "each is to treat the other properly and perform their several duties as husband and wife and to be true to each other."

BELIEVES HORSE POISONED.

Bluffton, Ind., May 15. Harry Little lost a valuable horse and death was due to poisoning. Mr. Little believes. He says that the horse was in good health up until he put the animal in the barn at supper time and shortly after feeding time he went to the barn to place some water in the stall for the animal. The horse suddenly became ill and died in a few minutes. Mr. Little claims that poison was placed in the feeding trough by an enemy of his, and he states that he has some idea as to the identity of the person who committed the act, and there may be some further developments.

WELLS SUNDAY SCHOOL GAIN.

Bluffton, Ind., May 15. Reports from 40 of the 63 schools in the county outside the city of Bluffton show the attendance last Sunday to be 3,607. Two schools did not report the attendance a year ago. Six Mills is unable to do so on account of their records having been burned with the church. The 38 schools giving full reports show almost thirty per cent. gain over the same date last year, there having been 2,749 present last year and 3,552 last Sunday. The largest per cent. gain in the individual school was 91 per cent. in the Ponto M. E. school. The second largest was 76 per cent. gain by the Ossian Presbyterian school.

FISH POACHER CAPTURED.

Kendallville, Ind., May 15.—Edward Charter, who escaped from the temporary city bastille some weeks ago, after he had been given a fine, together with costs, amounting to \$18, was taken into custody at his home by Marshal George Cunningham and Constable C. F. DuVan, and has been removed to Albion, where he will lay out the fine in jail. Charter was arrested by several game wardens for having in his possession a net. He was taken to the wooden calaboose, together with his companion, who was also charged with a similar offense, and both broke out and escaped.

SCUFFLE PROVES COSTLY.

Bluffton, Ind., May 15.—While scuffling at the Public drug store Harry Johnson and Fred Grove knocked a piece of large white glass slab from the new fountain and broke a large piece off of one end. When the glass was knocked off it fell against another section at the bottom of the fountain and cracked another piece of the fountain. The entire damage will amount to over \$100 as the white plate glass was imported from Germany.

SMALL HAUL BY ROBBERS.

Ashley, Ind., May 15.—Forcing an entrance through a rear window robbers gained admission to the general store of O. G. Albright, at Ashley, and robbed the cash register of \$7. No clue to their whereabouts has been unearthed.

MOST TEETH DEFECTIVE.

Garrett, Ind., May 15.—That ninety per cent. of the school children of Garrett have defective teeth and that there are 2,735 bad teeth in the mouths of 702

pupils examined are astonishing discoveries made through the dental examination in which the teeth of all the school children were examined free of charge by the dentists.

Over forty-three per cent. of the teeth found defective were the baby teeth.

PROMISES TO DO BETTER.

Portland, Ind., May 15.—Ora D. Hutchins, of Dunkirk, was released from the county jail and permitted to return to his home, when he promised Judge Moran that he would again provide for his wife and children. He was arrested at Fort Wayne last week on a charge of deserting his children and was brought here for trial. He was unable to furnish bond.

RUSHVILLE GIRL WINNER.

Takes First Place in Central Indiana Oratorical Contest.

Shelbyville, Ind., May 15.—Miss Leah Flint, representing Rushville high school, won first honors last night in the first annual oratorical contest held by the Central Indiana High School association. Miss Flint spoke on "Toussaint L'Ouverture." Harold Hufford, representing the Greenfield high school, with "Poverty and Crime" as his subject, won second place. Carl Girton, of the Shelbyville high school, took third place. His subject was "True Americanism." Other speakers were Chalmers Patton, of the Westfield high school, and Miss Ruby Billingsly, of Greenwood. The judges were W. R. Stout, W. K. Stewart and E. H. K. McComb, all of Indianapolis. The track and field meet, which was to have been held this afternoon, was postponed until Friday, May 22, because of the weather.

C. W. MILLER IS RETAINED.

Represents Government in Rehearing of Petitions in Dynamite Cases.

Indianapolis, May 15.—Charles W. Miller, formerly United States district attorney, who prosecuted the dynamite conspiracy cases in the federal court here, has been engaged by the department of justice as special counsel to represent the government at the rehearing of the petitions of Olaf Tveitmoen, of San Francisco; Richard Houlihan, of Chicago, and William Bernhardt, of Cincinnati, for a new trial before the United States circuit court of appeals at Chicago, May 16.

Mr. Miller will make the principal argument for the government. He will argue the sufficiency of the evidence on which the three men were convicted, contending sufficient facts were submitted to the jury to warrant the conviction of the men. All of the legal points were determined by the appellate court at the prior hearing of the appeal of the dynamiters on the ground of insufficiency of the evidence. A rehearing on the appeal of three of these, Tveitmoen, Houlihan and Bernhardt, was petitioned for by the government and granted by the court.

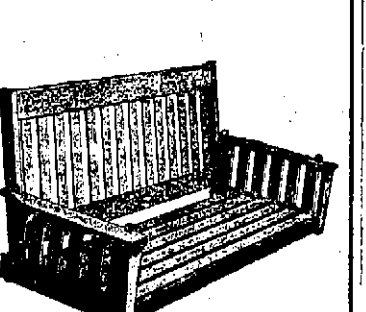

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backachy or have Bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is a inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

THE SENTINEL'S DAILY SCRIPTURE READING.

1 Chronicles 22:1-12.

1 Then David said, This is the house of the Lord God, and this is the altar of the burnt offering for Israel.

2 And David commanded to gather together the strangers that were in the land of Israel; and he set masons to hew wrought stones to build the house of God.

3 And David prepared iron in abundance for the nails for the doors of the gates, and for the joinings; and brass in abundance without weight;

4 Also cedar trees in abundance: for the Sidonians and they of Tyre brought much cedar wood to David.

5 And David said, Solomon my son is young and tender, and the house that is to be builded for the Lord must be exceeding magnificent, of fame and of glory throughout all countries: I will therefore now make preparation for it.

6 Then he called for Solomon his son, and charged him to build an house for the Lord God of Israel.

7 And David said to Solomon, My son, as for me, it was in my mind to build an house unto the name of the Lord my God:

8 But the word of the Lord came to me, saying, Thou hast shed blood abundantly, and hast made great wars: thou shalt not build an house unto my name, because thou hast shed much blood upon the earth in my sight.

9 Behold, a son shall be born to thee, who shall be a man of rest; and I will give him rest from all his enemies round about: for his name shall be Solomon, and I will give peace and quietness unto Israel in his days.

10 He shall build an house for my name; and he shall be my son, and I will be his father; and I will establish the throne of his kingdom over Israel for ever.

11 Now, my son, the Lord be with thee; and prosper thou, and build the house of the Lord thy God, as he hath said of thee.

12 Only the Lord give thee wisdom and understanding, and give thee charge concerning Israel, that thou mayest keep the law of the Lord thy God.

Flood Prevention Again.

As was to have been expected, the latest flood menace in Fort Wayne, which happily passed without a repetition of the disastrous experience of little more than a year ago, has served to stir up popular demand for action along lines of flood prevention. Residents of Lakeside and other sections of the city are very properly voicing their insistence that something more tangible than talk and more effective than suggestions be put into operation to relieve a danger that may be of frequent recurrence.

The Sentinel would not discount the value of discussion and suggestion, however voluminous it may be and from whatever source it may emanate. The job is big enough and important enough to enlist the interest of every citizen, and while the problem is largely an engineering one, the idea of the layman may be of much value. The city has had prepared at some considerable expense plans for eliminating the flood danger, but it has not yet set about putting them in effect beyond preliminary proceedings to secure a bit of territory near the junction of the rivers that is deemed necessary to relieve the situation. We do not understand that there has been any definite action taken, either to proceed under the plans prepared, to modify them or to reject them entirely and seek a new way of dealing with the problem.

All the crimination and recrimination regarding what the present or previous city administration has done or has failed to do in the matter of flood prevention and relief for the sections subject to possible damage from backwater or inadequate sewerage facilities may be enlivening and entertaining from a spectacular standpoint, but it is getting nowhere. Whatever the conditions may be, the present duty and the present responsibility rests with those now in charge of city affairs, and pointing to the shortcomings of the past will not alleviate the situation as it now exists. But the fact should not be overlooked that the city cannot launch into so vast an enterprise as flood prevention without some provision having been made to defray the expense of the work, and it cannot be done in a day.

We think the public may be relied upon to exhibit reasonable patience if it is able to note that some progress is being made toward averting possibility of recurrence of flood loss and flood suffering. What it wants is action, and that without the delay of a day more than is absolutely necessary.

The annual meeting of the Associated Charities Thursday evening not only gave a comprehensive idea of the large and important work this organization is doing in Fort Wayne, but it demonstrated the widespread interest in the systematic bestowal of aid to the needy in the way calculated to help them most effectively. The Associated Charities is a notable power for good work in the city, and while its resources are never equal to the demands made upon it, the results it has achieved are well worth while.

Because Mr. Straus has now formally and definitely declined the progressive nomination for congress, it must not be assumed that the party in the Twelfth district is destitute of members who are convinced in their own minds that they would make mighty good statesmen.

Harry A. Wheeler, of Chicago, has now declined appointment as a member of the federal reserve banking board, and another tradition is shattered. It has been the popular belief that no Chicago man has ever declined anything.

PRESS COMMENT ON FREE TOLLS ISSUE.

The Treaty.

Philadelphia Bulletin: "The real toll issue today is the rightful and proper interpretation of the Hay-Pauncefote treaty, and there ought to be no settlement of the question until that interpretation has been determined in final manner."

Exemption Violates Treaty.

Pittsburgh Post: "The more the matter is considered the more it becomes apparent that the exemption of coastwise shipping violates the letter and spirit of the treaty negotiated between the United States and Great Britain."

Did Not Mistake Rights.

Philadelphia Press: "The voters of the country did not mistake their rights when they demanded the exemption of coastwise vessels from tolls."

The Foreign Powers.

Chicago Tribune: "With the foreign powers, including Japan, acting in a manner friendly as well as fair in the Mexican imbroglio, the canal subsidy advocates must be fairly ashamed out of their position."

Campaign Under Way.

Philadelphia Ledger: "It is more than suspected that the exemption would never have passed through congress originally had not the vote been taken when a presidential campaign was under way."

The American People.

New York World: "Are the American people so rich that they can afford to tax themselves year after year in order that a coastwise monopoly may have privileges that are denied even to our deep sea shipping? If free tolls for the coastwise monopoly, why not free postage?"

Surrender to British.

New York Mail: "The Wilson administration insists upon unconditional surrender to the British without even a report to the arbitration of The Hague court provided for in the treaty ratified by the senate less than three months ago."

A Veiled Subsidy.

New York Times: "The privilege [free tolls] is, and was intended to be, a subsidy, but a veiled one. It could not have been voted by the house had it not been veiled."

CUT IT SHORT.

(St. Louis Republic.)

If some sort of superhuman wisdom were to be applied to the task of making the laws of the United States exactly what they ought to be, and the task were completed, it would not follow that all the new laws and amendments of old ones thus devised ought to be applied at once. Great masses of people think slowly and move slowly. They need time in which to become adjusted to new conditions. Trading had habits for good habits is often a painful process and better methods are of no use until the people have learned how to work them. Doubtless there are many people of the static type who are now using the express companies when the parcel post would serve them better, simply because they understand express company methods and are in the habit of going to express companies for service.

The present congress is a very good congress, but it is not superhuman. When so much of the administration's legislative program is completed as is deemed absolutely necessary at this season it will be time for congress to sit back and see how the new laws work. It will be time to stop legislating and let business and the people generally catch up.

Business is already beginning to complain a little about the extreme length of time that congress has been in session, and congressmen themselves, for another reason, are longing for adjournment day. Therefore the movement now on foot to agree upon the shortest possible legislative program for the remainder of the present session and to complete it as soon as possible is meeting with general approval.

TWO KILLED; THREE INJURED.

Trolley Car Strikes Automobile Near Albion, Mich.

Albion, Mich., May 15.—Two women were killed and three persons injured late yesterday when an eastbound Kalamazoo-Jackson interurban car struck an automobile in which the victims were riding. The accident occurred one mile east of here. The dead are Mrs. Polly Lindsey, 64 years old, and Mrs. Ambrose E. Lantman, 50, both of Quincy, Mich. Mr. Lantman, driver of the automobile, sustained injuries which probably will prove fatal.

Lantman said he lost control of the auto as it approached the interurban crossing.

SAYS SULPHUR DRIVES ECZEMA FROM THE SKIN

Use like cold cream to instantly stop itching and clear the skin.

Sulphur, says a renowned dermatologist, just common bold-sulphur made into a thick cream will soothe and heal the skin when irritated and broken out with Eczema or any form of eruption. The moment it is applied all itching ceases and after two or three applications the Eczema disappears, leaving the skin clear and smooth.

He tells Eczema sufferers to get from any good pharmacy an ounce of bold-sulphur cream and apply it to the irritated parts the same as you would any cold cream.

For many years common cold-sulphur has occupied a secure position in the practice of dermatology and cutaneous affections by reason of its parasite-destriving property. It is not only parasiticidal, but also antipruritic, antiseptic and remarkably healing in all irritable and inflammatory conditions of the skin. While not always effecting a permanent cure it never fails to instantly subdue the angry itching and irritation and heal the Eczema right up and it is often years later before any eruption again appears on the skin.—Adv.

The DOCTOR'S ADVICE
by Dr. Lewis Baker

The questions answered below are general in character; the symptoms or diseases are given and the answers should apply to any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Building, College-Ellwood streets, Dayton, O., enclosing self-addressed, stamped envelope for reply. Full name and address must be given, but only initials or first names will be used in my answers. The prescriptions can be filled at any well stocked drug store. Any druggist can order of wholesaler.

such difficulties, sold in sealed tubes with full directions for self administration.

"Clara" writes: "I have had a cough for about a year and fear I shall never be rid of it, as it gets worse with every fresh cold I contract. Could you give me a remedy?"

Answer: I can give you a remedy that I am sure will relieve you and one that is absolutely harmless and pleasant to take. Make a syrup with one pint of granulated sugar and one-half pint of boiling water, put on the fire and let it come to a boil, then cool and add the contents of 2 1/2 oz. bottle of essence of menthol-lactone, which you can purchase at any drug store, and you will have a pint of the finest cough syrup on the market today. It is about eight times cheaper than ordinary labeled cough medicines and will last much longer.

"Miss Celia" writes: "I suffer with my stomach and have to live on a very limited diet. Please prescribe something so that I can digest food and overcome this nausea and distress."

Answer: Tablets troscopline, you will find most effective if regularly used for several weeks. They are sold in sealed cartons with full directions.

"Adam J." writes: "A period has arrived in my life where I find my natural strength and nervous system failing me. I do not recuperate as of yore. My food and rest seem not to benefit as they should. Am weak, dependent and unable to perform the duties which were assumed earlier in life, while my ambition for work and pleasure is slowly going."

Answer: I think a powerful, harmless tonic and nerve medicine will rejuvenate and restore the functions of digestion, assimilation and elimination by invigorating the nervous system. Obtain three grain radome tablets, packed in sealed tubes and take as per directions accompanying.

Ellen J. asks: "I am only 23 years old and weigh 130 pounds. I am short, fat and unattractive. Please advise me as to how I can reduce my weight and become more attractive."

Answer: Anyone who is too fleshy can safely take 5-grain arholone tablets. They are sold by well stocked druggists in sealed tubes with full directions for use. A pound a day, if used regularly, can be taken off.

"O. R." writes: "Please advise something to take that will cure chronic constipation. I have suffered for years and have used many kinds of pills, but they do not cure."

Answer: I think most of the illness is caused by chronic constipation. If the following tablets are taken regularly they will gradually effect a cure as they stimulate the liver and bowels into healthy action. They are packed in sealed tubes and are called three grain sulphur tablets (not sulphur tablets) with full directions for taking. They will also purify the blood and tone up the entire system. If you are dyspeptic, take tablets troscopline. These two medicines you will find in any up-to-date drug store.

O'Neill Says Indiana Will Have Creditable Building at Fair.

Indianapolis, May 15.—"The Indiana building at the Panama-Pacific exposition will not be the largest of the state buildings, but I predict that none will attract more favorable notice." Lieutenant Governor W. P. O'Neill, who had just returned from San Francisco, said last night. The lieutenant governor, Commissioners McReynolds and Duncan and an architect have been in San Francisco for several weeks getting the building operations started and arranging for exhibits of Indiana products. The building, when completed, will have cost \$50,000.

SOCIETY

The members of the South Side Tennis club were guests on Thursday evening of Mr. and Mrs. Frank Rahe, of Fairfield avenue. Mr. and Mrs. Rahe are not members of the club but have been guests on a number of occasions when the club met for social evenings. There were parties at tables at bridge which was the amusement. The rooms were redecorated with the fragrance of white and purple lilacs and the supper at the close of the evening was quite elaborate in menu.

Thirty ladies enjoyed the second of Mrs. Jesse F. Patterson's farewell bridge parties this afternoon. Beautiful flowers for decorative purposes and an excellent supper were enjoyed in addition to a game of auction bridge. Mrs. J. J. Ritter, Mrs. John Wolfson and Miss Catherine Cook assisted during the afternoon.

Miss Jean Hoesy is at Rome City for a few days' stay.

Mrs. W. E. Doud and Mrs. Raymond Ellis went to Antwerp, O., to spend today with friends there.

Mrs. O. E. Maxwell is going to Chicago on Saturday for a visit with her sister, Mrs. L. H. Whitaker.

Mrs. B. J. Hawley and Mrs. F. B. Zurbuch have returned from South Bend, where they visited their nephews, Dawson and Adrian Hayes, who are students at Notre Dame.

Miss Lucile Vail, of South Webster street, has issued invitations to friends here to attend the song recital she will give on May 28 at the Cincinnati Conservatory of Music, from which she will be graduated in the vocal department on June 9. Mr. and Mrs. A. T. Vail and Miss Martha Vail and likely other relatives and a few friends will go to Cincinnati to be present at the recital.

Miss Helen L. Fox, of Taylor street, entertained the members of the Parisienne club on Wednesday evening. Progressive bunnies and music were enjoyed as well as decorations of spring blossoms and upper. Violets and lilies of the valley were an effective decoration of the table. Beautiful hand-painted cards were favors. Miss Blanche Pugh and Miss Ethel Tierman won prizes in a card game and all spent a delightful time. Miss Ethel Tierman will be the next hostess for the club.

Jefferson Pupils Entertain.
The pupils of the Jefferson school who took part in a musical entertainment Thursday evening under the direction of Prof. William Miles, music supervisor in the schools, and teachers of the classes taking part, gave a very pleasing program of songs. Miss Maud A. Gaskins trained the children who gave "Hiawatha's Childhood" and Miss Mary M. Auten assisted in teaching the pupils who gave a cantata called "The Fairies Festival." A large audience of parents and friends enjoyed the program. Miss Ruth Caldwell was pianist for the performance and Prof. Miles directed. The pupils taking part in the "Hiawatha" play were William Carman, Thomas Elbert, Walter Hughes, William White, Oscar Myers, Harold Shaver, Henry McKean, Wayne Mariotte, Joe Nash, Harry Mann, Richard Evans, Dorothy Wolf, Katherine Lee, Grace Hamlet, Ruth Baum, Lucile Frank, Ruth Francis, Matilda Anderson, Ruth Loucks, Bernice Johnston, Virginia Platz, Bernice Beatty, Monica Bowers, Edna Winch, Jeanette Walburn, Mary Cox, Hilma Heinlen, Nora Hesser, Fannie Ghenshin, Dorothy Tigges, Georgiana Mariotte, Maurice Crawley, Leona Page, Naka Takimori and Helen Mikkelson. OREGON CLUBWOMEN VISITS FORMER HOME

MRS. GEORGE FELTS.

Mrs. George F. Felts, of Portland, Ore., arrived in the city Friday and is visiting Mr. and Mrs. Herman Felts just at present but will during the two or three weeks she remains here visit other relatives and friends.

Mrs. Felts is on her way home from Washington, D. C., where she was state delegate from Oregon to the National Congress of Mothers and Parent-Teachers' association. Mrs. Felts is president of the Oregon branch of the national organization which will hold its next convention in Portland.

Mrs. Felts was prominent in club work during her residence in Fort Wayne, and was one of the most active workers in the Women's League, then known as the Woman's Club, 1896 to 1898 inclusive. Her executive ability, keen intelligence and broad culture contributed to her success in literary and civic branches of work, and her charm of manner made her a favorite in social circles.

SHERWOOD SNYDER TALKS OF FOODS

Sentinel is Fortunate in Securing Him for Lectures

AND COOKING COURSE

The Sentinel has indeed been fortunate in securing Sherwood P. Snyder, the eminent food specialist, for the cooking course and demonstrative food lectures all next week at the I. O. O. F. hall, corner of Wayne and Calhoun street, and judging from what Mr. Snyder has done for the housewives of other cities where he has lectured, the women of Fort Wayne will be greatly interested in his appearance in this city.

The opportunity is the greatest that has ever been offered in Fort Wayne. Mr. Snyder has been accorded a most enthusiastic reception all through the east and south. In most cities the large auditoriums in which he has lectured have been filled to their utmost capacity every day. This is an evidence that people are awakening to the fact that the subject of foods and their proper preparation is deserving of close study and attention.

It is a source of gratification to the Sentinel to be the means of bringing a man of Mr. Snyder's type to Fort Wayne. We have gone to great expense to have these lectures, but we believe there will be so much good accrue from them that we have decided to offer the course free to the public, that rich and poor alike may profit thereby.

Mr. Snyder Talks.
Mr. Snyder arrived in the city Thursday, and in discussing his work said:

"There is no other one thing upon which the physical health depends so much as upon the foods we eat. If the food is nourishing and constructive to health the body maintains itself in a normal condition and constructs barriers against disease. It is the man whose vitality is below par that easily falls a victim to disease. Eat good foods, properly prepared at regular meal hours and your digestion will take care of the rest. Good digestion and good health are almost synonymous terms, for when foods are completely digested and their nutritive properties assimilated the blood stream is kept pure and normal, and when these conditions prevail it is next to impossible to contract disease."

Mr. Snyder is not teaching any special dietetic doctrine. His work is in the interest of better foods and better health and every woman upon whom the duties of preparing the meals depends, or upon whom rests the supervision of preparing the meals should hear every lecture. Each afternoon there will be several recipes demonstrated and while we are not certain we do surmise that the audience will have the privilege of sampling the foods prepared.

The grand baking contest will conclude the work on Saturday. Enter the contest and have a barrel of fun and win a valuable prize. The conditions of the contest will be explained on Monday. Every afternoon programs containing some of Mr. Snyder's choicest recipes will be given to every lady present.

MANY APPLICATIONS.
Postoffice Designated by Men Wanting Rural Route Appointment.

If the number of applications continues in as great a number during the next two weeks as they have since announcement was made that an examination would be held to fill vacancies in the rural route carrier service out of Fort Wayne, the federal court room will scarcely be large enough to hold all who desire to qualify for the places. The examination is to be held June 13 and all applicants for examination must file their applications with Assistant Postmaster William J. Hoess by June 1. A new consignment of blanks arrived in the city this morning.

NEW MEMBERS ARE PLACED ON BOARD

Associated Charities Annual Meeting Very Largely Attended.

REPORTS SUBMITTED

Much interest was manifested in the proceedings and the attendance was very encouraging at the annual meeting of the Associated Charities, held in the assembly room of the court house Thursday evening.

President S. M. Foster took occasion in announcing the program to make pertinent remarks relative to work among the poor and unfortunate, showing the need of systematic and well sustained efforts rather than spasmodic and haphazard methods. A mild protest was entered against lavish and indiscriminate giving during the Christmas season, characterizing as waste the overlapping and prodigal giving on the one occasion and ceasing further effort throughout the ensuing year. He showed that the organized charities are at the work, not only at that season, but every day in the year and that much greater good could be accomplished if some of this energy were directed toward their support and they would not be so circumscribed and in some parts of the year almost facing the necessity of suspending work.

The report of the treasurer showed that although expenditures for the year were but \$1,251.67, yet at the close there was quite a large deficiency which had to be carried over to be met in the new year.

The Annual Statement.

In his annual statement the general secretary showed that 472 cases had been dealt with, 123 being persons who had not previously applied for aid. Two hundred and eighty-nine were resident families with children; 44 resident families without children; 64 single women, 21 single men, and the non-residents were 32 men, 6 women and 16 families. Assistance was rendered in 359 cases, 113 having been either refused or unwilling to accept such aid as was proffered. The investigations of the year reached 239. Thirty-two were offered work at the labor yard and ten worked and 43 women were offered work at the work room. The applicants represented 783 adults and 1,192 children. Value of aid secured, exclusive of personal service, \$1,625. Transportation was secured for 11; 2 were sent to the county infirmary and 3 prosecuted for neglect of children. Permanent employment was secured for 2 and temporary employment fourteen times. The general secretary made 672 calls and received at the office 1,061 telephone and 611 personal calls.

The Relief Union.

Miss Mary Willard, superintendent of the Relief union, presented the report of that organization. The applicants for aid numbered 260, the needs having been supplied with groceries, clothing and fuel. Clothing was also donated the Allen County Orphan's home and Calhoun street mission. The free sewing school for girls, conducted on Saturday afternoons, during the fall and winter months. The enrollment is 116 and oftentimes some had to be turned away because of lack of room. Numerous donations in groceries, clothing, fuel, etc., were received through the public schools, Needlework guild and citizens. An outline of the work done in the work room conducted jointly by the Relief union and the Associated Charities was given.

Hebrew Benevolent Society.

The Ladies' Hebrew Benevolent society now in its fifty-third year, was represented by Mrs. Herman Pollock. The society numbers 57, three being charter members. The society gives help wherever necessary and during the year a number of families were supplied with groceries, clothing, fuel and drugs. One widow with three children was given an allowance of \$3 per week, which has been of material aid, and was also supplied with a sewing machine and a large amount of material to make into garments and articles of clothing. Cash contributions were made: To the Associated Charities, \$10; Woman's league, \$2; Visiting Nurse league, \$10; Denver, Col. hospital, \$50; Cleveland Jewish Orphan's asylum, \$25; National Farm school, \$10; subscription to Hope hospital fund, \$50.

Lakeside Aid Society.

For more than twenty-five years the Lakeside Aid society has been at work, the report of which was presented by the secretary, Mrs. Lottie Ely Current. Seven families have been aided, and the treasury is now in good condition. The active membership is at present twenty-five, confined to residents of Lakeside, though no proscription is made as to the locality of relief work.

The Willing Workers.

From twelve members in 1902, when organized, to 125 in 1913, shows the progress of the Willing Workers Aid society, the report of which was given by Mrs. A. Burkus, secretary, showing families reported, 40; families investigated, 240; families assisted, 230; number of calls made, 814. Disbursements—Groceries, \$263.14; clothing, \$1,236.25; fuel, \$12.50; furniture, \$67; shoes and rubbers, \$36.25; rent, \$30.55; miscellaneous, \$41.61. Total, \$1,906.25.

Visiting Nurse League.

Mrs. R. L. Magee, president of the Visiting Nurse league, spoke of the work of the organization and the good that is being accomplished by the ministrations of the visiting nurse, Miss A. M. Gress, who in her work for the sick poor made 1,387 calls, gave 203 baths, 170 massages, 69 electric treatments. Twice during the year it was necessary to secure extra nurses. The cases reported numbered 33, and there were 11 deaths and 6 births. Nineteen quarts of fruit, 107 glasses of jelly and 391 garments were given out. The league used during the year \$1,100. City Union of King's Daughters.

The Fort Wayne City Union of King's Daughters, through Miss Langford, reported the existence of seven circles in the city, who made 1,838 calls on the sick and gave 100 bouquets and 200 patients to invalids and "shut-ins." Nine comforters were knitted and a bath robe made and given to the poor, and during the flood bed springs, mattresses, blankets, etc.,

PRISONERS TAKEN TO TERRE HAUTE

Mussulman and Livingston Wanted for Two Robberies There.

NEWS OF THE POLICE

On motion of Prosecutor Stephen A. Callahan in the city court today the cases against Ross J. Mussulman and J. K. Livingston, charged with forgery, were dismissed and the two prisoners were turned over to John F. Nugent, assistant chief of police at Terre Haute, in which city the men are wanted for grand larceny. Chief Nugent and Henry Raber, a city official in Terre Haute, left for that place with the prisoners shortly before noon today. Mussulman and Livingston are charged with robbing James A. Crawford, a well-to-do oil man of the Sullivan county oil fields, of \$85 in cash and a check for \$250. The same pair is also suspected of having pulled a good job on a street car in the same city, when the cashier of the Terre Haute Copeage company had his pockets picked of \$263. Crawford was "out for a time" with some friends and wound up at a bistro. There he went to sleep and was rolled. It is known that Mussulman and Livingston were in the house at the time. Chief Nugent believes they have a strong case against the men in Terre Haute.

Mussulman and Livingston, who was registered here as G. W. Snyder, were arrested Monday night by Detective Sergeants W. F. Pappert and Peter Junk. The Crawford check, which they had been making arrangements to cash in this city, was found on Mussulman. It was first thought to be a forgery and it is known that the endorsement, "J. C. Crawford" was a forgery because it was

written after the check was brought to Fort Wayne. Detective Pappert believed the pair came to Fort Wayne to make a distribution of green goods. Emma McCoy, of Emma Mussulman—for she is believed to be Mussulman's wife—came here from Continental, Ohio, to meet the men. The sum of \$340 in cash found on her person when she and the men were arrested is now thought to have been the loot of the two Terre Haute jobs. Both men are thought to be experienced and dangerous crooks.

Typewriter Thief Gets Term. Pete Messer, who stole a typewriter from the Railroad Young Men's Christian association Saturday night and was arrested in the Pennsylvania yards by Special Officer Lawhead, would not go any farther than to plead guilty to having the typewriter in his possession. Later he got to the point where he refused to deny that he stole the machine. Judge Kerr fined him \$5 and costs and added forty-five days in jail, which will hold Pete for better than sixty days. He told a weird story of being ordered to the top of a boxcar by a man he didn't know to bring the typewriter to the ground.

Other City Court Cases. Frank Allen, from Jackson's farm in Steuben county, was given a chance to get back to the plantation, after being

arrested at Calhoun and Columbin streets, where he was staging a shocking scene.

Bill Lock and William Brooks, two negroes, just happened to get together yesterday with their little celebrations and were arrested near the Wabash station. Brooks said that he is employed on a dairy farm near Montpelier, O., and the heavy rains being bad for the milk business, he came to Fort Wayne for recreation. The story seemed reasonable. Both negroes were turned loose.

Fred Strasser, Guy Winsor, Forest Houser, Gust Conroy and Ross Parnin, five young fellows arrested at Van Buren street and the Pennsylvania railroad for loitering, were turned loose. Frank Byrd and Tom Murray were fined \$1 and costs each. Jim Brown was continued until tomorrow, Tom Messet was continued until Wednesday, Ernest Blansy and Jim McRae were continued until Tuesday and Bill Dodraker was let go. All were charged with drunkenness.

George Lewis, a cook at the restaurant of Dan Clemens, 808 Calhoun street, was sent over to jail on a fine of \$10 and costs with ten days added upon his plea of guilty to petit larceny. Lewis was caught with two nice pieces of tenderloin beefsteak in his pockets. He told the court he thought the meat was "just scraps" that he was going to feed to his

dog. It developed that he has no dog, but that he has been stealing choice cuts of meat and going to a nearby saloon and swapping them for drinks. He was suspected and Detective Sergeant Charles Spillner trailed Lewis this morning and caught him with the goods.

AT THE MAJESTIC

"The Rise and Fall of Napoleon" at the Majestic.

"The Rise and Fall of Napoleon" which is being shown at the Majestic theater, is without a doubt the most magnificent film ever seen in this city, or in any other city, for that matter. It is a film giving the life history of Napoleon and is very true to the facts. Many of the films made of historical events are changed so much that they are disgusting to students, but this Napoleon film is astonishingly true.

The pictures begin by showing his birthplace and pass on rapidly to his ascent to power as first consul, his courtship of Josephine and on through his wonderful career, with some startling battle scenes and on to his death on black St. Helena.

Mrs. Fiske Tuesday Evening at the Majestic.

A most refreshing contribution to the season's theatrical attractiveness will be found in Mrs. Fiske's presentation of "Mrs. Bumpstead-Leigh," which is to be given at the Majestic on Tuesday evening next. The play is a broad comedy with a vein of satire and the title role provides Mrs. Fiske with a character not only unique and new to the stage, but one totally dissimilar to any other which has ever enlisted the gifts of the leader of the American stage. There is nothing serious about Mr. Harry James Smith's comedy, and it seems almost like an artistic holiday for Mrs. Fiske, who plays the role with a zest and abandon that only a complete personal delight in it could dictate. She first appeared in the role of the social blunderer three years ago and has frequently done so since then, but her coming engagement will mark her first presentation of the ludicrous farce in Fort Wayne.

Ceylon, in 1912, exported products valued at \$63,540,970.

AT THE TEMPLE

If it's a good thing to have a great big hearty laugh come at the end of a vaudeville act, it is equally as good a thing to have a husky guffaw close a vaudeville season, is the line of logic evidently followed by the Temple management in booking the week-end bill that marks the close of the Temple's 1913-1914 vaudeville year. The current bill surely is a laugh getter, from the headline act to the photo play. "What Will Happen Next?" the uproarious farce-comedy produced by Wilfred Clarke and company, is unquestionably the richest, fun-maker even the Temple has staged this year. The comedy is so fast it keeps you sitting straight up so as not to miss any of the gems, while the rapid shifting of situations keeps everyone roaring with laughter every minute.

Charles O'Leary's pianologue in which he introduces the audience into the mysteries of the construction of a comic opera is a riotous burlesque that simply set three big houses wild with delight yesterday.

AT THE EMPRESS

Paul Hayco, an expert with locks, is proving the sensational feature of the Empress bill for the last two days of the week. Thursday, night Sherif

Gladioux adjusted a pair of the latest approved handcuffs to the wizard's wrists while the latter's arms were extended behind his back, and Hayco returning to the stage removed them in less than fifteen seconds. He also permits a committee from the audience to shackle his legs and arms, and, weighted down with steel locks and chains, he steps into his cabinet and releases himself in record time. His escape from a straightjacket is marvelous. This he accomplishes in full view of the audience. Tonight he will make his escape from a parking case that has been specially prepared by the shipping force at the Grand Leader. A committee from that store will be on hand to see that the lid is fastened securely. Hayco

claims that he will escape from the box and afterward it will be found to be exactly as when he went into it. Other acts this week include Hunter and Norwald, two Fort Wayne girls who are making their first professional appearance as singers and dancers. They are doing splendidly and hearty receptions have been accorded them at every performance. Emile Turanne and Paul Juggo cannon balls, Tom Hebron presents his "unipedal crutchologue" that is as unusual as it is funny. The Earls have a comedy sketch. The feature picture is called "The Man Who Came Back," and ranks with the other splendid feature films the Empress has been having of late.

Whitley County News.

Columbia City, Ind., May 15.--Oscar Fleming, aged 20 years, who has served a full enlistment period in the United States navy, arrived in the city Wednesday and for the present will remain with his foster-parents, Mr. and Mrs. Milo Harshbarger, of Union township. Mr. Fleming states that he was in the thick of the fight at Vera Cruz, and was sent to New York on the Montana to act as pull-bearer for a comrade who was shot down in the initial engagement. Mr. Fleming was on the battleship Arkansas and will return to the seat of action if volunteers are summoned.

Fred Carver, Philip Huffman and Calvin Price left Thursday evening for Seattle, Wash. From there they will sail for Yokohama, Japan, thence to Korea, to settle temporarily at Taracot, Unsan. They will be employed by the Oriental Gold Mining company, of which L. S. J. Hunt, of this county, is a prominent financier.

Edward Richmond and Samuel Baker went to Fort Wayne Wednesday evening and accompanied Miss Anna Baker, of Larwill, home. She recently underwent a severe operation, from which she has fully recovered.

Robert Pogue, the aged father of William Pogue, of the Whitley County Telephone company, is daily growing weaker and the end is expected daily. He is past the four score mark and is suffering from general senility.

Miss Lucy Jones went to Chicago Thursday morning to visit her sister, Mrs. John Menaugh, and also her new nephew who arrived Saturday.

Chauncey Hurd, of Columbia township, whose name was put by friends as a candidate for supervisor of district No. 4, has announced his withdrawal.

Mrs. Mudge Geiger, who has been manager of the Churubusco telephone ex-

change for ten years, resigned the position recently and has left for Dowagiac, Mich., to spend the summer with her sister, Miss Nava Elliot. A successor to the job has not yet been appointed.

Steve McDonald, of Las Vegas, N. M., a railroader and a former resident of Richland township, arrived in the city Thursday from Mt. Clemens, Mich., where he has been taking treatment for rheumatism and liver trouble. He will visit relatives in the county before returning to the west.

Joseph O. Clevenger and family, of Pierston, former residents of this county, spent Thursday in the city.

Mr. and Mrs. D. B. Clugston, sr., will entertain this evening at their home in honor of their granddaughter, Margaret C. Mason, who is a local high school graduate this year. This event marks the first of several festivities for the graduating class this year.

Rev. Thomas E. Lancaster, of Logansport, arrived in the city Thursday morning to spend a few days with his son, Charles Lancaster, and family. The retired minister is 89 years of age and is quite active for his years.

Ralph Grant, aged 23, and Mary Camille Hallauer, aged 22, were married Thursday evening at 8 o'clock at the home of the bride's parents, Mr. and Mrs. Arnold Hallauer, by Rev. H. A. Ott, of the Lutheran church.

Emerson C. Hart, of Rock Island, Ill., who spent a week here with his sister, Mrs. Wesley Allen, returned to his home Thursday.

F. R. Weaver and W. T. Spangler, of Churubusco, spent Wednesday evening here on business.

Mrs. Dora Berry, of Fairfield county, Ohio, and Mr. and Mrs. William Perry, of Chicago, out-of-town relatives who attended the funeral of the late Mrs. D. G. Linville, have returned home.

William Kluggerman, of Jackwood, Ia., arrived in the city Wednesday night to

visit relatives in the northern part of the county. He has been absent from the county for a quarter of a century.

Vernon Johnson, Harold Whicker and Howard Murray, of Washington Center, went to Crawfordsville Thursday to take in the approaching track events at Washash college between that school and Earlham.

FOR A TORPID LIVER.

"I have used Chamberlain's Tablets off and on for the past six years whenever my liver shows signs of being in a disordered condition. They have always acted quickly and given me the desired relief," writes Mrs. F. H. Trubus, Springfield, N. Y. For sale by all dealers.--Adv.

W. C. HALL TO PRESIDE.

Indiana Sunday School Convention to Be Held in June.

Indianapolis, May 15.--The general sessions of the Indiana Sunday school convention that opens June 16 for a three days' session in Indianapolis will be presided over by Mr. W. C. Hall, who has been president of the international Sunday school work for eighteen years. Mr. Hall has been untiring in his efforts to raise the standard of Sunday school work in Indiana, giving a great deal of time and thought, for which he receives no remuneration.

Beginning with Tuesday morning many conference periods have been arranged where the problems of the individual school may be discussed. The first morning will be devoted to the workers in county and township, but the remainder will be general. Thursday morning at 8:30 the members of the various denominations will meet separately to discuss problems pertaining to their own

churches. Thursday afternoon will be devoted to three simultaneous rallies of these conferences or sessions write the Indiana Sunday School Association, 417 Law building, Indianapolis, Ind.

For further information regarding any of these conferences or sessions write the Indiana Sunday School Association, 417 Law building, Indianapolis, Ind.

Your home is no cleaner than it's wall-paper!

Window shades and wall-paper rapidly collect grimy, sticky dirt that breeds germs and defies the dustcloth.

CLIMAX WALL PAPER CLEANER

cleans your wall paper and shades, brightens up your home and makes it sanitary and sweet. Using it is a pleasure, not drudgery. With Climax just wipe the wall or shade with a light easy stroke, turn the dough and knead the dirt into it. Climax cleans--it doesn't rub the dirt in. Climax will not sour, become mouldy, or injure the most expensive wall paper or window shades. Used by professional cleaners and house decorators, and in a million homes annually. For 18 years the Standard.

AND THEN IT HAPPENED.

While Making Gas Pipe Repairs Houlihan Lit a Match.

When Jack Houlihan went into the basement of the frame house at 409 West Main street, for the purpose of making a gas connection Friday noon he lit a match. In the miniature explosion that followed Houlihan escaped injury, but some rubbish in the basement caught fire and by the time the fire department's gas chemical arrived sparks had set fire to a portion of the wooden ceiling of the basement. The blaze was extinguished without much trouble, and Dr. George McCuskey, who owns the property, says insurance will cover the damage. The house is occupied by Mrs. C. Houlihan.

CHAMBERLAIN'S LINIMENT.

This preparation is intended especially for rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Charles Tanner, Walash, Ind., says of it: "I have found Chamberlain's Liniment the best thing for lame back and sprains I have ever used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as myself for upwards of twenty years." 25 and 50 cent bottles. For sale by all dealers.

The Cordella Evans circle of Westinghouse church will have a sale of baked goods tomorrow morning at the Wayne grocery on Broadway.

Uncommonly Handsome—These Fine Silk Dresses, at \$14.75!

—Not that they're regular \$14.75 values—far from it. Instead, that price would ordinarily pay for the making alone, and usually they would sell from \$22.50 to \$35.00.

In this collection of one hundred Silk Frocks are models for the street, and dressy afternoon wear. The materials are chiffon taffetas, crepe de cygnes, Canton crepes and other wanted silk weaves.

The lot of one hundred includes all the most wanted of the season's lovely colors, and there's a particularly large assortment of navy and black models, especially in the 40, 42 and 44 sizes for stout women.

Silk Coats at \$15.00 (Regular Values Up to \$29.75)

The only unfortunate part of this little sale of Silk Coats is the fact that we have only 45 of them—at the special price, not enough!

So, women who want a smart Silk Coat to wear with the lingerie silk frocks this Spring and Summer, come early. The models are for the most part made of black moire, faille, taffeta, Bengaline and crepe, altho there are a few models in colors. Sizes range from 16 to 44.

These Cloth Coats at \$10.00 Are Less Than Half Price

Fashion Has Again Spoken—

Now It's Candy-Striped Blouses

It is positively refreshing to look at one of these blouses, for the dainty material is as cool as an ocean breeze. And everybody knows that the candy-striped effect is clean cut and summery.

Shown first in town here, of course, and priced at \$1.95 and \$2.95

Other Delightfully New and Pretty Blouses are of crisp linen, in delicate pastel shades, with collar of pique and white; bone buttons for trimming. Priced at \$2.95 and \$4.95.

Lingerie Blouses are here—mountains of them it would seem—and priced from \$1.00 to \$6.95. Sheer, fine voiles, organdies, batistes, linens and soft crepes and marquisettes aplenty. Some are all white, others in keeping with a season noted for its brightness of color, show a touch of some brilliant or delicate tint in combinations.

For the Tailored Suit are blouses of filmy laces, chiffons and soft imported silks that are exquisitely lovely in design and conception. Although made in exclusive styles by the best blouse-makers, they are most moderately priced and range from \$8.95 to \$15.00.

Cluny Lace, 19c

Women buy this handsome Linen Cluny Lace for window curtains, for bed spreads and center pieces, as well as for its original purpose of dress trimming.

The regular price is 25c but Saturday it will be on special sale at 19c a yard. This price applies to insertion and edging alike.

Few Women Make Their Own Dresses

—No need to step into these pretty dresses that are perfect in fit and workmanship.

The new Summer Dresses are quite the prettiest we have shown. They're made of attractive ginghams, percales, lawns and crepes. The models, while plain and easily laundered, have a cluster of buttons here, a bias band there, or a bit of piping cleverly applied to give them a distinctive touch.

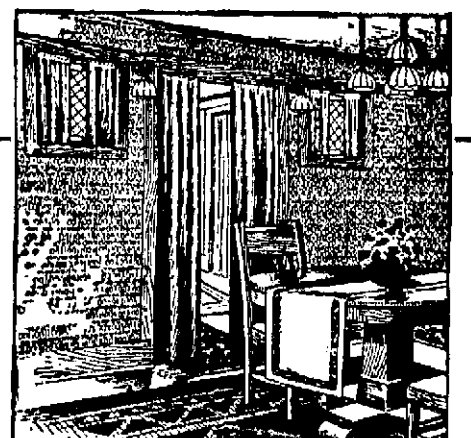

Most women's time is too valuable to sit down and make these wash dresses when they can be bought as cheaply as 95c, or from that up to \$3.50.

STILL UNDER 30; FOURTH DIVORCE

Earl Pelkey Loses Another
Wife, But Decree Goes
to the Lady.

NEWS OF THE COURTS

Earl Pelkey, still under 30 years of age, today went through the process for the fourth time of having his matrimonial bonds severed by decree of the courts. In this case, however, the divorce was given to the wife, Josephine Pelkey, on her cross complaint. Judge Yaple, who had taken his fluting under advisement, several days ago, following trial of the suit in the superior court, made the wife an allowance of \$12 a month for support of a child five months old, of which she is given custody, and awarded her the household furniture.

Wife Has Wine and Taxi Habits.

Charles McFall recites to the superior court, where his divorce complaint against Clara McFall has been filed, that she fails to attend to her household duties, is away at all times of the day and night without his knowledge, frequently comes home in a taxi drunk and that she has come home many times and found her intoxicated. She is further accused of associating with other men and frequenting wine rooms with them. The pair were married Christmas day, 1911, and tore apart last March.

Suit for \$50,000 Is Settled.

Judge Eggeman heaved a resounding sigh of relief today when he received a message informing him that the suit of Fred G. Seitz against Virgil E. Breed for \$50,000, and sent here on a change of venue from Wells county, had been settled. The case was to have gone to trial next Monday in the Allen circuit court before a jury and it was expected that a week would be consumed. The suit was based on a business deal, at the time of which the plaintiff is alleged to have been of unsound mind and got the worst of the transaction.

Big Inheritance Tax.

Report on the estate of the late A. Ely Hoffman, of this city, for inheritance tax purposes under the Indiana law, shows the estate to be worth \$182,127.30. On

this the heirs will now pay \$1,446.85, which is the tax due on \$103,091.20. On \$79,036.30 of the valuation there will be a tax due in November, 1915.

Notes of the Courts.

Amanda Hamrick has filed an affidavit in the superior court asking that Warren A. Hamrick, her divorced husband, be cited to appear and show cause why he should not be punished for contempt in failing to pay her \$500 in monthly installments as the court ordered when the divorce decree was entered. The divorce was granted July 29, 1913.

In the suit of George Foley vs. Joseph Reser, title has been quieted in the plaintiff by the superior court.

In the superior court William C. Hummel sues Henry Sauer for \$23 on a mechanic's lien.

CARE FOR CROWD
IN BETTER FORM

Speedway Management and Newspapers to Look After Visitors.

DRIVERS WORK OUT

Indianapolis, May 14.—The largest crowd that ever assembled within a paid enclosure to witness a sporting event is predicted for the next Indianapolis 500 mile race, over 100,000 being the estimated attendance. Special trains and Pullmans are booked from all parts of the United States, smaller delegations coming from as far away as London and Paris. Several cities, such as Detroit and Chicago, will send four and five trainloads themselves. Special arrangements naturally are made for the accommodation of visitors. All those failing to make hotel arrangements, which, incidentally, are much more ample this year than ever before, will be taken care of through room bureaus conducted by the speedway management and Indianapolis newspapers. The old-time sight of people sleeping in the streets at the wheel of their automobiles, the night before the race, will be comparatively rare, therefore, it is thought.

The influx of participants in the event has already commenced on a large scale. The majority of those expected to compete in the latter part of the event have arrived in Indianapolis yesterday. It is expected that the race will be in championship form, all of which augurs very favorably for the American side in the coming contest, which is depending very largely on Mercer as its ace in the hole.

The foreigners on the course, Clegg, Doherty, with their mechanicals, Pinks and Prevost, are getting down to work in earnest. Hardly a moment that does not find them either on the track or in deep consultation with Johnnie Aiken, Clegg's mentor of last year, who seems scheduled to be on the job again this season. If this outfit does not succeed in working out a combination to victory it will greatly surprise a lot of railbirds who have been watching their preparations.

Several of the cars scheduled for appearance at the speedway are still with their drivers, though their number is rapidly diminishing. Fred Melahn is thus announced as pilot for the Tite of Chicago, while Bert Dinger, Neil Whalen, C. C. Fitzmaurice and several others are said to be available for the race, including Maxwell, Dusenberry and Great Western. All berths will be held by the first of next week, it is thought.

BASE RUNNING AND SLIDING FEET FIRST
WINS THE KID GAMES.

"WE ALL SLIDE FEET FIRST."

(By Hugh Fullerton, Jr., Aged 9.)
Base running is the best way to win games. That's the way we beat all the old teams we play. If you run when you get on the bases they throw wild, or some kid muffs it, and then the next batter gets the ball. Sometimes if you slide at the time, except some of the little kids, who are afraid of getting put out, slide. At first we didn't know how to slide, but we learned the league players slide, and showed the other kids. We all slide feet first, and lots of times the baseman don't touch us even when we get the ball. Sometimes if you slide and hit the shin he drops the ball.
Once Hank did that, and Walter, who is a great big kid, tried. He hit Hank on the nose and they had a dandy scrap. Only Mr. Terpin came along and stopped them. We yelled "very baby" at Walt at school and he chased us. We had a book about base running and it said how to run and for the batter to hit the other fellow to stealing, only we kept getting double played on fly balls, so we don't hit but let the kids steal.

FEDERALS LEAGUE
TO HAVE MINORS

Ferd Drumm Says So and Says Canton Will Be One of Towns.

OLD CENTRAL TOWNS

Canton, O., May 15.—A berth in a Federal minor league for Canton in 1915 is the prediction of Ferd Drumm, veteran baseball man who managed the Canton club in the C. P. circuit back in 1910 and 1911 and who is now winning pennants as an insurance man. Drumm, with two decades of experience on the professional baseball diamond, noted as an expert on the subject, that Canton has the developed while managing in Canton, signed with the Federal League. Drumm predicts several minor leagues will be developed in the Federal next season, and the third circuit is likely to be one of them. He said that the Federal League will be the American and National.

Drumm has been negotiating with the Federal this spring, with the purpose of having Canton organized into affiliation with the new body. These are the Western and the South Atlantic. Two of the most solid minor circuits in existence, and Drumm does not decline positively that these leagues will be aligned with the Federal in 1915 but he does declare that there will be two or three minor leagues so organized and that one of them will take in Canton and the other good towns which were left without baseball when the interstate turned up its toes last summer.

Unless the Federal are recognized by organized ball, there will be several Federal minor leagues, was Drumm's assertion. "I look for it in the western one in the south, one in the central territory and possibly one in the east."

"This is the logical territory for the Federal's central league. It has had one such circuit in the past and will be ready to jump in and support a solid organization such as a Federal minor league. The Federal would not be forced into a fight to line up the territory, as it is unoccupied now."

"Canton, Akron, Youngstown and possibly Erie would form the backbone of such a circuit, in my opinion. Erie has the Canadian league this year but that would make no difference. These four cities would form a mighty solid foundation for a league. Four other good ones could be lined up easily."

Keep Canton capital out of such an organization, is the advice of the man who failed by but one game to give Canton an O. L. pennant in 1910. Let the Federal finance the whole thing and keep full control. They dare not fall at any point while being the "trust" and will have to make their minor leagues just as successful as the parent Federal circuit.

The Federal have the coin and they have the money to make their big undertaking a success, is Drumm's belief. They have no alternative but to succeed in whatever they start out to do, for one failure would destroy the faith of the public in the new body.

A minor league affiliated with the Federal would be of the caliber of a golden class B circuit, such as the Central now is. Most of the players in it would be those tried out by Federal teams and found wanting. The Fed has promised all such players protection. This is the starting point of the Federal minor league.

American and Mexican to Settle One of the Disputed Points
When They Meet on July 4

(By Hugh S. Fullerton.)

At least one of the troubles of the United States and Mexico will be settled on July 4, the birthday of the United States and the last day of Mexico.

Instead of submitting the contentions of Mexico and the United States to A. B. C. intermediation, or sending out armies to slay each other, it is proposed to leave the question to two physical representatives of the races and let them settle it. Señor Don Jose la Barra, better known perhaps as Joe Rivers, is to represent Mexico and Willie Ritchie will endeavor to make him see stars and stripes sky-rocket and a few other things.

They are typically representative of their races. Rivers is the Pancho Villa of the prize ring, possessed of all the fighting qualities and the cunning of the fox. Ritchie is the tough, stubborn, insistent upon his rights that characterizes the administration, with the punch and the power to back up his stand. And he uses it only when it becomes necessary for him to do it.

As a character study of the battle between these two lightweights on July 4 is interesting. They are types. What Ritchie does to Rivers or Rivers does to Ritchie is what an equal number of American fighting men would do to an equal number of Mexican fighting men.

Rivers is a fighting man of the Mexican type, strong, "game" in the sense that he does not fear results, eager willing to fight even against odds. There is much Spanish in him, and the Latin pride and fire is mingled with the stoicism of the Indian. His Indian blood is from the Aztec, not from the Yaqui, which is well for Willie.

Ritchie has proved his right to represent America physically and mentally. If it isn't settled before July 4 let them fight it out with fists.

DIEM HITS BEST
WHEN TRAVELING

Fort Wayne Folks Have Not Had Chance to See Him Perform.

NOSED OUT LEADERS

(Special to The Sentinel.)

Dayton, O., May 15.—Fort Wayne baseball patrons have never had an opportunity to see Eddie Diem at his best for the reason that all of his stick work has been done on the road. He has shown speed in the field and on the base lines at Fort Wayne, but has shown on the paths so seldom that he has not given the people under whose standard he is doing battle the opportunity to see him extended.

In the game that went to Fort Wayne here yesterday by a score of 5 to 4, and that sent the pursuing Billkies back to their hotel in a state of wild excitement, Diem negotiated a couple of hits and his running and some intelligent work on the part of Jesse Holdeman, were big factors in downing the league leaders.

Some tall sprinting by the young athlete in the seventh inning sent him to third on McLauffery's single, where he was in position to have scored on any sort of a bobbie. He also gave McLauffery a chance to work the battery at first and while he eventually went over on a hit he kept the batter worried and he could not do his best work.

Holdeman instead of running half way to second after he had hit in the seventh, lagged the bag closely on Bratch's long fly and scored for second after it had been caught. This enabled him to score on Beyers' hit and the run that he tabbed stood alone for a long time and promised to win the game.

Bill Cramer is slated to pitch the closing contest and if he displays the form he has shown lately the Veterans are due for a battle. Wachtel will probably work against him but he may get Jack Clement as his opposition but he has displayed enough box talent in his central league experience to insure that with a little hiting behind him he can be depended upon to put up a good job.

Manager Harry Martin said today that Cramer's best work was done in the last game of the Springfield series on the home lot, when he got off to a bad start and with the score against him until the ninth he kept going better and better all the time and held the Reapers back so that when the Billkies started their final rush there was not much ground to cover. Jack Holdeman is another lad who hits on the road and in the pinches and he has been showed to third place and Welch skidded down the line. The principal reason for this is that Welch and McLauffery have not been able to work their signals well and Holdeman is expected to eliminate this handicap.

Harry Martin was out of the game to give Beyers a chance as he does not want his understudy to go to the plate with too much work and the second last run delivered a hit that sent over the first run of the matinee.

The weather was a bit cool and the crowd was small but in spite of the fact that Dayton is out in front and is playing the club that has always been regarded as a rival, the attendance has been expected. Fred Bramble pitched airtight baseball until the seventh inning and was breaking along nicely until trouble hit him and he shipped. Holdeman hit in the sixth, went to second after Bratch's fly had been caught and scored on Beyers' single. In the seventh, with a man gone, Diem

opened with a hit and took third on McLauffery's drive. He scored on Holdeman's hit while Noel followed up on a wild pitch and this sent McLauffery to third and he scored on Bratch's sacrifice fly.

In the second half Armstrong and Noel had been disposed of when Manager Johnny Nee cut in with a single and took second when Welch fumbled the ball. Brant fouled Dielhaber's grounder and Noel started trouble again in the last half of the ninth after Wachtel, batting for Noel, had been outed. He hit and was forced at second by DeLoeve and then Clement cut in with a homer that sent over a pair of runs and left the Billkies with only one to the good. With Spencer up it looked bad but he popped to Brant and the game was over.

In the eighth Nespo was hit with a pitched ball. Ainsworth hit and Diem was smothered with a short, fling the bases. McLauffery hit and scored in the last half of the ninth after Wachtel, batting for Noel, had been outed. He hit and was forced at second by DeLoeve and then Clement cut in with a homer that sent over a pair of runs and left the Billkies with only one to the good. With Spencer up it looked bad but he popped to Brant and the game was over.

opened with a hit and took third on Mc-

Lauffery's drive. He scored on Holdem-

an's hit while Noel followed up on a

wild pitch and this sent McLauffery to

third and he scored on Bratch's sacrifice

fly.

In the second half Armstrong and Noel

had been disposed of when Manager

Johnny Nee cut in with a single and took

second when Welch fumbled the ball.

Brant fouled Dielhaber's grounder and

Noel started trouble again in the last half

of the ninth after Wachtel, batting for

Noel, had been outed. He hit and was

forced at second by DeLoeve and then

Clement cut in with a homer that sent

over a pair of runs and left the Billkies

with only one to the good. With Spencer

up it looked bad but he popped to Brant

and the game was over.

FORT WAYNE'S GREATEST BARGAIN STORE.

C. C. WOEBBEKING HAS PASSED AWAY

Was Retired Carpenter and Pioneer Resident of Fort Wayne.

THE OTHER DEATHS

Conrad C. Woebeking, a retired carpenter contractor, civil war veteran and pioneer resident of Fort Wayne, died at 10 o'clock Friday morning at his home, 1409 Broadway, at the age of 79 years and 2 months. His death was due to complications and followed a prolonged illness.

He was born March 14, 1835, at Lese, Hanover, Germany, and came to this country with his parents in the year 1845. He was united in marriage to Sophia Piepenbrink, November 26, 1863, and their golden wedding anniversary was celebrated last November. Mr. Woebeking is survived by the widow and eleven children—Mrs. Edward Kohlmeier, Mrs. John Henline and William, Henry, Christian, Gustave, Charles, Bertha, Oscar, Emanuel and Oswald Woebeking.

Funeral services Monday afternoon at 1:30 o'clock from the residence and at 2 o'clock from Emanuel's Lutheran church, of which he had long been a member. Rev. William Moll and Rev. Fred Wambagans will officiate. The six oldest sons will act as pall bearers. Interment will be made at Lindenwood and friends are asked to kindly omit flowers.

NITZSCHE.

William E. Nitzsche, aged twenty-one years, a son of Mr. and Mrs. Emil Nitzsche, died at 6:40 o'clock Thursday evening at the family home, three and one-half miles northwest of the city on the Butler road. His death was due to tubercular complications in the throat and followed an illness of nine months' duration.

Surviving besides the parents is a brother and four sisters, Frank Nitzsche, of Fort Wayne; Mrs. Monroe Clapsdale, of Monroe township; Mrs. Charles Wice, of this city; and the Misses Esther and Elsie Nitzsche, at home. The young man was a member of the Trinity Lutheran church of this city.

Funeral services Sunday afternoon at 1 o'clock from the residence and at 2 o'clock from the Trinity church. Rev. Fred Wambagans officiating. Pall-bearers selected by the deceased are as follows: William and Edwin Oswald, William and John Giller, Otto Meyer and Arthur Thum.

WORK.

William Work, aged forty-nine years, a teamster, died at 3:30 o'clock this morning at a local hospital after a prolonged illness from complications. Two years ago Mr. Work submitted to an operation for the amputation of one of his limbs and his health had been poor ever since undergoing the ordeal.

For a time he was employed as a driver by J. C. Utner, the undertaker and liveryman. Surviving he leaves one son, Noble Work, and one brother, Oscar Work, in Kansas City.

MILLER.

Richard Miller, aged four weeks, the only child of Mr. and Mrs. Fred L. Miller, of 818 East Wayne street, died at 5:30 o'clock this morning from pneumonia. The child was born April 20. The parents are members of the Cathedral congregation.

Funeral services Saturday afternoon at 2 o'clock from the Cathedral, Rev. John R. Quinlan officiating. Interment at the Cathedral cemetery.

FUNERAL NOTICES.

HERE A SMILE FORCED RECALL

Railroad Agent So Popular
That Town Asked Him
to Remain

AFTER A PROMOTION

Excelsior Springs, Mo., May 15.—The citizens of this city have exercised the recall—a new kind of recall. As the result Harry F. Owen is again local agent of the Chicago, Milwaukee & St. Paul here instead of being a traveling auditor for the same road.

The story of that recall might be called the psychology of a smile, for it was Mr. Owen's smile that caused it. When he was appointed agent here about three years ago the people here were prepared for anything. For they had endured station agents. (And endured is the word.) Because he believed in a little smile, used all the time, he better than a big laugh once a year he achieved a unique record in the history of American railroading. He became a popular station agent.

Never Too Busy to Smile.
When Excelsior Springs people called at the depot to ask the rate to Kansas City they received a smile and a pleasant answer instead of a grunt. And when, occasionally, they dashed into the station just as the train was pulling out and asked breathlessly for two tickets they got the tickets—and got them in time to catch the train.

Mr. Owen distinguished between what he knew he thought and what he thought he knew. He was never too busy to quote rates. When he was asked a question he didn't stop to chuck a piece of wood in the stove, bite off a chew of tobacco, hitch his trousers and then turn around and inquire absently: "Was you a talking to me?"

How He Was Recalled.
It wasn't long until the officials in Chicago learned about him. As the result, about two months ago he was promoted to the position of traveling auditor. That didn't please the people here a little bit. A big petition was prepared asking that he be "recalled." And, when almost everyone in town had signed it, it was sent to the officials in Chicago. A little investigation, a little red tape and—Harry Owen is back at his old job.

SICK HEADACHE.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and despondency, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says: "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers.—Adv.

Stein-Block Suits

We Sell As Cheap As
\$15. Big Lines \$20
and \$25.

Your First Stein - Block Suit Means the Beginning of a Habit

There are many families where Father, Son and Grandson all wear Stein-Block Clothes. The knowledge of Satisfaction and Economy proven to the Father has been the repeated experiences of son and grandson.

Many men not wealthy, always buy a \$4 or \$5 Stetson Hat because they know it's the most economical in the long run. They're the kind of men who make their money go farthest by mixing Brains with it. The same reasoning applies to Stein-Block clothes. Stein-Block and Stetson are good economical habits to form. We carry both and want to sell them to you because your Satisfaction means more than your money to us.

At \$10 and \$12.50 We Give the Biggest Suit Values Possible

NO KISSING TILL WOMEN GET VOTE

That is Plan of Wife of
Playwright and Art
Critic.

MRS. HAVELOCK ELLIS

New York, May 15.—A kissing strike until women's suffrage is won was urged by Mrs. Havelock Ellis, playwright and wife of the English critic and sex psychologist, at a tea given in her honor at the Woman Suffrage headquarters. She said:

"Broken hearts are better than broken windows. If women would refuse to cook or wash for their husbands, refuse to kiss or even look at them, I believe they would get the vote in a surprisingly short time."

"In Cornwall—my home—I asked an old farmer what he thought of this plan. He replied: Good gracious, the women would get their vote within a fortnight."

Mrs. Ellis congratulated New York suffragists on having husbands whom she said appeared so favorable to the movement, adding:

"I took particular notice of the men who listened to the street speeches on suffrage last Saturday, and I did not see a man with a sneer on his face."

Mrs. Ellis' advocacy of a kissing strike was not hailed with enthusiasm by Mrs. Inez Milholland Boissevain, who said: "I would join such a strike if it were practicable. I would adopt any feasible method to get the vote, but this suggestion is not practicable."

Mrs. John Rogers said: "We are asking for the vote because it is right and just not because we wash or cook for our husbands or because we kiss them."

WHOOPIING COUGH.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by all dealers.—Adv.

BANQUET FOR SAM WALKER

Nickel Plate Passenger
Man Who is to Retire
is Honored.

PENNSYLVANIA EMPLOYE INJURED

Flagman Boone Thrown in
Attempt to Board Ca-
boose at Delphos.

A complimentary dinner was given in Chicago by the Nickel Plate passenger department to Samuel Walker Friday night. All of the district and traveling passenger agents of the line were present and each was called upon to make a speech. District Passenger Agent F. P. Parnis, of this city, attended the dinner. Mr. Walker has resigned, effective Tuesday, May 19, and will return to the east to engage in business for himself. He has been the Nickel Plate's contracting passenger agent at Chicago for about twenty years and is known in railway and other circles all over the middle and western states. He makes frequent visits to Fort Wayne and made himself quite popular with the employees of the Fort Wayne Electric works for the part he had in the successful excursions over the Nickel Plate to Cedar Point. The name of Mr. Walker's successor has not been announced.

WATCHING THE PERE MARQUETTE.

Pennsyl Said to Want the Detroit End of the Line.
(Toledo Blade.)
Officials of the Pennsylvania railroad scout the idea of the company ever building a line from Toledo to Detroit, but it is not denied that they are watching with much interest the trend of affairs of the Pere Marquette, and if that system is dismembered and its several constituent parts are sold separately in the wind-up of the receivership, it is possible that the Pennsylvania company will take over a piece of the property, thus securing the desired entrance to the Michigan metropolis.
Such is gossip in railroad circles at this time, but a Pennsylvania official says it would cost \$10,000,000 to build from Toledo to Detroit, and the company is not likely to engage in such an expenditure in the near future.

FOREMAN HAS LEG BROKEN.

D. C. McKeeman Meets With Misfortune Thursday.
Thursday afternoon David C. McKeeman, a laborer at the Pennsylvania east car shops, had both bones of the right leg broken about three inches above the ankle. He was in the act of climbing into a car in which some men were engaged in unloading car supplies, when a car coupler which weighed several hundred pounds fell upon the limb, with the result mentioned. He was sent to St. Joseph hospital, where he is reported as resting easy this morning. Mr. McKeeman resides at 2811 South Harrison street.

FLAGMAN BOONE HURT.

Missed His Hold in Getting on Caboose and Fell.
Flagman B. D. Boone, a member of Conductor F. B. Meyers' crew, on west-bound Pennsylvania train, second section, suffered severe, though not serious

injuries at 4 o'clock Thursday afternoon at Delphos, Ohio. When his train was pulling out of that station he attempted to get on the caboose, but missed his hold on the hand bar and was thrown to the ground. His face was cut and his arms and one of his legs were cut and bruised. The train stopped to let him get aboard and he remained on duty, despite his injuries and completed the run. He is now on the disability list, however, and may not be able to make a run out for awhile.

GOING TO CHILDHOOD HOME.

Thursday afternoon Nickel Plate passenger train No. 2 carried in tourist cars a happy group of men, women and children, en route for New York, where they will sail next week for their childhood homes in Norway and Sweden. The male heads of these families—and some of the females also—were born in the old countries and came here years ago to settle in the west and northwest, where they prospered. Now, with plenty of money, they are going back to see the relatives and friends they left there when they sailed for America. Another tourist car load of these people is en route from Minnesota and will pass through Fort Wayne Saturday morning. Another party of foreign born people in entirely different circumstances, occupied a coach on train No. 2 Thursday, traveling under close guard, like prisoners. They are a class known as "undesirable aliens," who will be deported to the countries from whence they came. The Nickel Plate is getting the bulk of the steamship passenger business out of the northwest, through the efforts of District Passenger Agent C. A. Asterline, of Minneapolis, formerly of Fort Wayne.

AN UNIQUE GREETING.

E. G. Hayden, district passenger agent of the Chicago, Milwaukee and St. Paul road, headquarters at 907 Euclid avenue, Cleveland, Ohio, sends The Sentinel a map of the Mexican situation, showing the location of the American fleet and border forts. It also shows the location of the land forces of the contending parties in Mexico and is a very handy thing to have at present. On the border of the map are the names of the principal cities in Mexico, as well as their population. The map is folded in a handsomely executed cover, on the back of which is a colored American flag, while on the inner side of the first leaf are "America" and "The Star Spangled Banner." Of course it bears the name of the "greatest railroad in the west."

HERE ATTENDING MEETING.

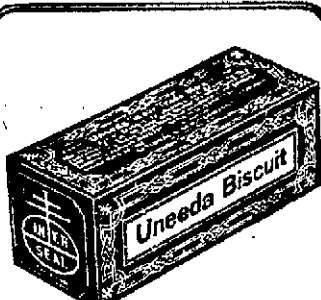

The material committee of the Fort Wayne Electric works held a meeting yesterday and discussed matters of interest to the department. One of the participants in the meeting was J. A. Capp, the head of the testing department of the General Electric company, of Schenectady. He left for his home immediately after the meeting.

OUT INSPECTING BOILER PLANTS.

H. W. G. Heine, boilermaker, and Frank Hebert, machinist, of the Pennsylvania, are engaged in the spring inspection of boiler and heating plants on the Western division of the line. This work usually consumes about two weeks.

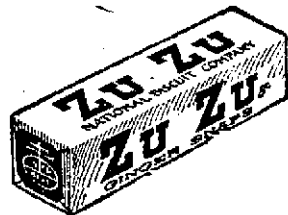

NOTHING DOING UNTIL JULY.

(Peru Journal.)
Wabash men in Peru have settled down to wait patiently for the readjustment of the road's financial affairs which are expected to be settled by July 1. With a new order of things in operation at that time railroad men are confident that traffic can be made to return to normal and even to break records. At present, however, Wabash business is sluggish in the extreme. The yearly program of improvements on the Peru division made

WILL SETTLE IT TOMORROW.

The Longs and Shorts of Foreman Frank Schafer's force in the Pennsylvania shops, will settle a dispute on the Weisner Park ball grounds Saturday morning, commencing at 9 o'clock. A year ago a similar contest resulted in victory for the Shorts by 13 to 3, but the umpire was blamed for it by the losing side. This time there will be two umpires—Frank Schafer for the Shorts and W. F. O'Connor for the Longs. W. H. Smith is captain of the Longs and E. Yell the captain of the Shorts.

FREIGHT HANDLER INJURED.

C. S. Dominique, a freight handler at the Pennsylvania warehouse, is in St. Joseph hospital with injuries sustained this morning. He was engaged with others in handling a piano, when he slipped as he was pushing it around and severely sprained his side. The extent of his injury cannot be ascertained at once, but it is not believed to be very great.

NEW DRAUGHTSMAN AT SHOPS.

C. C. Brown, a draftsman formerly employed by the American Seeding Machine company, at Richmond, Ind., has taken employment in the draughting department of the Pennsylvania, and has been assigned to the office back of the planing mills, with foreman E. W. Sigl. Mr. Brown has leased the house at 3819 South Wayne avenue and is moving his family therein.

INDUSTRIAL NOTES.

John Edelman, of the Pennsylvania car machine shop, is sick and off duty. Supt. J. C. Sullivan, of the Wabash, who spent the night in the city, left at noon today for Danville.

Two car loads of steel stacks built for the Pennsylvania company left the Bass works for Chicago yesterday.

H. E. Breimayer, a clerk in the Pennsylvania boiler shop office, will be the guest of friends in Lima over Sunday.

The Bass machine shop was not in operation today, that department not being overcrowded with work at present.

Ed Sweet, of Big Rapids, Mich., is visiting his Fort Wayne friends and looking after some business matters today.

Gang Foreman A. J. Rondot, of the Pennsylvania boiler shop, is sick. J. H. Lange, of the blacksmith shop, is also sick and off duty.

Assistant Master Mechanic E. E. Griest, of the Pennsylvania, is suffering from a severe cold and was unable to get down to his office this morning.

L. D. Nordstrum, of the Fort Wayne Electric works, an electrical engineer, has gone to Schenectady, N. Y., on business for the company.

J. J. Moser, of the Pennsylvania boiler shop, will be off duty a day or two as the result of an injury to one of his thumbs Thursday. It is not serious.

Boilermaker W. Schaefer, of the Pennsylvania shops, is taking a lay off to look after a new son, who appeared at his home yesterday. The little fellow is the first child in the family.

Walter Massey, an assistant superintendent at the Fort Wayne Electric

works, has returned from Schenectady. He went there several days ago to attend a meeting of the General Electric safety committee.

Chief Clerk W. L. Wilt has returned from a business trip to Pittsburgh in the interest of the motive power department. He says that there is no improvement in the business of the industrial plants in that city.

Mr. and Mrs. William Meyers, of 448 East Taber street, have returned home after a visit in Maryland and Virginia for two weeks. Mr. Meyers is employed in a responsible capacity at the plant of the Fort Wayne Builders Supply company.

To Free Your Face From Unsightly Hairs

(Toilet Talk.)

Beauty-destroying hairs can be quickly banished from the face by the application of a delicate paste, made by mixing water with a little powdered delatone and applying to the objectionable hairs for two or three minutes. When this paste is rubbed off and the skin washed, it will be left hairless and free from blemish. No harm can result from this treatment, but care should be exercised to see that it is real delatone you get.

Women Marvel at the Worth of These Frocks for \$10

They are honest workmanship. Many women are buying several at the low price of \$10. So varied is the assortment that the matter of selection is merely a matter of taste, and all tastes are easily satisfied. It took some shrewd buying to get these dresses, but in connection with the large number we are selling, we afford to sell them at a remarkable figure.

SUMMER AND STREET FROCKS

For porch and for informal wear on the street we are showing a number of natty styles in airy little frocks. The materials, the styles and the designs and "decorations" are very varied and the prices run from \$2.25 to \$5.85.

NINE CREDITORS FILE PETITION.

Want Huntington County Merchant Declared Bankrupt.

S. M. Saylor, attorney for creditors of William A. Goslee, a merchant in Lancaster township, Huntington county, filed an involuntary petition with United States Clerk Thomas J. Logan Friday morning, asking Judge A. B. Anderson to declare Goslee a bankrupt. The petition alleges that he committed an act of bankruptcy on May 14, 1914, when he made a general assignment for the benefit of creditors.

Among the creditors named in the petition are the following: A. H. Perfect

& Co., George DeWald & Co., G. E. Bursley & Co., the Hoff, Miller Lau company, the Perfection Biscuit company, Fisher Bros. Paper company and the Seavey Hardware company, of Fort Wayne; the Berdan company, of Toledo, Ohio, and the Huntington Grocery company, of Huntington.

Former Vice President to Celebrate Anniversary Tomorrow.

New York, May 15.—Levi P. Morton, former vice president of the United States and former governor of New York state, will tomorrow celebrate his ninetieth birthday anniversary at his country home at Blinckbeck, N. Y.

Mr. Morton will be accompanied to Blinckbeck by his daughter, Mrs. Winthrop Rutherford. Mrs. Morton is at present in Europe. Hundreds of congratulatory letters and telegrams already have been forwarded to Blinckbeck. Mr. Morton is in good health and he plans a stroll about his estate tomorrow if the weather permits.

MAY SUSPEND OPERATIONS.

Muncie Oil Men Say Cuts in Prices Are Likely to Reduce New Work.

Muncie, Ind., May 8. Following continued cuts in the price of Indiana crude oil, operators in the Muncie field have decided practically to suspend drilling operations. They say many more cuts could be made without bringing even a small producer below the point of profit, but they do not know when the cuts are to cease. After a time of unusual stimulation in price, it has been customary for the controlling influence in the oil industry to reduce the price of crude oil rapidly. It is understood here that in the Oklahoma field there has been an over-production, and that steady prices in Indiana and Ohio are not now probable. There may be a sudden falling off in surplus stock.

PAIR ARRESTED FOR ARSON.

Lafayette, Ind., May 15. Harold Smiley and George Brown, who have been living together here as husband and wife for several weeks, were arrested today on a charge of arson. According to a confession which the woman made to the police she and Smiley had arranged to be married, and wished to collect \$500 insurance on the furniture which they had bought. They told the police they played a bundle of newspapers in a closet last night, set fire to it and then went to a moving picture show. The fire was discovered soon after the couple left, and evidence said to indicate incendiaryism was found by the firemen, who carried the arrests.

SCHOOL GIRL DRINKS ACID.

Hartford City, Ind., May 15.—Miss Mary Borden, 17-year-old high school girl, probably will recover from carbolic acid burns inflicted when she drank an ounce of the poison, supposedly with suicidal intent. Overwork and worry over her studies at school are believed to have prompted her act. Circumstances surrounding the drinking of the poison preclude the likelihood of the girl mistaking the acid for a tonic she had been directed to take.

Mr. Mellen Goes to Fortify Himself With New Haven Data.

Washington, May 15.—Former President Charles S. Mellen, of the New York, New Haven & Hartford railroad, after a conference with Chief Counsel Folk, of the interstate commerce commission, left today for New Haven, Conn., to obtain the documents and papers, which the commission desires to have as an elucidation of Mr. Mellen's testimony.

Mr. Mellen told Mr. Folk today that it probably would require at least two days for him and his counsel to go over the mass of papers which he has in his New Haven home and at his summer home in Stockbridge. He is expected to return to Washington next Monday prepared to continue his testimony Tuesday. In the opinion of Mr. Folk, Mr. Mellen will be on the witness stand for several days, possibly all of next week.

The National Women's Trade Union League is at the head of a movement to establish a national training school for women organizers the object being to place trained organizers in the field to organize the women workers in all trades and occupations.

The New Automatic Refrigerators With Water Cooler

When you buy a piece of furniture or a carpet for your home, the first cost is the whole cost. When you buy a refrigerator it is the ice cost and not the first cost you should consider. The poorer a refrigerator is made, the more ice it will use and waste.

Better pay a few dollars more and take an Automatic. It will save this difference on your ice bills every year you use it, and away and beyond this consideration of first cost and ice cost lies the fact that Automatics will give you the greatest service—in keeping your foods wholesome, cold and dry. An Everyday View of the Next Sunday School Lesson

SUNDAY, MAY 17, 1914.

Topic: "The Rich Man and Lazarus"—Luke 16:14, 15, 19-31. Golden text: "Whoso stoppeth his ears at the cry of the poor, he also shall cry, but shall not be heard"—Proverbs 21:13, 14. V.

A beggar in this life, a prince in eternity. Let us call up Dr. T. DeWitt Talmage, and in familiar tones, hear what he has to say about this lesson: "A cluster of old rags was the entire property of Lazarus. His bare legs uncovered were an invitation to the brutes; his food the broken victuals that were pitched out by the housekeeper—about the last creature out of which to make a prince, yet for eighteen hundred years he has been one of the millionaires of heaven. No more waiting for crumbs. He sits at the same table with the kings of eternity, himself one of them. What were the forty years of his poverty compared with the long ages of his royalty? Let all the Christian poor be comforted. Your good days will be after a while. Stand it a little longer, and you will be all right. Do not be afraid of the dogs of distress; they will not bite, they will help to heal. Your poverty may sometimes have led you to doubt whether you will have a decent funeral. You shall have grander obsequies than many a man who is carried out by a procession of governors and senators. The pallbearers will be the angels that carried

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from Meyer Bros. Co. and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

much, for he was sore and hungry, and his friends were given to him; he suffered until he died; then he awoke to find himself in closest companionship with one of the choicest saints in heaven, for the angels had laid him in the bosom of Abraham, the man of all others whom he had revered in his lifetime, and the stake that bound the property on this side is driven into the top of your grave, and all beyond is yours. You can afford to wear poor clothes now, when for you in the upper wardrobe is folded away the royal purple. You can afford to have coarse food here when your bread is to be made from the finest wheat of the eternal harvest. Cheer up! Weeping may endure for a night, but joy cometh in the morning.

See also that a man may have every comfort and luxury here, and yet come to a wretched future. It is no sin to be rich. It is a sin not to be rich, if we can be honestly. I wish I had five hundred thousand dollars—I suppose I might as well make it a million—I see so much suffering and trial every day that I say again and again, I wish I had the money to relieve it. But alas for the man who has nothing but money! Dives' home had a front door and a back door, and they both opened into eternity. Sixty seconds after Dives was gone, of what use his horses? He could not ride them. Of what use his rich viands? He could not open his clenched teeth to eat them. Of what use his fine linen shirts, when he could not wear them? This rich man of the text had everything once; now nothing. He had the best wine; now he cannot get water. He had, like all other affluent persons of the east, slaves to fan him when he was hot; now he is being consumed. He can afford no covering so good as the old patches that once dangled about Lazarus as he walked in the wind. Who here will take Dives' fine house, and costly plate, and dazzling equipage, and kennel of blooded dogs if his glory must be thrown in with it? (This question we have been keeping among hidden treasures since 1879.)

And Dr. Talmage only said it over after Jesus! He only tried to put it into our everyday language so that we might understand Jesus all the better. We seem to see six things which Jesus wished to teach his hearers that day and all people all the days:

1. That both rich and poor live in this world.
2. For the rich to neglect the poor is a heinous sin.
3. The rich may have the joy of giving and the poor should have the comfort of relief.
4. Both the rich and the poor are in God's sight.
5. Riches are at par only in this world, and they are 100 per cent. below par in the next world.
6. There is an impassable gulf between hell and heaven.
7. The time for the right use of wealth is now.
8. Prayers uttered in the world of the lost are not answered.

Lazarus is the hero of this lesson. His real name was probably Eleazar, rather a hard name to speak, so he was called Lazarus. There was promise in his name, for it meant, "helped of God." While he was living in this world it did not seem that God was helping him very

much, for he was sore and hungry, and his friends were given to him; he suffered until he died; then he awoke to find himself in closest companionship with one of the choicest saints in heaven, for the angels had laid him in the bosom of Abraham, the man of all others whom he had revered in his lifetime, and the stake that bound the property on this side is driven into the top of your grave, and all beyond is yours. You can afford to wear poor clothes now, when for you in the upper wardrobe is folded away the royal purple. You can afford to have coarse food here when your bread is to be made from the finest wheat of the eternal harvest. Cheer up! Weeping may endure for a night, but joy cometh in the morning.

See also that a man may have every comfort and luxury here, and yet come to a wretched future. It is no sin to be rich. It is a sin not to be rich, if we can be honestly. I wish I had five hundred thousand dollars—I suppose I might as well make it a million—I see so much suffering and trial every day that I say again and again, I wish I had the money to relieve it. But alas for the man who has nothing but money! Dives' home had a front door and a back door, and they both opened into eternity. Sixty seconds after Dives was gone, of what use his horses? He could not ride them. Of what use his rich viands? He could not open his clenched teeth to eat them. Of what use his fine linen shirts, when he could not wear them? 6. There is an impassable gulf between hell and heaven.
7. The time for the right use of wealth is now.
8. Prayers uttered in the world of the lost are not answered.

Washington today he would say: "Move out the poor people, black and white, who live in the three hundred alleys of your city. Build them healthy and safe homes to live in and destroy the foul alleys." This is being commenced. The old Willow Tree Alley, famous for dirt and crime, is being made over into a beautiful play ground for children. In almost every city there are habitations of the poor that we sometimes call "shums," that need either to be abolished or purified. Factories and workshops should be made more sanitary, and safety appliances should be installed. When all this is done, verily we shall not have four percent of poverty, and then if the churches and the Sunday schools will do their share in giving the Gospel light to everybody, we are not likely to have one percent of paupers. No wonder that Dr. Talmage wished

that he had a million dollars to help the poor and suffering. Some people who have a million of dollars, more or less, are doing their share of this sort of work. There are others who have loads of money who are keeping their money for their own comfort and pleasure. Their pocketbooks are not large enough to hold it all, so they put it in banks. It is a wonder that it does not burn its way out!

Depend upon it, the best and safest investments for money are to be found in God's work in this world. "When thou outtest down thine harvest in the field, and hast forgot a sheaf in the field, thou shalt not go again to fetch it; it shall be for the stranger, for the fatherless, and for the widow. When thou beatest thine olive tree, thou shalt not go over the boughs again; it shall be for the stranger, for the fatherless, and

for the widow. When thou gatherest the grapes of thine vineyard, thou shalt not glean it afterward; it shall be for the stranger, for the fatherless, and for the widow." (Deut. 24: 19, 20, 21.) So those are told who do not consider the poor: "Whoso stoppeth his ears at the cry of the poor, he shall also cry, but shall not be heard." Prov. 21: 13. These are the words of our Golden Text today. They will do to go with these words which Jesus spoke when he was teaching his disciples how to pray, "Forgive us our debts as we forgive our debtors." If we expect to get a blessing from God, we must be not only willing, but glad to share whatever we have of light, of love, of joy, of comfort, of riches, of any good thing.—Dr. and Mrs. Wilbur F. Crafts in The Christian Herald.

THE CLASS PRESIDENT

Is the Title of Play to Be Given By Godeva Girls at Y. W. C. A. May 28.
The Godeva Girls Sunday school class of the First M. E. church will give a very attractive two-act drama, entitled "The Class President," in the Young Women's Christian association auditorium on Thursday evening, May 28. This little sketch is a story of college life worked into a skillful plot, intermingled with college yells and songs.

The young ladies have been training under the direction of Miss Eva McGuire for several weeks and each member of the cast is particularly well trained for her part. They will be assisted by members of Schlatter's orchestra and Miss Dorothea Cox, violin soloist. Following is the cast:

Louise Moore, (class president)
Beulah Langford
Pat Dickinson (her room mate)

WILL HAVE S. S. CONVENTION.

Methodist Bible Schools of Fort Wayne District Will Meet During Summer.

During the business session of the meeting of the Methodist pastors and stewards held Thursday afternoon at the First M. E. church, action was taken to hold a Sunday school convention of the schools of their denominations some time next summer. The exact date was not decided upon but was left in the hands of the district superintendent, Rev. J. A. Beatty.

During the latter part of the meeting telegrams were sent to Congressman Cyrus Cline and John A. M. Adair urging them to stand by and support the Hobson prohibition amendment.

During the serving of the lunch at noon by the ladies short talks were given by several of the ministers who were in attendance.

WILL REPEAT PROGRAM.

First Rendition of "Uncle Eph's Summer Boarders" Was Great Success.

The entire program given Thursday evening at the St. Paul's auditorium under the auspices of the Young Ladies' society, including the play, "Uncle Eph's Summer Boarders," was a great success and will be repeated Friday evening. Besides having a crowded house the entire play was given without a hitch.

The members of the cast of characters were especially fitted for their places and many received applause for the fine work. A few of those who participated were presented with a large bouquet of flowers.

Is Attending Meeting.
Rev. John A. McCarthy, assistant at the Cathedral, is attending the annual meeting of the Alumni association of St. Bernard's seminary, Rochester, N. Y. Several other priests of this vicinity, including Rev. Thomas Travers, of Portland, and Rev. Lawrence Monahan, of Peru, are also attending this yearly affair.

NOTES OF THE CHURCHES.

The Ladies Aid society of the Simpson M. E. church will hold a sale of baked goods at the store of Ernest Carey, South Calhoun street, Saturday morning.

The Young Woman's Bible class of the South Side Baptist church will give a progressive May-time frolic on Tuesday evening, May 19, commencing at 7:30, at the home of H. P. Fletcher, 2520 Broadway.

Rev. M. L. Buckley, pastor of the West Creighton Avenue Church of Christ, will preach at the Free Christian church Sunday afternoon at 2:30 o'clock.

SPOKE ON ASSOCIATION WORK.

Mrs. W. A. Hastings Gave Address to Missionary Club of Y. W. C. A.

At the meeting of the Y. W. C. A. building by the missionary club of the association Mrs. W. A. Hastings gave an exceedingly interesting address on the work that is being done in South America by the Y. W. C. A. A large attendance was present and there were three gentlemen included in the gathering. This missionary club is composed of any person who contributes something towards the support of a foreign missionary stationed at Buenos Ayres, the only city in South America which has a Y. W. C. A. It costs approximately \$3 a day to keep up this association and many members of this club have taken that plan to donate the amount necessary to keep it running for a day.

Miss Lucille House, chairman of the missionary club, presided at the meeting, which was made exceedingly entertaining by the singing of Mrs. Will Cleary. Following the program a social time was enjoyed in the library of the building.
